SEPTEMBER SHORTS.

City and County News Notes of Minor Importance.

"My darling girl," the mother pined, "stay at the seashore, dear, and if there's aught that we can send, why, do please let us hear."

Back came the answer quick next day "Dear mamma, do not fail to send to me, without delay, two diamond rings by mail."

Several loads of new wheat arrived from the Klickitat today.

The Dalles team retrieved their laurels this forenoon with the Golden-dales by a handsome score of 15 to 5.

The Columbia River Fruit company has received a compliment for the excellence of its fruit sold at the Chicago fair.

J. E. McCormick of Pleasant Ridge has brought in another fine sample of Blue Club wheat, which may be seen at our office.

The funeral of O. C. Stevens will take place tomorrow from the family residence on the bluff. He will be buried in the cemetery.

The Dalles band were the recipients of many compliments yesterday, for having played with the Metropolitan band at sight, and the superior quality of music they rendered themselves.

The music at the ball tonight will undoubtedly be the finest of the kind ever played in this city. It will be by the famous Birgfeld orchestra, of six pieces, consisting of violin, flute, clarinet, cornet, trombone and piano.

Two of the engines in the parade are old residents. The Multnomah engine, brought from Portland, was in use in the 50's, while the old handbrake of the Jacksons was a no less singular specimen of the antique in fire equipment.

The time, as given for The Dalles team yesterday, was a typographical error. It was well known to everybody that they made the best time of the three competing teams, but in correcting a proof an 8 was unwittingly inserted for a 5.

Rev. Aleridge, of Walla Walla, closed the revival meetings at Mosier Sunday night, which were very successful. His next labors will be in connection with the Methodists of this city the coming 7th, to continue three weeks. After that he will go to Ashland in Southern Oregon.

A pretty feature of the procession yesterday was the two little girls of Jud

Fish and Thos. Kelley, riding on the Columbia cart. Their pretty faces smiled down upon the crowd from wreaths of flowers and bunting, and led by the handsome fire boys, made a very pretty picture.

We have reason to be proud of our boys. They make a superb sight when running, and notwithstanding their short season of practice, rank alongside of the best professionals in the land.

Mrs. Moody came up last night and brought with her the little sufferer, Mamie, in a critical condition, and is badly burned down to her feet, the most serious wound being on her abdomen. She withstood the medical operations heroically and does not murmur at her sufferings. It will be several days before she can take a turn for the better.

The Oregon City and Metropolitan band of Portland are very fine, and discoursed some very sweet music last night. Several prominent citizens were serenaded, who responded briefly to the compliment. An orchestra of about 30 pieces, selected from the three bands, rendered some exquisite selections yesterday.

Pride goeth before a fall. The Goldendale ball team, encouraged beyond reason at their last victory over The Dalles nine, engaged in a game with the Oregon City club. Finding out that they were not in it, they concluded to try The Dalles boys again, and the record made this morning was the inevitable result.

Further particulars are received in regard to the death of Linn Cooper yesterday. The fatal shot was fired from an old-fashioned breech-loading shotgun. The shot entered under the left jaw and passed clear through the head, coming out just above the right temple. Mr. Cooper states that he had no idea there was a cartridge about the place, and the one inserted must have been found by accident and inserted with no thought of danger.

Discouraged by Wheat Prices.

A Goldendale dispatch says: The farmers about Goldendale are now busily engaged in threshing. Some are very much discouraged at present low prices of wheat at Grant's, and if no advance is made soon at that point much of the wheat will be hauled to The Dalles, where the price is much better for wheat at this time. The hay crop in Klickitat county is better this year than ordinarily. The only hay-yard in the county is owned by William Van Vector, of Goldendale.

OREGON NEWS.

The Union Depot at Portland is progressing finely.

The Coquille baseball club recently undertook to make three times the number of runs the Myrtle Point team could, and at the end of the nine innings it had succeeded by a score of 66 to 9.

Captain W. H. Harris, of Myrtle Point, has his muster-roll of the company of volunteers he commanded during the Indian war, when Coos county was first being settled, and he will muster all his old veterans who are present pioneer day, September 15th.

Noah Mulkley, the murderer of William Mattheson, gave himself up to Sheriff Noble at Heppner yesterday. He has been hiding in the mountains, about twenty miles from Heppner, and has frequently seen the deputy sheriffs that were looking for him. The murder grew out of an old feud which has existed for two or three years. He claims the murder was committed in self-defense. He had intended to surrender at the first opportunity.

A Good Thing to Keep at Hand.

From the Troy (Kan.) Chief. Some years ago we were very much subject to severe spells of cholera morbus; and now when we feel any of the symptoms that usually precede that ailment, such as sickness at the stomach, diarrhoea, etc., we become scared. We have found Chamberlain's Colic, Cholera and Diarrhoea Remedy the very thing to straighten one out in such cases. We are not writing this for a pay testimonial but to let our readers know what is good to keep handy in the house. For sale by Blakeley & Houghton, druggists.

ANNUAL MEETING. Officers Elected and Meeting Place Named for Next Tournament.

The annual meeting of the Veteran Volunteer Firemen's Association took place last night at the court house. The house was filled to overflowing. The decorations were superb. There were flags of all nationalities, and many emblems of the firemen's order, while flowers and sprigs of evergreen were profuse.

Hon. Geo. C. Sears presided. Little business was transacted outside of the election of officers and the selection of the next meeting place. The election resulted as follows:

President—W. H. D. Joyce of Portland, re-elected.

Vice President—H. Straight, Oregon City.

Secretary—J. J. Kelley, Portland.

Treasurer—H. J. Maier, The Dalles.

Executive Committee—Frank E. Hodgkins, Salem, Frank L. Parker, Astoria, E. Schutz, The Dalles.

Constitution and By-Laws—Geo. C. Sears, M. M. Lucas and A. B. Stuart, Portland.

Oregon City was decided upon as the next meeting place, Sept. 4th, next.

MARKET REPORT.

No Improvement to Be Noted in Any Commodity.

THURSDAY, Sept. 5.—Since our last report the business of the city has been quite absorbed by the state tournament of the fire departments of the different cities, which has been on drill and in session since Monday morning. The continued quietness of the past weeks in trade circles is giving way to a brighter appearance and our dealers are looking forward to the usual activity of the season.

The provision and grocery market is fairly active and prices remain steady.

In produce eggs are in better delivery and prices have dropped from 18 in trade to 16 cents per doz. and have a downward tendency.

Butter is in fair supply. Extra gilt edge is quoted at 60 cents per roll, and ordinary at 50 cents per roll.

Potatoes continue steady on former quotations, with the usual supply.

Cabbage is in abundance at 1/2 cent per pound.

Onions are freely offered at 1 1/2 cents per pound, with a limited sale.

Apples are in good supply and are quoted at 40 cents per box, with a declining market.

Bartlett pears are quoted at 50 to 60 cents per box of 35 to 40 pounds.

Peaches, choice, 75 cents per box.

Grapes, white water, are dull sale and the market is quite "off."

The market in plums is decidedly dead as far as transactions are concerned.

Melons are quoted at 75 cents to \$1.25 per dozen. Canteloups 1 to 1 1/2 cents per pound.

The poultry market is unchanged. The wheat market, from reports at hand, indicates a better feeling in the eastern wheat centers and a steady foreign market. Both of the leading London agricultural journals, the Mark Lane Express and the Agricultural Gazette, refer to the crop outlook as the most unfavorable since 1879.

The wheat of India is estimated at 296,890,000 bushels, an increase of 60,256,000 over last year's product. It is conceded that there is a marked falling off in our American wheat product, and the feeling prevails that prices will advance by the close of the year.

Grain prices are dear and scarce.

The wool market continues lifeless. Those who believe that Dr. Sage's Catarrh Remedy will cure them are more liable to get well than those who don't.

If you happen to be one of those who don't believe, there's a matter of \$500 to help your faith. It's for you if the makers of Dr. Sage's remedy can't cure you, no matter how bad or how long standing your catarrh in the head may be.

The makers are the World's Dispensary Medical Association, of Buffalo, N. Y. They are known to every newspaper publisher and every druggist in the land, and you can easily ascertain that their word's as good as their bond.

You wind your watch once a day. Your liver and bowels should act as regularly. If they do not, use a key. The key is—Dr. Pierce's Pleasant Pellets. One a dose.
