TROUBLE IN SUPPRESSING THEM

Clubs and Rocks Used Freely, and Policemen and Workmen Both Retire With Broken Heads.

CHICAGO, Aug. 26 .- A short but bloody riot occurred in front of the city hall at 3 o'clock this afternoon. At 2 o'clock this afternoon hundreds of unemployed men gathered at the lake front park to listen to an address relative to the labor situation. At the close of the speechmaking they formed for parade, and, preceded by a band, marched up Washington street, completely blocking that thoroughfare. At the corner of Washington and Clark streets a United States mail wagon attempted to get through the crowd. Word was sent to Inspector Ross, who was in his office in the city hall. The inspector walked over to the corner of Clark street, and, calling a couple of policemen, ordered them to clear a passage for the mail wagon. This angered the crowd. Near the sidewalk was a buggy belonging to J. H. Martindale, whom the crowd directed to get out of the way. This he could not do, and the crowd seized the buggy and threw it upon the sidewalk. It was when Inspector Ross at this moment, followed by three officers, rushed into the crowd and ordered it back that the

rioting commenced. Ross was struck on the head with a paving stone and felled to the earth. the maddened crowd. With powerful blows he knocked down several rioters, his men standing by him pluckily. Heavy Fatality in Long Island.

Long Island City, L. I., Aug. 26 .- A frightful accident occurred tonight at Bushwick Junction, on the Long Island railway. A Rockaway train ran into the rear end of a Manhattan Beach train about 11:35 o'clock tonight, telescoping several of the cars. Sixteen dead have been taken from the wreck, and their bodies are now lying in Havemeyer's tinshop at Laurel Hill, which has been converted into a temporary morgue. It is now estimated that the number of injured will reach in the neighborhood of thirty-five or forty people, many of whom, it is believed, will die. Owing to the lack of telegraphic facilities and the lateness of the hour, it is with the

utmost difficulty that any particulars can be obtained. The accident, it is said, was due to the negligence of the tower man at Laurel Hill, who let the Rocksway train in on the section before the Manhattan Beach train had pulled
