That
New
Dress

..... There was a gruff fellow, once, who said that he never had to consult either the almanac or the weather to know that FALL was approaching. The clamor of the females of his family for new raiment was sign enough. In deference to their demand, we have brought on the first installment of the new season's fabrics, and invite the ladies to see them. We say nothing about the men. They can have the floor for a few remarks when the bill is presented. Just now, silence with them is like the opportunity we present---golden.

Kellogg tonight.

The record of the police court was broken last night by the arrest of three vagrants. Tonight would have made just two weeks without an arrest.

All who attend the great concert tonight at the M. E. church will hear something decidedly novel. The bird warbling is simply marvelous. Mrs. Emily Stewart-Kellogg, contralto soloist, is also a great singer.

The Oregon Press Association will meet in Portland September 25th. On the 25th they will receive and entertain the visiting members of the Washington Press Association. Saturday will be press day at the exposition.

Three pugilists were convicted in Portland of prize fighting and will be sentenced today. This is the first conviction of the kind in Oregon and creates considerable consternation among the sporting fraternity of the metropolis.

The Juvenile Temple will unfurl their banner this afternoon. The banner was given them because of their being the largest temple in the two states of Washington and Oregon, and is a trophy that carries great honor in its possession.

A representative of THE CHRONICLE called on Mr. C. E. Chrisman and saw the fruit dryer in operation. Mr. C. has a heavy crop of petite, silver and Italian prunes, which he is now drying. Whatever may be said of other fruit evaporators, Mr. Chrisman's is undoubtedly a success.

Increase in business is noticeable on the railroad and steamboat this week. The wheat crop from the interior is moving to the seaboard and heavier rains and more of them are passing through The Dalles every day. Passenger traffic is very good, and the Regulator has a large quota of travellers every trip.

The corrugated roofing is being put on the new electric light station and the building will soon be ready for occupancy. The engines and boiler are in position and the adjustment of the wires and connections will give The Dalles a splendid electric light system. The new station will be another addition to the noise of machinery in the East End.

The Goldendale base ball club comes out this week with a flaming declaration of war. After a long preamble, reciting how cruelly they were treated, the document goes on to state that the Goldendale club will consent to play their ungentlemanly (?) rivals for the sum of \$100. The wording of the chal-

lenge is similar to some manifestoes of the anarchists. Our boys will determine today what action shall be taken on the matter.

Cards in the windows of many stores announce that those who do not hear Chas. Kellogg tonight will surely regret it. All reports agree that he furnishes an exceptional entertainment.

Sam Burling and E. D. McArthur, two of Antelope's young men, have received at this point a phonograph, with which they will travel throughout this and adjoining states. The express charges on the instrument were \$30. It is the latest improved and is a veritable mine of music and drollery. Their first work with it will be in the Prineville and John Day country.

The Regulator carried a large excursion to the Cascade Locks this morning. The docks were well crowded with people and the scene resembled the ante-railroad days. The party consisted mainly of school teachers, who were off for a holiday after a week of work. A ride down the river on one of these beautiful days is as pleasurable an enjoyment as an ordinary mortal can desire.

The members of this year's dancing club met last evening and laid plans for the winter season. The first dance will be given next Wednesday evening in Fraternity hall and others will follow at frequent intervals. The name chosen is the same as that of last year—Mignonette. The officers elected were: President, Geo. C. Blakeley; Secretary, Malcolm Jameson; executive committee, Robert Mays, jr., H. C. French and Fred W. Wilson. The club will also give whist parties during the winter to alternate with the dances.

Extend the Time.

Mr. Thomas A. Hudson, agent for the Eastern Land company, returned from San Francisco last Tuesday. He informs us that he has succeeded in having very liberal concessions made by the company, both in prices and terms of payment. Hereafter they will sell land on the following terms: 20 per cent. cash and the balance in four equal yearly payments, with 8 per cent. interest on deferred payments, thus allowing the purchaser four years time. Heretofore the time allowed for making full payment has been two years, 35 per cent. cash, 35 at the end of the first year, and the remaining 30 per cent. at the close of the second year. The late decision of the secretary of the interior does not affect any of their lands south of Bake Oven in this county.

The Flip Degree.

The corner of Second and Washington streets is now the place of amusement for the town. The different expressmen, who are a jolly set, while away the hours between trips by initiating unsophisticated individuals into the mystery of the "flip" degree. Much practice has enabled them to perform the skillful feat gracefully, and those who are desirous of maintaining their equilibrium would do well to take the other side of the street. A new wrinkle came out today in the shape of an instrument of torture made by the combination of a box and a needle. Several unsuspecting seekers in search of a seat furnished great fun for the crowd by the leisurely way in which they sat down on the box and the rapid way they jumped up.

The Dalles as a Sanitary Point.

Some day, when the advantages of this inland country are fully understood, there will be a large sanitarium at The Dalles. The healthfulness of the place is ahead of all its sister cities in the Northwest. In Walla Walla, in a recent week, there were seven funerals in seven days, while in The Dalles a funeral is a rarity. All persons troubled in any way by asthma or kindred ailments find speedy relief as soon as they come east of the Cascade mountains and the high winds that so graciously blow in summer drive away all disease germs that lurk in hidden places. Our winds are our greatest blessing, and with our new and improved sewerage The Dalles will be a synonym for healthy hygienic conditions.

The Jury Hung.

The case of the state of Oregon vs. Samantha Fox which was on trial before Justice Schutz, went to the jury at a late hour yesterday afternoon. At 8 p. m. the jury was unable to agree and were discharged. They stood five to one in favor of acquittal but the one juror was obdurate and refused to swing in line. Prosecuting Attorney Wilson appeared for the state while the defendant was represented by Mr. J. M. Walton. The whole matter seemed to some to be nothing but a family row, but the case was reset for Tuesday morning when a new trial will be had.

PERSONAL MENTION.

Mr. Lem Burgess from Bake Oven is in the city.

Ex. Gov. Z. F. Moody came up from Salem yesterday.

School Sup't Troy Shelley came up on the Regulator last evening.

Judge W. L. Bradshaw returned yesterday from holding court session at Condon.

Mr. Balfe Johnson returned on the Regulator yesterday from a two weeks' vacation in the valley.

Messrs. Fletcher, Faulkner, Ed M. Williams and W. K. Corson left on a hunting trip this afternoon. They will be back tomorrow evening, provided they can pack the game.

Mrs. C. T. Donnell, who has lived in The Dalles for thirty years and more, leaves next week for Goldendale, Wash., to join her son, who is in business there. Her many friends will sincerely regret her departure, and are glad that the distance will permit of many revisiting.

Mr. W. S. Myers was taken suddenly ill on the street this afternoon and taken home in a prostrate condition. The attack came without warning of any kind, and was of the nature of a fainting spell. It is to be hoped that nothing serious will result and that the gentleman will speedily recover.

A Good Word.

Mr. J. J. KELL, sharpshooter, Pa.
Dear sir—I am glad to say a good word for Krause's Headache Capsules. After suffering for over three years with acute neuralgia and its consequent insomnia, (which seemed to nullify the efforts of some of our best physicians) you suggested this remedy which gave me almost instant relief. Words fail to express the praise I should like to bestow on Krause's Headache Capsules.
Gratefully Yours,
Mrs. E. H. HOLMES,
Montrose, Pa.

THE ELECTRIC PLANT.

The Engine Started Up for the First Time this Afternoon.

The new electric light engine was started up this afternoon on a test. The engine is a Lane & Bodley Corliss and is a beautiful piece of machinery, having a capacity of 225 horse power. The new boiler is not sufficient to run it at the highest capacity, and it is proposed to reinforce it with the old one now in use on the hill, and the other smokestack will also be raised. The fly wheel is enormous, with a diameter of about eighteen feet and weighing eight tons. It is surmounted by a belt costing \$700, and is a very beautiful piece of work, being an Ireson's leather link belt weighing 1,000 pounds. It is composed of oblong pieces of sole leather rounded at the corners, about half an inch wide by an inch and a quarter long bolted together with steel rivets, and set so that the edges come in contact with the wheel. The new belt prevents friction and runs noiselessly. The smaller belts will be of like workmanship.

The new plant will equal any in the state outside of Portland, and will result in giving the town better lights, since the old plant was overburdened.

A Backward Sheet.

A contemptible little fly leaf known as the Goldendale Courier is striving to create bad blood between the two towns of The Dalles and Goldendale. The following item convicts it:

A Vancouver paper says that rival teams were endeavoring to spike their hose before the run at the firemen's tournament in The Dalles, Sept. 4th. The Goldendale visitors say that they were treated shamefully at that place on that occasion, and the only words of praise, for hospitality and favors intended to visitors by The Dalles City that has been spoken or written, has been written by The Dalles press. They think, perhaps, that self-praise is better than none.

A very superficial reading of the above shows that the Vancouver paper does not say The Dalles team is guilty of the charge, while the Courier pronounces it confirmation. It is no wonder that such an abomination as the Courier was forced to come out on the half shell, and then try and bolster up its circulation by trading it to unsuspecting farmers for wheat. To ascertain if the Courier man (?) knows anything about the tournament we will ask him what team it was whose hose burst each time they ran?

China Wedding.

Last evening a surprise party was tendered Mr. and Mrs. Buchler in honor of the twentieth anniversary of their wedding. They were presented with a handsome china tea set by the members of the Gesang Verein.

The evening was pleasantly spent, several pieces being rendered on the piano. Later in the evening a splendid repast was served, of which everyone partook with pleasure. About 11 o'clock the floor was cleared for dancing, in which many indulged until a late hour, when all dispersed for their homes, after having expressed their congratulations to Mr. and Mrs. August Buchler, and wishing them twenty years more of their happy married life.

Those present were: Mr and Mrs Prinz, Mr and Mrs E. Schanno, Mr and Mrs G. Keller, Mr and Mrs J. H. Phirman, Mr and Mrs C. Schmidt, Mr and Mrs F. Lemke, Mr and Mrs H. Maier, Mr and Mrs C. Stubling, Mr and Mrs J. Nitschke, Mr and Mrs F. Seufert, Mr and Mrs J. Stadelman, Mr and Mrs J. Blaser, Mr and Mrs Weigel, Mr and Mrs A. Ulrich, Mr and Mrs N. Harris, Mr and Mrs A. Sandrock.

Mrs Gossler, Mrs M. Blank, Mrs L. Blank.

Misses Grace Lauer, Caroline Buchler, A. Schanno, E. Schmidt, B. Buchler, M. Gossler, L. Lauer, C. Phirman, S. Phirman, L. Seufert, R. Buchler, M. Buchler, Messrs F. Weigle, R. Rorden, N. Seufert, J. Another Fakir Beats His Bill.

A man has been doing some water color work on photographs in The Dalles for several days past, and while here ran a livery bill of \$10 with Burham & Robertson. This morning he took the train for Portland, leaving the bill unsettled, except \$5 worth of work done for Mr. Robertson, and retaining possession of another photograph which he was to have colored. He presented a card bearing the name of Wm. A. Trefenberg, Portland, Or., and C. E. Clark, representative.
