Terrible Storm Coast.

SWEPT EVERYTHING BEFORE IT

Several People Reported Killed and a is very black indeed. Number Injured --- Property Loss Will Be Large.

NEW YORK, August 29 .- The storm in making headway against them.

Three Hundred Buildings Wrecked.

KERNERSVILLA, N. C., Aug. 29 .- A from northeast to southeast at 4:30 a. m. yesterday. It lasted only five minutes, but left a path of ruin four miles wide. Three hundred buildings, mostly residences, were wrecked. The house of W. M. Phillips was swept off its foundation, carrying the family with it. Mr. Phillips' daughter was killed by the storm, but the rest of the family escaped with serious wounds. No other deaths are reported, but ten persons are severely hurt, and the list of slightly in-

The Damage at Charleston.

CHARLESTON, S. C., August 29 .- This city was awakened this morning to the fact that a cyclone had caused widespread destruction the night before. Much damage to property is reported from all sections of the city. Trees. signs and chimneys were blown down, houses unroofed and demolished in some instances, and considerable loss resulted from rain. The entire damage is estimated at \$1,000,000. Several casualties are reported. The city was wrapped in darkness last night and streets are covered with debris. Electric lights and other wires are down, and it is impossible to keep gas burning. None of the business houses opened this morning. Half the streets are impassable on ac-

last heard from at 3 p. m. Sunday. Telegraphic Communication Crippled. WASHINGTON, August 29 .- The storm did great damage to shade trees here. The electric light and telephone service

in Alexandria and Georgetown is crippled. Telegraphic communication with the West was broken at 7:30 last night, and with the East about midnight. This morning partial communication was restored to Baltimore. Communication was also cut off south of Lynchburg, Va. There is intense anxiety for further news from Savannah and other points further Richmond that trains from the South report that Charleston, S. C., is under water. The signal service indicates that Charleston was right in the path of the

THE PEARY EXPEDITION.

Very Black Prospects for the Success of the Venture.

St. Johns, N. F., Aug. 28 .- Further discouraging news concerning the Peary expedition comes from Labrador by the mail steamer arriving here last night. According to the last report, Peary was at Davis inlet August 2d, and on the 5th tion, dysentery and the complaints inhad reached Naine There be tried again to purchase dogs, but failed. He offered the Esquimaux 40 cents each for dogs, but as they are worth \$4 to \$5 each, the Esquimaux would not sell, so Peary left for Okkak, the next Moravian settlement. As he would not pay greater prices there either, he could not get dogs. Then he announced his intention of going to Hebron, Ramab and other settlements further north, making every effort to secure dogs at those places, and if unsuccessful would depend upon getting dogs at Dico, Greenland, as a last resort. Dogs are now doubly necessary to Peary, as the burros all perished before Nain was reached, and consequently it is impossible for the expedition to accomplish anything without a far greater number of dogs

DISASTER AND DEATH than at first was considered necessary. It is believed here that Peary's actions are suicidal, and that if he were determined to wreck the whole expedition he Atlantic could not adopt better means. The steamer has been delayed a month behind her regular time, rendering it problematic if she reaches her destination at all, and it is almost certain that large deposits. The other two failed she will be frozen up before the cargo national banks expect to resume this

of supplies are unloaded. The prospect week.

LILLIAN RUSSELL. A Report That She Is to Remarry Wounds at 2 o'clock Tuesday. The Howell Osborne.

New York, Aug. 29 .- It is said that cape. which swept over this city and surround- Lillian Russell and Howell Osborne will ing country last night from midnight till sail for Europe on the same steamer and So'clock this morning, like the one a that their marriage will follow at the nient type than that which scourged few days ago, originated in the West termination of the voyage. A friend of Indies, but instead of following the coast Mr. Osborne admitted today that this swept more inland. It reached out in report is entirely correct. Every posevery direction for a distance of more sible precaution, he averred, had been than 1,500 miles. As almost all the tel- resorted to for keeping 'the matter enegraphic connections are broken the sig- tirely secret. The Russell affair has probably made its way to sea through had been the passion of his life, and the St. Lawrence valley. Tides in the when she recently deigned to receive bay here are unusually high owing to him in Chicago, his delight knew no the southerly wind, and the waves are bounds. He has proposed marriage, has angry looking. Vessels found difficulty been accepted, and is now completing unusual and important details of preparations for the event. It has been arranged that he is to make a very large marriage settlement upon his bride, and hurricane passed through this place it is about this matter that he has been busy for a week or ten days in New York."

ANCIENT AZTEC CALENDAR.

An Interesting Letter Read at the Fair-CHICAGO, Aug. 29 .- At the anthropological congress at the world's fair today, Mrs. Zelia Nuttall read a paper giving for the first time an interpretation of the ancient Aztec calendar. Scholars of the kind in this century, as it furnishes the key to much of the life and arts of at least six nations of the early inhabitants of Mexico, and promises to on the ruins of early Mexico and Cenfection of this calendar, which is pronounced in advance of any system now in use, give evidence of the high civilization and mathematical attainments of the ancient inhabitants of America. It is entirely different from any system known to ancient Europe, Asia or Africa. It is estimated that at least 4000 years oi astronomical observation

people.

was necessary to perfect this calendar.

The Foreigners Astonished. LARIMORE, N. D., Aug. 29.-The count of fallen trees, telegraph poles and foreign agricultural commissioners to timbers. Serious tears are entertained the world's fair had their eyes opened for the inhabitants of Sullivan's island today by an exhibition of the methods and the coast. The former place was of harvesting wheat in the great fields of the Northwest. In a field a mile square on the estate of N. F. Larimore 45 harvesters, manned by 150 men, set to work, and before noon half of it was consequence of these large editions, they harvested. It was a revelation to the are obliged to raise the advertising rates foreigners of the methods by which the from \$200 to \$300 per page-fifty dollars United States economizes time and money in wheatraising.

Secretary Carisle has ordered that the United States mints at Philadelphia and San Francisco be fully manned, and the full capacity of both mints utilized in coining gold bullion. The treasury department possesses from \$85,000,000 to \$90,600,000 in gold bullion, which is part of the gold reserve of \$100,000,000. There are \$20,000,000 of gold bullion in the Philadelphia mint, \$15,000,000 of it being in one vault, where it has re-

mained untouched for fifteen years. The senate committee on finance has decided to report back the Wilson repeal bill with the recommendation that Voorhees' bill be substituted, and to set aside the national bank circulation bill, now unfinished business, in favor of the, declare it the most important discovery Voorhees' bill, and to press the latter as rapidly as possible. The setting aside of the national bank bill will require a majority vote of the senate. The silver men say they are indifferent as to which lead to a translation of the hieroglyphics is considered first, both being alike objectionable. They declare they will tral America.
