

First Arrival Fall Dress Goods

ON SALE
Saturday, September 23, 1893.

That
New
Dress

There was a gruff fellow, once, who said that he never had to consult either the almanac or the weather to know that FALL was approaching. The clamor of the females of his family for new raiment was sign enough. In deference to their demand, we have brought on the first installment of the new season's fabrics, and invite the ladies to see them. We say nothing about the men. They can have the floor for a few remarks when the bill is presented. Just now, silence with them is like the opportunity we present--golden.

The Newest Creations.

To each purchaser of a Dress Pattern, we will present a Ticket to the Kellogg Concert at the Methodist church Saturday night.

ALL GOODS MARKED
IN PLAIN FIGURES.

PEASE & MAYS.

FRIDAY, SEPTEMBER 22, 1893

The Daily and Weekly Chronicle may be found on sale at I. C. Nickelsen's store.

SEPTEMBER SHORTS.

City and County News Notes of Minor Importance.

He sent her a beautiful rose--
A jack rose--half a foot through.
"We'll meet soon, he wrote I suppose
"I'll see this blossom with you."
He met her--the glorious belle--
That gave on the avenue wide,
And the rose--twice on the isle
Of the man who walked by her side.

Antelope parties are about to send for photograph.

Chinese pleasants can be sold from each October 15th to November 15th of year.

The box factory is busy today filling in order of three thousand fruit boxes or the cannery.

John C. Luce, manager of the John Living Issue, has been bound over the grand jury on a charge of libel.

We are reliably informed that the two scarded passenger trains will be re-duced October 1st and run in the day as formerly.

A light frost last night gave notice at winter was going to follow closely heels of summer this year. The leaves have fallen from the trees and the season is unusually far advanced.

It is stated that circuit court ad-judged Thursday evening. Judge Adshaw has a reputation for rapidity settling legal disputes that excels that all other judges in the state.--Arling-Record.

The members of this year's dancing club should not forget the meeting this evening at 139 Second street. All the arrangements for the season will be made and it is desired that every one should be there to take part.

Mr. Fred Patterson, who has been ad water at the Columbia house for a long time, made a misstep while coming down the stairway this morning and broke both bones of the leg just above the ankle. The fracture was attended by Dr. Hollister.

The subject of the lecture at the Christian church tonight is: "What all we do with our Boys and Girls? the way to train up a child in the way he should go." The house was packed last night to its utmost capacity. The speaker was very interesting and made tonight and bring your children. Birds sing beautiful songs, but no bird train its notes to resemble a mally gallop or quickstep. Hence Mr. Klogg produces something which is an absolute creation. Fancy a nightingale singing "Suwanee River" with various. Something of this nature may be heard for Saturday night.

These times are fruitful in petitions. Several are being circulated among citizens, relative to congressional action on present issues. One "respectfully prays" that the present tariff upon im-ported manufactured wools be con-ferred" was numerously signed by dem-

ocrats (who wanted a change) and re-publicans who wanted no change but got one nevertheless. Another relative to an extension of time in payments for government land was also extensively signed by settlers on the land.

Things looked lively around the East end this morning. Quite a number of grain wagons were unloading at the mill and the warehouses. The farmers will soon be hauling wheat in large quantities. The free ferrage so generously provided by our citizens will be the means of attracting much wheat from the Klickitat valley.

Prof. Chas. H. Chapman the new president of the State University has arrived at Eugene and taken charge. He is a graduate of John Hopkins university and comes highly recommended. Our state university has a recognized standing and its graduates compare equally with college men from any institution.

Where is the city official whose duty it is to cut down the thistles? He is deplorably deficient in performing his duty in this respect. In many parts of town the thistle has free license to do what it will and the result is that the weeds are scattered everywhere. One block on Second street and Laughlin is simply covered with thistles, and every wind scatters them far and near. The city ordinance is very plain on this point. The city marshal is empowered to see that the law is enforced and there can be no possible excuse for the number of thistle weeds that form such a pest to the town.

The services at the Christian church were largely attended last evening and much interest was manifested. The subject of the sermon was "Wanted, a Man." The minister spoke of three things that were needed to make up the life of man, body, soul and spirit. Upon the proper development of these essentials depended the perfect life. He made comparisons between the old and the new testament as portraying the religion of the Jews and the Christian belief. At the close envelopes were circulated in which contributions could be made and the support of the people was asked.

At the Locks.

Mr. Geo. P. Morgan, who was in town yesterday, say that there is a force, all told, of 400 men working at the locks. A large share of these are working in the canal laying the rock walls, and above this point, a force is engaged in removing the solid rock and clearing out the way preparatory for the hanging of the immense gates. The steam compress drills are now in operation, and work is being furthered with great dispatch.

Chas. D. Kellogg.

The audience sat silent and spell-bound for a moment and broke into a perfect storm of applause, the same thing happened at every appearance, and were it not for the fact that he warbles as with little effort and as much genuine delight as the birds themselves he must have been thoroughly fatigued by his exertions in satisfying the demands of his audience.--Port Jervis, (N. Y.) Union.

Board of Equalization.

The county board of equalization will meet at the court house on October 23d, 1893, for the purpose of equalizing the county assessment roll for this year's assessment. The board will continue in session one week. JOEL KOONTZ, County Assessor.

Irving-Terry.

The special train carrying the members of the Irving-Terry troupe arrived at one o'clock today. The train was made up of four passenger coaches and two baggage cars, in charge of Conductor Coman and Engineer Curtis. Quite a crowd was on hand to witness the noted players--one gentleman remarking that it cost five dollars to hear them but he could see them for nothing. The party, which is strikingly English in appearance, has its next play night billed in St. Paul and goes directly there. The members amused themselves during the half hour they were here by strolling around the streets and looking at Indian curios displayed in stores on Front street.

An Old Lady of 83 Assaulted.

Susanna Fox is on trial today before Justice Schutz for assaulting her mother-in-law, Telito Fox. The Fox family live on Upper Mill creek, about 14 miles distant from The Dalles, and consists of Mr. and Mrs. Fox, Sylvester Fox, a grown son, and Mrs. Telito Fox, mother of the husband. At the time of the alleged assault, all were away from home but Susanna Fox, who is 58 years old, and the old lady, who is 83. Testimony was to the effect that they had some words over a domestic matter, when the younger of the two assaulted and beat the mother. The old lady has a bruise on her head and one on her ear, which it is alleged she sustained in the scuffle. The sentiment of those acquainted with the facts is adverse to the defendant.

PERSONAL MENTION.

Mrs. Ella Sheran returned from Umatilla yesterday.

Mr. and Mrs. G. P. Morgan returned to the Cascade Locks this morning.

Judge A. S. Bennett, who has been attending circuit court at Condon, returned today.

Mrs. Mary Wingate and Mr. Ed Wingate returned last evening from a short stay in Portland.

Miss Belle Hood returned last evening from an extended visit among friends in the valley towns.

Hon. H. S. Wilson returned this morning from Condon where he has been attending to legal matters.

Mr. Wm. Floyd and wife goes east tonight to visit the world's fair. While absent they will visit friends and relatives.

Mr. Daniel H. Roberts who graduated last June from the University of Oregon, will study law this winter in the office of Mays, Huntington and Wilson.

Miss Inez Hunt, who has been visiting with Miss Frazier and friends in this city, returned by steamer Regulator to her home in Hood River this morning.

Mrs. E. G. Dodge and Mrs. E. P. Elliot of Oakland, Calif., arrived on the steamer Regulator last evening and departed for Colfax, Wash., to visit relatives and friends.

Mr. Ed. Martin returned yesterday morning from a trip to the world's fair, Washington city, San Francisco and intermediate points. He was accompanied on his journey by Charley Clark.

BORN.

On Upper Mill Creek Sept. 21st, 1893 to the wife of W. C. Clark, twin girls, weight seven and eight lbs. Mother and babies doing nicely, and it is hoped that with tender care the old man will pull through. PUG NOSE.

Use Mexican Silver Stove Polish

OUR PUBLIC SCHOOLS.

A Wide Range of Studies--The Teachers and Their Location.

The public schools are full to overflowing this year, and application has been made for more school room for the accommodation of the large number desiring admission. The residents of the eastern portion of the bluff, embracing Thompson's addition, are desirous of having a school house similar to the one at the head of Union street.

The management of the schools has been very efficient, both the directors and the teachers co-operating heartily to the desired end. The schools comprise eight grades and the range of studies is a wide one, extending from the primary charts to the senior year, which includes Barnes' Fifth Reader, Swinton's Spelling Book, No. 5, Spencerian Copy Book, No. 7, Fish's Written Arithmetic, No. 2, Sell's Lessons on English, Barnes' Language, History, with study of the United States and Oregon constitutions, and Steele's Physiology.

Each grade represents one year's work, and when practicable is divided into two classes. Certificates are given at the completion of the full course. Visitors are cordially welcomed at all times and their inspection is desired. Visit the schools often; encourage the children by your presence and the teacher by your sympathy and appreciation.

We give the list of teachers at present employed in the four buildings: John Gavin, principal; Miss Minnie Michell, assistant principal, Court street school, 8th and 7th A; Miss Tena Rintoul, Court street, 7th B and 6th A; Miss Nan Cooper, Court street, 6th B and 5th A; Miss Mary Frazier, Miss Louise Rintoul, Miss Maggie Flynn, Union street school; Miss Francis E. Rowe, Union street annex; Miss Jessie Welch, Hill school, 2d A and B; Miss Salina Phirman, Hill school, 1st A, B and C; Miss Matilda Hollister, Union street, 1st A, B and C.

WHY NOT?

A Plan Suggested to Have a Fruit Company of Our Own.

The experience of our fruit growers with the Earl Fruit company this year was far from satisfactory. They realized less for their products than without their aid. The reason appears to be because of excessive charges incidental to loading and shipping.

If a fruit growers' association is such a beneficial organization why would it not be a good plan to have one of our own, and save these foreign profits for ourselves? A building could easily be found on First street at almost a nominal rent, which would answer all the purposes of a cold storage warehouse, besides supplying an office room and packing rooms. A side track could easily be laid. Correspondence should be opened with Chicago, New York, Denver, St. Louis, Helena, Spokane Falls, Tacoma, Seattle, etc., and all business could be transacted with as good results as are enjoyed by any other fruit company. It would save delay, save money and save annoyance. Then there is something in not being subject to the dictation of a foreign agent, some pleasure in handling our own fruit to the best advantage, and some pride in transacting our own business. The tendency of the age is for organization and those classes who do not are apt to be left behind in the race.

THE CHRONICLE will be pleased to hear from our fruit growers on this important subject and will give space to any one who would like to see such an organization.

Men Wanted.

Notice is hereby given that applications for labor will be received by the undersigned until Saturday at noon, September 16th, 1893. Said labor to be for the getting out and preparing of rock to be used in the rock crusher lately purchased by Dalles City and Wasco county. The wages to be paid for said labor is \$1.50 per day. For further information call at the office of the undersigned.

DOUGLAS S. DUFFER,
Recorder of Dalles City.
