THE WILSON BILL.

The following is the bill that carried in the house yesterday by a vote of 239 to 110:

An act to repeal a part of an act, approved July 14, 1890, entitled "An act directing the purchase of silver bullion and the issue of treasury notes thereon, and for other purposes."

Be it enacted, etc., That so much of the act approved July 14, 1890, entitled "An act directing the purchase of silver bullion and issue of treasury notes thereon, and for other purposes," as directs the secretary of the treasury to purchase from time to time silver bullion to the aggregate amount of 4,500,000 ounces, or so much thereof as may be offered in each month, at the market price thereon, not exceeding one dollar for 371.25 grains of pure silver, and to issue in payment for such purchases treasury notes of the United States, be, and the same is hereby, repealed; but this repeal shall not impair or in any manner affect the legal-tender quality of the standard silver dollars heretofore coined; and the faith and credit of the United States are hereby pledged to maintain the parity of the standard gold and silver coins of the United States at the present legal ratio, or such other ratio as may be established by law.

Congressmen Hermann and Ellis voted with the big majority yesterday.

President Cleveland is fond of playing chess and reading Virgil in the original.

Most of the democrats in the house yesterday repudiated the Chicago platform. What's in a platform?

The free coinage delusion has met the fate it deserves, and those democrats who voted against it have proven their wisdom a great deal better than if they had staid with the platform.

An exchange says: "The state of Washington will have for export this year 200,000,000 bushels of wheat, 300,000,000 bushels of barley, and 1,500,000 bushels of oats. The yield of wheat is estimated at 39 bushels to the acre. The fruit crop is estimated to be worth \$1,000,000 and is about 90 per cent. of average." And the Spokane Review says: "This is the wildest yet. The entire cereal exports of the United States will not reach these figures by half. Washington's exports of grain this year will not exceed 20,000,000 bushels, and even that showing is wonderful and gratifying."

The people of Oregon who have children of school age will rejoice to learn that the late bearded legislators passed one law, at least, that will save them some money. Formerly the country school superintendents held an election every four years for the purpose of deciding upon text books to be used in the public schools of the state for the ensuing four years, but at the last session this law was changed so that elections for this purpose will hereafter be held only every six years. There was to have been an election for this purpose this year but under the new law this was changed and there will be no selection of text books until 1895.

Senator Gallinger has anticipated the announced intention of Representative Burrows, by introducing in the senate a resolution calling for an investigation of the practice of Commissioner of Pensions Lochren in suspending pensioners. Senator Gallinger, in speaking of his bill, says that to his mind the commissioner has no warrant of law for revising the work of his predecessor by suspending pensioners from the list. He thinks that a man once granted a pension cannot be deprived of it unless it is shown to be unlawful, and that it rests with the department to prove its illegality rather than to compel the pensioner to file additional evidence. This is the legal aspect of the matter apart from the considerations of hardship and expense to the pensioners.

Meat is Cheap.
 A man asked the price of a steak in a butcher shop Saturday and was told 15 cents per pound. He began a tirade about the high price of meats and accused the butcher of raising prices notwithstanding the hard times. When he got a chance to say a word, the butcher explained that meats of all kinds had never been so cheap in the history of Portland as at present. "That steak, you see, is a porterhouse. There are only a few pounds of it in an ox, and it will bring the highest prices. Round steak, which used to sell for 12 1/2 cents, now sells for 8 cents. Sirloin is 10 to 12 1/2 cents. Chuck steak used to sell for 8 and 10 cents and now it is 6 cents. Boiling beef used to be 8 cents; it now sells from 5 to 6 cents. Corned beef is reduced from 8 cents to 5 cents, and all other kinds of meats have reduced accordingly. But if a man wants the choicest cut in the ox he must pay the highest price." The misery of the thing is that in this country everybody wants the choicest cuts.—Oregonian.

 By virtue of an execution issued out of the Circuit Court of the State of Oregon for Wasco County, on the 12th day of August, 1893, in a suit therein pending, wherein J. M. Huntington, administrator of the estate of Elias Prater, deceased, is plaintiff and Geo. T. Prater, L. H. Prater and Samuel Clark are defendants, upon a decree rendered and entered thereon on the 4th day of June, 1893, to me directed, commanding me to sell the property hereinafter described as hereinafter set forth, to satisfy a judgment given by said decree in favor of said plaintiff and against said defendants Geo. T. Prater and L. H. Prater, for \$1500.00 and accruing interest at ten per cent. per annum, and \$250.00 costs of said suit, and \$100.00 attorney's fees, I will, on
 Saturday, September 23, 1893,
 at the hour of 2 o'clock p. m., at the Courthouse door in Dalles City, Wasco County, Oregon, sell at public auction to the highest bidder for cash in hand, all of the following described real property, to-wit: Lots 14 and 15, of Block 25, of the town of Hood River, said county and state, together with all the tenements, hereditaments and appurtenances thereto belonging, or in any wise appertaining, to satisfy said judgment, and also, the attorney's fees, and the costs thereof, as insufficient to satisfy the same, I will also, at said time and place, and upon said terms, sell, subject to a mortgage held by the said Samuel Clark, defendant in the foregoing described real property, to-wit: Lot D of the said town of Hood River.
 T. A. WARD,
 Sheriff of Wasco County, Oregon.

Gone mad—the person with bad blood who's not taking Dr. Pierce's Golden Medical Discovery. You are bereft of judgment and good sense if you allow your blood to get out of order, your liver sluggish—life dull, everything blue, for you may soon find out that you're in the grave—next to it—because you did not procure the G. M. D. soon enough, and some dread disease, may be typhoid or consumption, may be typhoid or malarial fever, has taken you. Consumption is Lung Scrofula. For Scrofula in its myriad forms, and for all Liver, Blood and Lung diseases, the "Discovery" is an unequalled remedy. Everybody, now and then, feels "run-down" "played-out,"—with no power to generate vitality, in fact, just too sick to be well. That's where the right kind of medicine comes in, and the "Discovery" does for a dollar what the doctor wouldn't do for less than five or ten. We claim that nothing like it has been discovered for a blood-purifier. It's guaranteed by the makers. Your money is returned if it doesn't benefit or cure you.

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large, slightly lots, broad streets and alleys, good soil and pure water, with shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort for all Oregon, being the nearest town to Mt. Hood. It is unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its rushing streams and water falls, easily harnessed. Where cheap motive power exists, there the manufacturing will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already secured you will find this the place to make a perfect home or a paying investment.
