

**The Dalles Daily Chronicle.**

Entered at the Postoffice at The Dalles, Oregon, as second-class matter.

THE DALLES - - - OREGON

**THE EVERLASTING "WHY."**

It is Answered by an Old and Experienced Engineer.

"It makes me mad," said the old engineer to a correspondent of the Car and Locomotive Builder, "to hear people ask why a man don't do so and so when his engine strikes. It all comes like a stroke of lightning. When we piled 'em up in the Whitesville cut and killed eight, year before last, I was sitting in my window that night, looking ahead as careful as anyone could. We had started on the curve and she was going as fast as the wheels could turn, forty minutes behind time, and the deuce to pay if we didn't make it up by morning. Jimmy Hartsell was feeding 'er every minute.

"I thought I saw a glimmer of light on the bank ahead. It was the flash from the headlight around the other bend of the curve. Between the time I caught that flash and when I saw the headlight swing around the cut as big as a tub it couldn't have been a hundredth part of a second. We were nose to nose before I realized—no, I don't think I realized—but I put on the air with one yank, yelled to Jimmy, and fell out of the window. I was cut all up. The wreck was on fire and people were hollerin' underneath. I laid there feelin' of myself, expectin' every minute to find a soft place, but I was all right, and three days after I went to Jimmy's funeral. After that I don't want any man to tell me what you ought to do."

**La Grippe.**

During the prevalence of the grippe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of la grippe, but in all diseases of throat, chest and lungs, and has cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at Snipes & Kinersly's drug store.

**Men Wanted.**

Notice is hereby given that applications for labor will be received by the undersigned until Saturday at noon, September 16th, 1893. Said labor to be for the getting out and preparing of rock to be used in the rock crusher lately purchased by Dalles City and Wasco county. The wages to be paid for said labor is \$1.50 per day. For further information call at the office of the undersigned.

**THE DALLES**

Wasco County, - - - Oregon.

The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city.

**ITS TERRITORY.**

It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

**The Largest Wool Market.**

The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here.

The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

**ITS PRODUCTS.**

The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future.

The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

**ITS WEALTH.**

It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon.

Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.

**SHOE FACTORY**

For Sale at a Bargain.

The undersigned, having secured the machinery and fixtures of what was intended for a first-class shoe factory, will sell the same at a bargain. Here is an engine and boiler of 40-odd horse power, and a large amount of shoe machinery, lasts, line shafting, pulleys, belting and findings—almost a complete shoe factory.

Here is also one of the best sites for successfully operating a factory of this kind to be found in this country. Write for particulars at once, to
