25 Cts.

All Sizes. Regular weights. Good values at 40c.

SEE CORNER WINDOW.

ALL GOODS MARKED IN PLAIN FIGURES.

PEASE & MAYS.

Crop-Weather Bulletin.

WESTERN OREGON.

Weather—The weather during the past week was dry, clear and warm, with light to fresh, northwest to north-east winds. The mean temperature ranged from 66 to 68 degrees. The sunshine increased to above the average, and there were no cloudy mornings. The smoke from forest fires became more dense in the Willamette valley and in the southern counties.

Crops—Harvesting and threshing of fall wheat is complete in many sections. Late sown grain is being cut. The straw is short, but the heads appear to be well filled. Some spring wheat in the Willamette valley has been threshed with favorable results, yielding beyond expectations. The yield in the coast and southern counties of the state average about 20 bushels per acre, which is below the average. In other sections of Western Oregon the average yield is reached. An average crop of oats will be secured in most sections. Some, being sown late, failed to mature and is being cut for hay. More oats have been cut for hay in Clackamas county than in any other sections. The potato crop requires rain to make an average yield. The crop has suffered most in southern counties. It is believed a good rain would mature a large crop in northern counties. Vegetables are plentiful for home consumption. The dry spell failed to injure vegetables growing in low ground; in dry elevated places the drought caused them to wither and burn. Champion prunes are ripe and are being shipped to eastern markets. The muskmelon crop will not be a success. More favorable reports have been received from Jackson county concerning the corn crop than from other counties. Under the influence of the warm, sunny weather fruit is maturing rapidly. There will be an abundance of plums, pears and prunes generally over the state, and in interior counties the apple crop is large. Apples continue to fall in northern counties, principally due to the injurious work of the codlin moth. The apple crop, as a rule, is not up to the average. Pastures are failing, and stock are not looking well. In the coast counties butter making has received a check owing to failing pastures. Regardless of unfavorable influences the hop crop promises to mature well. It is estimated that they will be ready to be picked about September 4th. The damages of hop lice have been unimportant. There is also a noticeable absence of mould. The burrs are thickly set. Light frost, which injured tender plants and vines, occurred on August 25th in sections of the interior counties.

EASTERN OREGON.

Weather—It was slightly warmer last week; the mean temperature ranged from 64 to 72 degrees. No rain occurred, though it is much needed. The sunshine was the average.

Crops—Harvesting and threshing of fall wheat is nearly over. Early sown spring wheat begins to ripen. Much spring wheat and oats are green. The second crop of alfalfa is being cut. Hay-making will continue nearly two weeks longer. Some wheat will be shrunken and some will be burnt; but generally the grain is plump and of superior quality. Prunes, pears and plums are plentiful and of A1 quality. Stock on the range are in good condition. Stock buyers are securing beef cattle for the markets. Water in the streams is getting low, and there is not sufficient water for irrigation purposes. Vegetables need rain badly.

Uncoed.

Wednesday about noon Mr. John H. Wallace, who lives a few miles south-east of Albany, was sitting in the lobby of the Revere House, when a pleasant appearing stranger engaged him in conversation and finally telling him that he was in town with some leisure time on his hands, asked him to take a ride to the circus grounds. The stranger had a nice buggy and they rode out there, when the stranger met his "father," an elderly gentleman, who had "just come in from the country to see the circus." A circusman then came up and invited them all in to see the animals. This was all very nice, and soon they passed into a small tent where there was a man who said "just to advertise the show" he was giving away money on the turn of a card. The stranger drew a card just for fun and drew \$5, which was paid to him. Mr. Wallace was invited to draw one which he was assured was perfectly free. He did so, and so did the stranger. Both drew a present of \$250, but the sharper said they must both exhibit to him \$250 each "merely as an evidence of good faith." The stranger and his "father" dug up the amount and they tried to induce Mr. Wallace to do the same, but he has read the papers and was already looking for the tin box needed to complete the arrangements. He told the trio he had enjoyed the ride very much, also the visit to the menagerie, but would just leave the \$250 to his credit in their hands, and would call and get it some other day when he had more time. The sharper looked very crestfallen when he bade them a pleasant "good day."—Albany Herald.

Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cts. Sold by Snipes & Kinerly.

Mott's House Burned.

The house of A. B. Mott, on Pleasant Ridge, was burned yesterday with all its contents about 3 o'clock in the afternoon. Mrs. Mott and daughter were outside cutting fruit when the blaze was first noticed, but they were too late to either check the flames or save anything inside.

The cause of the conflagration is not known, but at the time there was a hot fire in the kitchen stove, as they were baking. J. E. McCormick, a neighbor, is circulating a subscription list for aid this afternoon, which is being generously signed. The loss was about \$800, insurance \$300.

PERSONAL MENTION.

I. H. Taffe is in town today.

F. A. Cook of Spokane is in the city today.

Max Vogt returned from the country yesterday.

Mr. A. A. Bonney left this morning for Troutdale.

Dr. O. D. Doane and wife leave for Portland in the morning.

Mr. L. Rorden and family returned from an outing last evening.

Charles Dehm, a former resident, is registered at the Umatilla house.

Mr. R. E. Story of McMinnville is visiting his uncle, Mr. J. L. Story, of this city.

Misses Ursula Ruch and Auburn Story returned from a sojourn at the seaside last evening.

Mrs. Boyer and child returned last evening from Albina, where she has been visiting relatives.

Col. Pat Donan has just returned from his extended eastern trip, and is now quartered in Portland.

Rev. J. A. Speier, wife and sons from the Warm Springs Indian Agency, departed this morning for Portland.

Quite a large party of tourists who arrived last night, took their departure this morning on the steamer Regulator for Portland.

Mrs. Halloran and daughter of Oswego, Oregon, who have been stopping with friends on Mill Creek, returned to their home this morning.

HOTEL ARRIVALS.

AUGUST ANGLINGS.

Small Fry Hooked by Persistent Chronicle Reporters.

No temperance homily would I utter, And yet from what I've seen, that man, me thinks, Who drinks to help along his appetite But helps along his appetite for drinks.

Sheriff Ward took George Murray, who was adjudged insane, to the insane asylum this morning.

Sheriff Leslie took Geo. Gilbert to the Sherman county jail yesterday. He was bound over under \$300 bonds.

James Elliott suffered the loss of the toes on one foot by a horse stepping on them at the Des Chutes last week.

A great many people have connected with the sewers in the last month, which will have a beneficial effect on the general health.

The Electric Power company is unloading their machinery today. They have the large boiler on the spot, where it is to be permanently located.

The Second street sewer back of the Union street lodging house has been extended to the water in the creek and will be continued to low water mark in the river as it goes down.

The people of Oregon City and Portland have chartered everything lying around loose for transportation to The Dalles Monday. There will be an immense number of visitors present.

The China garden at the foot of Laughlin street is no longer irrigated with sewer filth and the water commissioner will hereafter levy the Chinese owners \$4 per month for the use of water.

Messrs. Maier & Benton bought a lot of cabbage of Mr. Borden of 15-Mile yesterday that were the finest growth we ever saw for August. Some of the heads measured sixteen inches in diameter and were solid heads. The firm shipped them to Portland.

Mr. Chas. F. Lauer, a leading fruit dealer of the city, is loading a refrigerator car with canteloupes and fruits today. He will ship them to Tacoma. The Dalles fruits and melons bring better prices and are in better demand in that market than is received from any other locality.

The ball, which is intended to be the concluding feature of the firemen's tournament, will be postponed till Tues-

day evening. It is the general impression that all of the proposed festivities cannot be crowded into one short day of 24 hours and hence the change. The plan is a good one.

S. B. Adams and Douglas Dufur accompanied the assessor on his rounds this morning. They are making an equitable and just an assessment as it is possible to do, and it is believed that while the assessment rolls will show a large increase in taxable property, the ratio will not be nearly so high.

The Union Pacific will make the following cuts on September 1st: Every officer and employe of the road receiving \$70 or more per month is affected. The schedule for reductions, as quoted in the order issued, was as follows: Salaries ranging from \$60 to \$100 inclusive, 10 per cent; over \$100 to \$200, 12½ per cent; over \$200 to \$500, 15 per cent; over \$500, 20 per cent.

The Fruit Situation.

From the following private letter received from S. A. Clarke, we are permitted to publish the following: "We had bad luck with peach plums, as California sent an avalanche of such fruit as ours, and prices are way down. But California has no more plums or Bartlett pears, save on mountain locations. We have the field to ourselves for late plums and also Bartlett pears, which sold east yesterday, by car lots, at \$1.75 to \$2.35, a good advance. Plums also advanced. The eastern peach crop has held prices down, but Delaware is played out. Most of her crop was shipped and sold, and the rest "went to grass" with the cyclone that raged last week. So it seems we have a good field for late plums, and Bartlett and other fall pears. I shipped 1,000 crates of peach plums, and only will get back freight and cost of packing. Nothing for the fruit, but I was bound to "stay with" the friends who are shipping with me."

Funeral of Ida E. McHaley.

The remains of Ida E. McHaley who died of consumption in Seattle, were brought to this city last night. She is the daughter of A. J. McHaley of 8-Mile and was 19 years old. The funeral will occur in this city at 11 o'clock tomorrow from the Congregational church. Elder J. W. Jenkins will deliver the funeral address.

Real Estate.

State of Oregon to John Tucker se'd &c's section 27, township 2 north, range 10 east; \$80.

BORN.

At Pendleton, August 26th, 1893, to the wife of J. F. Nowlin, formerly of Wasco county, an eleven pound boy.

This is to certify that I have used Krause's Headache Capsules periodically for over one year, and have very much pleasure in stating that they have always proved beneficial and have relieved me in from ten to fifteen minutes. I have been a sufferer from headache for many years, and have never found anything to do me as much good as Krause's Headache Capsules. Yours truly,
LOUIS HERMAN,
234 S. Poplar St., Wichita, Kan.
