It is the mind that makes the man,
said Watts, but modern ethics deny this, and give the credit to the tailor. It is questionable, however, if either are right.

In this respect, therefore those parents who would build up the physique of their children pay strict attention to their diet. Children are all fond of pastry; for this to be healthfully prepared,

DRIVING OUT CHINESE
A Bill Amending the Geary Law Introduced.
THREE MONTHS MORE TO REGISTER
Also Repeals the Clause Requiring White Witnesses—Another Stay of Proceedings.
WASHINGTON, Sept. 11.—Hear introduced a bill in the senate today amending the Geary Chinese exclusion act, ending the time for registration three months after passage, and repealing that portion requiring that witnesses in cases against Chinese shall be white. The bill continues in force the first six sections of the Geary act until a treaty can be made with China for the regulation of Chinese immigration.

Decision Ordering Deportation.
SAN FRANCISCO, Sept. 11.—The decision of United States Judges McKenna and Morrow, in banc, in the case of Ying Lee, the Sacramento Chinese arrested under the Geary act for being illegally in the country, was handed down today. The judges decide that under the law warrants for the arrest of the Chinese who have not registered may be issued on complaint of any private citizen. The judges say that United States District Attorney Garter showed there was not enough money available to deport all the Chinese in the country, but he did show there was enough to send Ying Lee away, and he was accordingly ordered deported. R. E. Ling, attorney for the Chinese ordered deported, applying for a writ of habeas corpus, appealed to the United States supreme court. This appeal acts as a stay of judgment, and the Chinese will not be deported on the steamer which sails tomorrow.

BISMARCK SERIOUSLY ILL.
The Iron Prince is Threatened With Paralysis.
PARIS, Sept. 11.—It is reported from Kissingen that Bismarck is seriously ill. He has lost the use of both hands. It is said he has been stricken with paralysis. He is being fed with attendants and the doctors are holding a consultation of the gravest nature. Though the real state of his health may be somewhat exaggerated, there seems no reason to doubt that his illness is most serious. Scintilla has been the foundation of the disease. Dispatches inquiring about his health are being received at Kissingen from all parts of Europe. It is hardly believed that he has paralysis, but there is little hope that he will live any great length of time. It is reported that the emperor has telegraphed for accurate information. Specialists in Berlin are being consulted as to the advisability of removing him to a milder climate. His present condition is thought to be due to his persistence in receiving deputations in defiance of the doctor's orders.

Dead Bank Robbers Identified.
DELTA, Colo., Sept. 10.—The two men who were killed last Thursday, while attempting to escape after robbing the Farmers' and Merchants' bank, and killing its cashier, were positively identified today as Tom and Fred McCarthy, father and son. The third man, who participated in the robbery, but escaped, is Billy McCarthy. He is also a son of Tom McCarthy. These men constituted the McCarthy gang of Oregon, and are wanted for robbing stages and United States mails there. There is a reward of \$1,000 for them on that account. The dead men were exhumed and identified by Sheriff Condee of Baker City, Or., who attempted to arrest them in Oregon, but was prevented by the McCarthy gang getting the drop on him. Ex-Chief Police Farley of Denver also knows the gang, and says Tom McCarthy is the man who robbed President D. H. Moffat of the First National bank of that city some four years ago, securing \$21,000. Budd Taylor of Moab, Utah, who claims to be a relative by marriage to the McCarthy family, also identified the men. Billy McCarthy, the escaped robber, is still at large, but pursuit has not been given up.

Dolph's Bill Rates a Discussion.
WASHINGTON, Sept. 11.—The senate committee on public lands was the scene of a spirited discussion among its members today on a bill introduced at the beginning of the session by Dolph providing for repayment of fees, purchase money and commissions paid on void entries of public lands. The intention of the bill is to refund half the money to settlers who paid \$2.50 per acre on alternate sections of public lands

Chinese Anti-Foreign Craze.
LONDON, Sept. 10.—The astounding dispatches from Shanghai, printed by the Standard, which credit the viceroy, Li Hung Chang, with advising the execution and massacre of foreigners, excited some comment here. Some color is given to the report, which would ordinarily be dismissed as absurd, by letters and other telegrams declaring that the anti-foreign craze, which is fostered by the government, is becoming alarmingly strong. Chang is represented as arguing that an anti-foreign policy is necessary to prevent the eventual partition of China among the European powers.

NEWS NOTES.
The new White House baby turned the scales at 9 1/2 pounds.
Jack Frost is a month ahead of his usual time in New England, which makes the farmers of that section blue.
A subsidence of the earth occurred in Avila, Spain. A railway station and a number of houses sank several feet. A number of persons were injured, severely.

Pittsburg mills opened up again yesterday, giving work to 3,500 men. Erie mills also put to work their full force and forty-four mills of Fall river are now running full time, but with a reduction in wages.
It appears it will be a long time until the close of the debate in the senate on the repeal bill. It is stated thirty-three senators have arranged to speak, and ten or twelve others may decide to take a hand before the conclusion of the debate.
The world's fair commission from Liberia, which is on the western coast of Africa, states that France has recently encroached upon her territory, and appropriated a share of it, and has asked the United States, through Secretary Gresham, to interfere in his country's behalf.
Mrs. Nicholas Schlicht, the wife of a Port Townsend barkeeper, while temporarily insane, committed suicide last night by hanging herself by a strap on the hall banister. The husband returned late at night and was horrified to find his wife dead. The deceased left a note saying her two sisters ruined her, and asking forgiveness.

RELIGIONS OF THE WORLD.
A Curious Gathering on the World's Fair Grounds.
CHICAGO, Sept. 11.—An event of world-wide historic interest, one without previous counterpart in the history of the world, took place here today. It was the assembling of the parliament of religions, a gathering of representatives of all the great beliefs of the earth, with the object of showing how important are the things on which all agreed; how comparatively unimportant are the differences of creed. The result of the parliament, it is expected, will be to emphasize what is fundamental, and to throw into the background differences that are merely accidental and superficial. Since the series of world's congresses began with the opening of the world's fair, no such immense crowd has gathered at the memorial art institute as assembled this morning. Long before the hour for the exercises to begin, ingress was absolutely impossible. Not merely since the beginning of the world's fair, but never since the foundation of the world, has such a cosmopolitan assemblage of the exponents of the world's religions taken place. The incident in severely plain garments touched elbows, not only on the platform, but in the great audience, with the brilliantly-costumed Orient in picturesque commingling. The followers of Jehovah, Christ, Confucius, Buddha, Mohammed, with the various sects thereof, stood ready in turn to give, without controversy, the reasons for the faith that is in them.

The brusque and fussy impulse of these days of false impression would rate down all as worthless because one is unworthy. As if there were no notes in sunbeams! Or comets among stars! Or caracats in peaceful rivers! Because one remedy professes to do what it never was adapted to do, are all remedies worthless? Because one doctor lets his patient die, are all humbugs? It requires a fine eye and a finer brain to discriminate—to draw the differential line.
"They say" that Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription have cured thousands.
"They say" for a weak system there's nothing better than the "Discovery," and that the "Favorite Prescription" is the hope of debilitated, feeble women who need a restorative tonic and bracing nerve. And here's the proof—
Try one or both. If they don't help you, tell the World's Dispensary Medical Association of Buffalo, N. Y., and you get your money back again.
