SENATE REPEAL BILL
Majority Report of the Financial Committee.
IT CALLS FOR BIMETALISM
Parity of Gold and Silver Should Be Maintained—Will Also Be a Minority Bill.

WASHINGTON, Aug. 18.—In the senate, the finance committee decided to report the repeal bill today.
The votes by which it was reported are: Chairman Voorhees and Senators McPherson, Morrill, Sherman, Allison and Aldrich, the last four republicans. The full text of the bill omitting the clause is:
That so much of the act approved July 14, 1890, entitled "An act directing the purchase of silver bullion and the issue of treasury notes, and for other purposes," as directs the treasury to purchase from time to time silver bullion to the aggregate amount of 4,500,000 ounces, or so much thereof as may be offered in each month, at the market price therefor, not exceeding \$1 for 371.25 grains pure silver, and to issue in payment for such purchases treasury notes of the United States, be and the same is hereby repealed. And it is hereby declared to be the policy of the United States to continue the use of both gold and silver as standard money, and to coin both gold and silver into money of equal intrinsic and exchangeable value, such equality to be secured through international agreement or by such safeguards of legislation as will insure the maintenance of a parity in the value of coins of the two metals and the equal power of every dollar at all times in the markets and in the payment of debts. And it is hereby further declared that the efforts of the government should be steadily directed to the establishment of such a safe system of bimetalism as will maintain at all times the equal power of every dollar coined or issued by the United States in the payment of debts.

THE ROUTINE PROCEEDINGS.
Majority and Minority Bills From Senate Finance Committee.
WASHINGTON, Aug. 18.—In the senate Falkner, democrat, made a motion that the senate adjourn today until Monday. It was resisted by Hoar and Frye, and the motion was finally withdrawn. Voorhees reported from the committee on finance the bill to discontinue the purchase of silver bullion, and declare it to be policy to continue the use of both gold and silver as standard money. He had heard the taunt that he was seeking to do something in the interest of the national banks. He was seeking nothing of the kind. He was seeking to avail himself of their power, interest and cupidity in order to increase the circulating medium and thereby meet the pressing wants of the laboring people. Was not the bill in the interest of the banks?
Are Not So Confident.
WASHINGTON, Aug. 18.—It becomes apparent, as the debate in the house progresses, that the test of strength between the silver and anti-silver forces will be shown on the substitute for free coinage at the ratio of 16 to 1 instead of 20 to 1, which has been the popular impression among anti-silver men. The weak points in the scale of the ratios above 16 to 1 have developed gradually. Messrs. Bland, Bryan and other veteran silverites are telling their followers that an increase in the ratio would be a concession to the single gold standard, for it would be an admission that the future use of money must depend upon its intrinsic value instead of the stamp of the government, and would be subject to change just as the price of bullion fluctuates. The silver leaders agree with Bryan that bimetalism does not depend on any fixed ratio, but may exist as well at a ratio of 16 to 1 as at a ratio of 20 to 1. The free-silver leaders are counseling their followers to mass their strength on a substitute of 16 to 1, and many of them will decline to vote for a higher ratio on the ground that it would be a degradation of the white metal as a monetary standard. The silver men admit now that the repeal vote will pass the house by a larger majority because of the peculiar variety of free-coinage views, but they hope that the senate will return the bill to the house with certain concessions to silver coinage.

Kill or Sue?
WASHINGTON, Aug. 17.—For some time the question with Miss Pollard was, should she kill or sue Representative Breckinridge, her own mind being strongly in favor of the former course. The better counsel prevailed, though

an old friend of Breckinridge has said that unless he shall be able to disprove the material allegations in the papers, it would have been more merciful had she killed him instead of suing him. A suit, instead of killing, prevailed after considerable persuasion by friends of Miss Pollard, who made her see how complete would be her revenge by the exposure which would follow the trial.

Rich Find of Stolen Jewelry.
NEW ORLEANS, Aug. 18.—Joseph Dozier, a negro, stubbed his toe in the river mud at the old Planter's plantation, six miles below the city, yesterday. There was brought to light a bright, shining object—a gold ring. Digging in the mud he discovered eleven other gold and diamond rings, some gold watches, chains, lockets, ear-rings and other trinkets. The news was circulated among the negroes on the neighboring plantations and several came to the scene. Over sixty more gold, diamond and other rings were found, about 100 pieces of jewelry in all. Dozier informed the police and several detectives were sent to investigate. The treasures were turned over to them. The theory of the police is that the jewelry was dropped by burglars by accident.

A Raid on Chinese.
FRESNO, Cal., Aug. 18.—It became quietly known last evening that a gang of 100 unemployed men were to make a raid on Egger's Chinamen, six miles east of here. Sheriff Scott and a posse of 12 men, armed with Winchester, went to Egger's, but found no one there. At 1 o'clock this (Friday) morning, a telephone from Roeding's vineyard, two miles from Egger's, announces that the raiders were driving Chinamen from there. Scott was notified at Egger's and immediately left for Roeding's, while the under-sheriff formed another posse in town and started for the scene. Considerable fear is felt here and trouble seems unavoidable.

Suit Against the Directors.
PHILADELPHIA, Aug. 17.—John Swope, of Philadelphia, a stockholder of the Northern Pacific, has employed Attorneys Read and Pettit to bring suit against Henry Villard, Edwin H. Abbott, Charles T. Colby and Colgate Hoyt on the general charge of malfeasance in office and mismanagement of the affairs of the company in their capacity of directors thereof. It is alleged that they bought for the Northern Pacific properties in which they were personally interested. In this manner they profited largely as individuals, whereas the road lost heavily. Ten million dollars is the sum named as the amount of profits of these four directors.

Hidden in a Coal Mine.
SHAMOKIN, Pa., Aug. 18.—For two days and nights William Colvinoko, who is charged with the murder of William Brammah, has defied the police in his retreat in an abandoned coal mine. Brammah was one of a band of serenaders at Colvinoko's wedding recently. Their noise disturbed the guests. Brammah was struck on the head and died on Tuesday. Officers have explored the coal mine but have not found the fugitive.

Tried to Bury Himself.
WICHITA, Kan., Aug. 18.—Joseph Weirech, a farmer living west of this town, nearly succeeded in killing himself Wednesday in a curious fashion. He was found sitting on a freshly dug grave with his head and shoulders above the surface, putting the earth in over himself. Within his reach was a bottle labeled laudanum, which would doubtless have been emptied but for the timely arrival of a searching party.

Malaria in any of its Forms.
Chills and fever, congestive chills can be prevented or cured by the use of Simmons Liver Regulator, a purely vegetable medicine, superior to calomel and quinine.
Mr. J. C. Boswell, one of the best known and most respected citizens of Brownwood, Texas, suffered with diarrhoea for a long time and tried many different remedies without benefit, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was used; that relieved him at once. For safety Blakeley & Houghton, Druggists.

About a year ago a man named Holmes, living in Douglas county, lost \$8,100. He is a miser and had been living in a barn loft and had money hid there. It suddenly disappeared, some one having stolen it. Two boys, one aged 14 years, and the other 17, have been arrested and are now held on a charge of having taken the money. They have confessed the theft and \$7,000 of the amount has been recovered.

The condition of Miss Mamie Clark, who was assaulted with a pistol in the hands of some man, as yet unknown, a night or two ago, near her home in East Portland, is becoming serious. It appears that her assailant hit her hard enough to fracture the skull and a blow or two more would have finished her. As it is, the chances seem to be that Miss Mamie will die, as she is growing worse. There is a strong suspicion that she knows her assailant, but refuses to expose him.

Edward Gilmore and Charles Sloper were going from Cathlamet, Wash., to their ranch on Wednesday, and to make a short cut struck a trail through heavy timber. They had not gone far when D. H. Prescott, a hunter, mistook Gilmore for a bear and shot quickly. Gilmore's shoulder was shattered to pieces. Sloper and Prescott packed the wounded man four miles to where medical aid could be had. He was taken to Portland Thursday and sent to a hospital. It is thought he will die.

General Weaver, on Free Coinage.
EUREKA, Cal., Aug. 18.—General J. B. Weaver of Ohio, was entertained here today by the free-coinage element. He addressed a farmers' picnic of 3000 workmen. He attributed the present stringency of the times to the insufficiency of the volume of money to the necessities of commerce, and said that the free coinage of silver in America is a panacea.
