"She Looketh Well"

to the ways of her household." Yes, Solomon is right; that's what the good housekeeper everywhere does. But her ways are not always old ways. In fact she has discarded many unsatisfactory old ways. For instance, to-day she is using

the New Shortening, instead of lard. And this is in itself a reason why "she looketh well" in another sense, for she eats no lard to cause poor digestion and a worse complexion.

COTTOLENE is much better than lard for all cooking purposes, as every one who has tried it declares. Have you tried it? For sale everywhere.

RECOVERS THE MONEY

The Entire \$70,000 Lost in the Second Train Robbery.

PLOT TO ASSASSINATE AN EMPEROR

Francis Joseph Comes Nearly Being Killed When About to Take a Railroad Journey.

HANCOCK, Mich., Sept. 18.—The entire \$70,000 secured by the trainrobbers on the Mineral Range road, on the way to pay employees of the Calumet & Hecla mine, has been recovered. After securing the booty, the robbers put it in a small trunk and sent it by one of their number dressed as a miner to Houghton. He induced the baggage-man of the Duluth, South Shore & Atlantic to check it through for him for a consideration of 50 cents. It is not known whether he was aware of the contents. Officers learned of the transaction, took a special train and overhauled it some distance from Houghton, and recovered the entire sum. It has become evident the robbers had confederates among the trainmen, and two firemen have been arrested at Marquette on suspicion.

Plot to Kill Francis Joseph.

VIENNA, Sept. 18.—Magyar-Hirlap, a newspaper published in Buda-Pesth, Hungary, gives the details of a plot to assassinate Emperor Francis Joseph, of Austria-Hungary. The story is to the effect that a Roumanian boy overheard two men discussing the plot. They were arranging to have the spikes removed from the rails at a certain point on the road over which the emperor was to travel on his way to the army maneuvers, wrecking the train, when, in the confusion, the conspirators would kill the emperor and suite. Having heard so much, the boy became frightened, ran away and told his parents. After consulting they informed the police, and an investigation developed the fact that spikes had recently been loosened. Thereupon the road was carefully guarded, inspected thoroughly and arrangements made to send a private engine in advance of every train. The boy and his parents were arrested and held as witnesses. One theory of the plot is it was caused by the anti-Austrian preaching of a local priest of a village in Transylvania, in which the boy and his parents reside, where most of the inhabitants, the Roumanians, are oppressed by Magyars.

THE NATION'S CAPITOL.

Anniversary of Laying the Corner-Stone.

WASHINGTON, Sept. 18.—The centennial anniversary of the laying of the cornerstone of the national capitol, was commemorated this afternoon. One hundred years ago today George Washington, "Worshipful master of lodge 22, of Virginia," with Masonic rites laid the cornerstone of the building. Washington on that occasion wore a sash and apron, woven by Lafayette's wife. The city was then a mere village, but, escorted by a small band of patriotic citizens and a troop of soldiery, the father of his country proceeded from the White House along Pennsylvania avenue to the east front of the capitol over the same route taken today by President Cleveland. Chairman Gardner delivered a brief address, succinctly sketching the remarkable growth and development of the United States during the past 100 years; closing by introducing as chairman of the ceremonies the "worthy successor of Washington," the president of the United States, Grover Cleveland. The president was given a most enthusiastic greeting and delivered a brief, characteristic and appropriate address.

A Good Thing to Keep at Hand.

From the Troy (Kan.) Chief.
Some years ago we were very much subject to severe spells of cholera morbus; and now when we feel any of the symptoms that usually precede that ailment, such as sickness at the stomach, diarrhea, etc., we become scared. We have found Chamberlain's Colic, Cholera and Diarrhoea Remedy the very thing to straighten one out in such cases. We are not writing this for a pay testimonial but to let our readers know what is good to keep handy in the house. For sale by Blakeley & Houghton, druggists.

Karl's Clover Root, the new blood purifier, gives freshness and clearness to the complexion and cures constipation. 25c., 50c. and \$1.00. Sold by Snipes & Kinersly, druggists.

NEWS NOTES.

Cholera is epidemic in the department of the Finistere, which borders on the English channel.

Land in the Cherokee strip is not proving so desirable to the boomers. They are disgusted with the hot winds and lack of water.

Mrs. Osborne, 76 years old, was caught in a prairie fire in the Cherokee strip and burned to death. Her husband managed to reach a small creek and save himself.

An imperial ukase will soon be issued abolishing the practice of knotting by the police. It is stated the initiative has been taken by the czar himself. All the governors favored the abolition.

A barrel head with a message written on it, picked up at the mouth of the Halifax harbor, says the schooner Senator Frye, of Gloucester, Mass., is lost. The crew of fourteen were all drowned.

News is received from Brunswick, Ga., that the yellow fever is dangerously epidemic there. A large force of yellow fever experts were sent there, and a plague camp on the outskirts of the city established.

James Crossbury and Isaac Roland, two colored men, working in the main wheel pit of the big Niagara tunnel, fell from a scaffold to the bottom of the pit, a distance of seventy feet. Crossbury was instantly killed and Roland fatally injured.

The floods in Spain show an appalling loss of life, and the survivors are starving to death. Some caves, in which the terror-stricken inhabitants of Villa Canas sought refuge, are fairly choked with the corpses of men, women and children.

Three negroes (brothers) were lynched in the outskirts of New Orleans for refusing to tell the whereabouts of a fourth brother who murdered Judge Victor Estopinal in cold blood. The negro element is now massing for revenge against the whites and many have left in terror.

San Francisco Chinese are evidently afraid that the people are about to follow the example set by those in southern California, and many of them are getting away from the city as fast as they can. The greater number of them have gone east. It is expected 300 will leave this week.

The Tacoma News speaks strongly in defense of Krug, absconding treasurer of Seattle, that the banks terrorized their depositors and would not allow them to withdraw their money, threatening them with social and business boycott if they persisted. When taxpaying time came around Krug was induced to loan the money he had to property owners, telling him that for the sake of Seattle's good name it was best that he should loan it to those who needed it until the banks would "loosen up a bit." He took care of taxes for men of wealth who had money in banks, he loaned money to property-owners, who needed it to pay interest, he loaned to business men who could not get credit at the bank. He knew that the greater bulk of state funds were in Seattle banks, and he did not doubt that when the panic was past these banks would release their grip on the people's money and he would be saved whole. So he gave right and left, and the banks should thank him for his kindness. The News said Krug should have remained in Seattle, that he was guilty of no treason to his town or desire for personal gain, and that Seattle would not have been so ungenerous as to coldly condemn its savior.

The Salutary Effects

of Simmons Liver Regulator upon the system, prostrated by long suffering with dyspepsia, and kindred diseases, is without a precedent. Its tonic, and alterative effects are wonderful.

LITTLE ESTHER'S HOROSCOPE.

If the Stars Are to Be Trusted, She Will Be Distinguished in Life.

NEW YORK, Sept. 17.—Little Miss Esther, the new American Princess of the house of Cleveland, has a future before her that is romantic and a career that is distinguished, if the portents of stars and the signs of the heavens are to be trusted. Her horoscope has been cast, and the whole planetary system seems to have done its prettiest to give the new baby a place in the future of American annals. This is what the astrologer said at the conclusion of her study:

"It is, indeed, a fortunate nativity of a baby destined to arrive at great eminence; to become noted and prominent like her father. She is fated to be well made, and a rather tall woman, more closely resembling the mother, of compact and graceful frame. She will be of light complexion, brown haired, with high forehead and deep expressive eyes. The planets tell of a courteous and gentle disposition, and say that good nature, mildness and charity will be her chief characteristics. The forecast of the early part of her life shows sickness and trouble of a critical sort. After that her health will gradually improve, though other critical times are to come. Her intellectuality is very marked and there is every sign of her becoming a notable woman, she will have rare gifts of music and song. She will take a place in public affairs in all probability. Wealth she is certain to acquire; if not through her own mental exertions, through marriage at any rate. The planets say this will not take place before she is 24, and she will enter the marriage stage only once. The marriage will be one of great worldly advantage. Her future husband the signs make out to be of a character not at all unlike hers. In appearance he will resemble herself. The marriage is destined to be a very happy one. They will have no more than three children, and they are likely to be boys, but there is danger of two of them dying in infancy. Miss Esther is destined to a long life."

The brusque and fussy impulse of these days of false impression would rate down all as worthless because one is unworthy. As if there were no notes in sunbeams! Or comets among stars! Or cataracts in peaceful rivers! Because one remedy professes to do what it never was adapted to do, are all remedies worthless? Because one doctor lets his patient die, are all humbugs? It requires a fine eye and a finer brain to discriminate—to draw the differential line.

"They say" that Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription have cured thousands.

"They say" for a weak system there's nothing better than the "Discovery," and that the "Favorite Prescription" is the hope of debilitated, feeble women who need a restorative tonic and bracing nerve. And here's the proof—

Try one or both. If they don't help you, tell the World's Dispensary Medical Association, of Buffalo, N. Y., and you get your money back again.

Strength and Health.

If you are not feeling strong and healthy, try Electric Bitters. If "la grippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on liver, stomach and kidneys, gently aiding those organs to perform their functions. If you are afflicted with sick headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. Large bottles only 50c. at Snipes & Kinersly's drug store.

Good Job Printing.

If you have your job printing done at THE CHRONICLE you will have the advantage of having it done with the most modern and approved type, with which we keep continually supplied. All jobs under the direct supervision of one of the most successful and artistic printers in the Northwest.

Olinger & Bone's stages en route to Cloud Cap Inn will locate campers at the best fishing point in Hood River valley, where one can reach Mt. Hood in a few hours and get their mail and provisions daily. 2tewd
