YOU DON'T KNOW

what a comfort it is to have ready at hand a remedy that never fails to relieve Constipation, and that, without pain or discomfort; and almost immediately cures headaches, and dispels every symptom of Dyspepsia. Such a remedy is found in Simmons Liver Regulator—not a sweetened compound to nauseate, or an intoxicating beverage to cultivate an alcoholic appetite, but a medicine pleasant to the taste, and perfectly harmless when given to the smallest child. S. L. R. never disappoints. It possesses the virtues and perfections of a reliable remedy of the kind endorsed by eminent physicians.

"It affords me pleasure to add my testimony to those you receive annually in reference to your valuable medicine. I consider Simmons Liver Regulator the best family medicine on the market. I have prescribed it with excellent results." W. F. PARK, M. D., Tracy, Calif., Tenn.

THE HOME PAPER

IMPEACHING GROVER

Senator Stewart, of Nevada, Is After the President Today.

WASHINGTON, Sept. 23.—The president of the United States will be arraigned in the United States senate Monday for violating the spirit of the constitution in endeavoring to destroy the independence of the lawmaking branch of the government by seeking to coerce congress into the passage of the repeal bill. Notice to this effect is clearly indicated in the resolution presented this morning by Stewart of Nevada, upon which he announced he would address the senate Monday. The resolution declares the independence of the co-ordinate departments of the government must be maintained, and the use of power and influence by one department to control the action of another is in violation of the constitution and destructive to our form of government. The introduction of the resolution created a sensation, and discussion of the matter Monday will attract great attention, as it indicated the silver senators will divert the discussion in the senate to the alleged attempt of the president to control congress.

WARM IN THE SENATE CHAMBER

Arraigns Him for Obstructing Legislation and Trying to Coerce Congress.

WASHINGTON, Sept. 23.—The president of the United States will be arraigned in the United States senate Monday for violating the spirit of the constitution in endeavoring to destroy the independence of the lawmaking branch of the government by seeking to coerce congress into the passage of the repeal bill. Notice to this effect is clearly indicated in the resolution presented this morning by Stewart of Nevada, upon which he announced he would address the senate Monday. The resolution declares the independence of the co-ordinate departments of the government must be maintained, and the use of power and influence by one department to control the action of another is in violation of the constitution and destructive to our form of government. THE BOMB THROWN.

WASHINGTON, Sept. 25.—[Special to THE CHRONICLE.]—Never in the history of the senate since the famous impeachment trial of Andrew Johnson, has the senate been in such a turmoil as it is today. Said Benj. F. Butler in reference to the former: "For a tithe of these acts of usurpation, lawlessness and tyranny, King James lost his throne and King Charles his head, while we, the representatives of the people, adjudge only that it convicted by that higher court to which we shall send him, he shall be removed from office, the ambition to be again nominated to which has been the moving spring of all these crimes." On that occasion the tumult of applause was deafening, but today Senator Stewart has created a babel of excitement. In his vituperation of a man for whom he has conceived so violent a hatred he knows no bounds, and accuses Grover Cleveland of the openness and most shameless effrontery ever offered to any assemblage of intelligent people. He said that Mr. Cleveland claimed the prerogative of dictating what congress should do on the silver question, holding threats in reserve if such should not be done. Such is a usurpation of power unwarranted in any country, democratic or quasi-democratic, and that Mr. Cleveland cannot yet assume the role of dictator. The senate is in a most turbulent state and all attempts to maintain order are futile.

NEWS OF THE STATE.

Threshing is progressing very slowly in Morrow county, owing to extreme wet weather.

The Prineville flouring mills are running on full time grinding the new crop of wheat.

Parties who recently crossed the Cascades say there is considerable snow on the summit.

Sheriff Noble, of Morrow county, has commenced to force collections of 1892 delinquent taxes which amount to \$1,800.

The National bank of Heppner has oreclosed a mortgage on 4,200 head of sheep belonging to Emmet Cochran, a very prominent stockman of Grant county.

H. Ballou's hophouse, situated two miles west of Middleton, was destroyed by fire. He loses his entire crop of hops, about \$8,000. There is no insurance. Mr. Ballou had the best crop of hops in this vicinity.

"A Talented Editor."

During the coming months, or the heated period, those who are traveling or contemplating a trip away from home should read the following letter from a brilliant and well known editor and provide themselves against attacks of headache and dizziness.

GENLEMEN—I had occasion to use several boxes of Krause's Headache Capsules while traveling to Chicago to attend the National Democratic Convention. They acted like a charm in preventing headaches and dizziness. Have had very little headache since my return, which is remarkable. Yours respectfully,

JOHN U. SHAFER, Ed. Remova, Pa., Record.

Juvenile Temple.

The unveiling of the juvenile banner on Saturday afternoon was quite largely attended and the exercises were a credit to the children of the temple. The following short programme preceded the display of the banner:

Prayer Rev. Jenkins
Guitar solo, "Put My Little Shoes Away" Myrtle and Reta Stone
Recitation, "Open the Door for the Children" Bethel Giffard
Piano solo, "Maiden's Prayer" Edith Randall
Recitation, "King Custom" Rachael Morgan
Mandolin and guitar duet, "Green Waves" Myrtle and Reta Stone
Recitation, "A Voice from the Poor House" May Barnett
March and unveiling of banner Temple

A short and pleasing address was given by Rev. Jenkins of the Christian church, followed by the closing ode by the temple and the benediction by Father Barnett.

The banner was purchased by the temple, through the efforts of the superintendent, aided by the willing and hearty support of the children, instead of being a present to the temple, as stated in Saturday's CHRONICLE.

Crushing Rock.

The rock crusher was to be started up this afternoon with Mr. M. M. Sayre, formerly of the Union Pacific shops, as engineer. The machine is a very powerful one, and the process of crushing is quite interesting to observe. As it will continue working uninterruptedly for a long time to come, curiosity seekers may gratify themselves by taking a walk to where it is located, on the hill above the brewery. Crushing is done by means of two powerful cast steel jaws which are forced together twice at each revolution of the wheel, or 320 times a minute. As it will masticate half a cubic foot each time, it will readily appear that it will not take long to pave a mile of road.

There is now a force of six men engaged in getting out rock and there is a pile of it on hand about six feet wide, three feet deep and 200 feet long, amounting to perhaps 1,000 tons. If the crusher were removed it would not take long to open up some of our streets for travel and this should be done.

Tramps or Incendiaries?

Mr. James Johnson reports that while coming in town this morning he passed the smoking ruins of Mr. Kuykendall's house and barn, burned at an earlier hour. The Kuykendalls are absent from home and it is presumed it is the work of tramps. A fence about midway between the dwelling and a smaller building, about 20 feet distant from either, was not consumed, which gives rise to a theory that incendiaries started the fire in each building at the same time. The loss to the buildings is total and will be in the neighborhood of \$1,000.

A mile nearer town our informant observed that the windows in the Floyd schoolhouse were broken, the stove demolished, and the contents of the building, consisting of a Webster's unabridged dictionary and various books, scattered in the roadside. As yet there is no clue to the outrages mentioned, but if the culprit is discovered it should be made tropical for him.

Hood River Fair.

The citizens of Hood River are going to hold a horticultural fair Friday, Sept. 29th. From indications the fair promises to be a great success, and great efforts have been made in that direction. Hood River can raise plenty of nice things to have a successful fair all by itself, and The Dalles sends its best wishes for the success of the undertaking. Many of our citizens will doubtless attend and we shall expect the citizens of Hood River to reciprocate when our fair is held. Remember the date, Oct. 10th, and we also hope that the Hood River fair will send its exhibits here, so that those of us who can't see them in Hood River may still have a chance of beholding the wonderful fruit of Hood River valley. It is expected that the Regulator will reduce rates for the occasion.

MITCHELL NEWS.

A Solids Show—Billy Carron's Accident—Other Notes.

Mr. Misner's baby is quite sick again. Weather cloudy and cool; some rainfall.

S. F. Allen started to The Dalles Sunday morning.

Several families have moved to town with the intention of sending their children to school.

Mrs. Dr. Honk has been quite sick the past week, but is much better the last few days.

Eugene Lunny's baby suffered a serious illness the past two weeks, but at present is rapidly recovering.

The school at Mitchell is full to overflowing. About thirty-five scholars enrolled this week.

Since the completion of Mr. Misner's residence it seems almost palatial compared to the other buildings in town. It is much the best residence in Mitchell.

Justice was well meted out to some would-be men for showing their bravery by firing their pistols during church services. A fine of \$10 and costs may be a good lesson to them.

West Branch camp meeting was a decided success. Eleven new members were baptized into the Baptist faith under the influence of the Rev. Mr. Baily of Ellensburg, Wash.

The 8th of the month snow fell to the depth of six inches on the mountains, and within two miles and a half of Mitchell there was enough of the "beautiful snow" to entirely cover the ground.

Yesterday Uncle Bob Carron met with an accident that resulted in the dislocation of his wrist and a serious break of his arm between his wrist and elbow. He had mounted his riding animal, which was noted for his quiet disposition, intending to ride to Mitchell. He had gone but a few steps when the horse began to jump so wickedly it soon threw Carron to the ground, resulting as above stated.

The inhabitants of this place were astonished, almost astounded, by the grand display exhibited of the arts of a well-regulated show. The posters gave it out as one of the best that had ever visited Mitchell. Certainly it was one of the grandest (sells) that ever exhibited in any place. There were two nights entertainments. The first night a little dog rolled a barrel across the floor and a halter was tied on a horse with some mysterious knot unknown to any one except that one particular person. The second night was a repetition of the first, with the addition of a woman being pinned to the wall with daggers thrown by one of the troupe.

MITCHELL, Sept. 19, 1893.

"Divine Type Setting" was the subject of the sermon at the Christian church yesterday morning. Mr. McGuffey likened parts of the old testament to type plates set up, from which impressions might be taken at any time. St. Paul he considered the editor and proof reader, the idea being that the manner of worship in the ancient Jewish tabernacle and the method of consecration by baptism was exactly similar to the direction of St. Paul in the new testament.

A Long Procession

of diseases start from a torpid liver and impure blood. Dr. Pierce's Golden Medical Discovery cures every one of them. It prevents them, too. Take it, as you ought, when you feel the first symptoms (anguor, loss of appetite, dullness, depression) and you'll save yourself from something serious.

In building up needed flesh and strength, and to purify and enrich the blood, nothing can equal the "Discovery." It invigorates the liver and kidneys, promotes all the bodily functions, and brings back health and vigor. For Dyspepsia, "Liver Complaint," Biliousness, and all Scrofulous, Skin and Scalp Diseases, it is the only remedy that's guaranteed to benefit or cure, in every case, or the money is refunded.
