A REIGN OF TERROR

A Race War Imminent Near New Orleans.

STATE TROOPS MAY BE CALLED OUT

A San Francisco Doctor Thought to Have Murdered Addie Gilmour.

NEW ORLEANS, Sept. 20.—Leading colored men at a secret meeting appointed a committee to ask the governor for troops for protection against the reign of terror in Jefferson parish, in the outskirts of the city. A mass meeting of colored citizens of the state is called for Monday. There are indications of serious trouble. Jefferson parish has been declared under martial law by the residents. The sheriff, judges, senators and representatives are the leaders of the regulators. It is impossible to learn whether the murderer of Julian was captured or burned at the stake. It is believed the state troops will be called out today. Many white women and children have come to the city for refuge. Bloodhounds from the penitentiary were let loose this morning in the swamp to track the murderer. On the exact spot where Judge Estopinal fell an iron stake has been driven into the ground, to which the murderer will be tied when caught. Resinous pine fagots surround it, and branding irons are ready with which he will be tortured while suspended from the gallows by his arms above the fire.

It Looks Like Murder.

SAN FRANCISCO, Sept. 20.—The police are looking for Dr. Eugene F. West, who they think is responsible for the death of Miss Addie Gilmour, the young woman whose head was found floating in the bay. The police have a theory that Dr. West performed a criminal operation on the young woman which resulted in her death, and that in order to conceal the evidence of his crime he cut the body up and threw it into the bay. Until yesterday West had an office on Turk street in this city, but he disappeared yesterday afternoon when the fact was published that the head had been identified.

RIO MUST SURRENDER.

Else the Rebel Warships Will Bombard It.

LONDON, Sept. 20.—Admiral de Mello has sent his ultimatum to the authorities at Rio de Janeiro, announcing his intention immediately to thoroughly bombard the city with all his ships unless it is promptly surrendered. This information comes from the agent of a leading banking-house of this city with large Brazilian interests, and is believed to be thoroughly reliable. The dispatch adds that Rio is in the utmost consternation and dismay. Citizens are fleeing to the country with such of their belongings as they can carry. Merchants are packing goods in cellars preparatory to following them. Consulate representatives of the powers are using their utmost efforts to dissuade the rebel commander from carrying out his threat, but so far without avail. Heavy pressure is being brought to bear on the local authorities to induce them to surrender, as it is considered folly to resist, the forts being unable to do anything against the rebel gunboats, and the land artillery is unable to reach them from their shelter behind the islands in the bay from which they throw shells into the city. It is recognized that to hold out means simply the destruction of the city without any compensation or ad-

NEWS NOTES.

Five more dead bodies were found on the strip, all having perished from prairie fires, and two more are reported to have killed each other in a quarrel over a claim near Cross.

In a fight with two stragglers at Helena, Mont., Major Wyman, agent for the Crow Indians, received a bullet wound in the breast. The major's escort of Indian police killed the two assassins. One of the dead men was Ted Hamilton, of Dillon, Mont.

The cable attached to the cage in Wighton's coal shaft, near Morrisdale, Pa., broke today, when the cage was near the top. Seven miners who were in it fell 135 feet to the bottom. They were all terribly wounded, but so far only one death has resulted.

The Peoria opera house burned, caused by an explosion of fireworks during the play of "Michael Strogoff." Twenty-five persons were burned, some seriously and one fatally. The stocks of Schadzki & Sklarek, clothiers, and Woods & Wonderly, dry goods, were destroyed. The total loss is \$100,000.

Sunday afternoon a very sad case of drowning occurred in Lewis river, about four miles from Atna postoffice, in Washington. The victim was Laura, the 10-year-old daughter of Mr. and Mrs. Honnes, who live there. Laura, in company with several other children, was playing on the bank of the river, when she ventured too near the brink and fell into the stream. She was seen by her playmates, who immediately gave the alarm. Heroic efforts were made to save the little girl, but they proved unavailing. She sank, but the body was recovered in about ten minutes; too late, however, for resuscitation.
