Good Cooking

is essential to

Good Digestion—

in pastry you cannot have either without a good shortening. Lard has always had very objectionable features, causing indigestion and many other dietetic troubles. Science has come to the assistance of the cook, and of weak stomachs, with the new shortening,

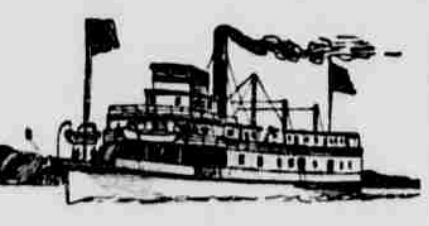

Cottolene

It is composed of the choicest beef suet and highly refined vegetable oil, in many respects as good as the finest imported olive oil. Physicians endorse it, cooking experts recommend it, and thousands are now using it in preference to any other shortening. Refuse all substitutes.

A CRAZY MAN'S FREAK

Caused a Panic in the Chicago Wheat Pit.

THREE KILLED IN A TRAIN WRECK

Col. Espina Will Be Shot as a Traitor for Giving Information to the Enemy.

Chicago, Sept. 27.—A fusillade of bullets was fired into a wheat pit on the board of trade about noon. Traders scattered in a hurry, business came to a standstill and the wildest excitement ensued. A. N. Bennett, a broker, received a frightful wound in the neck; Chas. Roswell, a telegraph operator, was shot in the leg, and a woman in the spectator's gallery was also said to be wounded. The shooter was a red-headed man in the gallery. He was quickly overpowered and taken to the secretary's office. He is supposed to be insane.

LATER.

Both the wounded men will die. The shooter gained access to the visitor's gallery a few minutes before the tragedy. He fired five shots at random into the pit. Bennett was secretary of the Board of Trade Mutual Benefit Association and a prominent member of the board. The report that a woman was wounded proved unfounded. The man, after being taken in charge by the police, gave his name as Cassius Belden, of 365 La Salle avenue, Chicago. He is undoubtedly a maniac. The shooting caused the wildest excitement on the floor. Panic-stricken brokers dashed for the exits, creating a jam, which threatened to become serious for an instant. The sounds of the shots and the rushing out of the board habitués notified outsiders that something unusual was transpiring, and in a few minutes thousands gathered in and around the big building, and the utmost excitement prevailed for a time.

The prisoner, after reaching the police station, asked to see a reporter. He said he was a carriage painter by trade, and told a long and rambling story about having been hypnotized by a man named Jones three years ago, and having been under hypnotic influence ever since. He declared it had been a hard struggle for bread, but when they began to sell his soul on the board of trade he resisted. They had already sold his two children in Philadelphia, where he says he has a wife. He was dressed as a laboring man. It appears that a woman was wounded after all. Mrs. W. W. Lewis, of Titusville, Pa., one of the spectators in the other gallery, started down the stairs as soon as the shooting began. The last bullet glanced and struck her in the back, causing a flesh wound, from which she fainted and was removed from the building. It was at first supposed she had fainted from fright merely.

Killed in a Train Wreck.

BELLEVEUE, Mich., Sept. 27.—Henry A. Newland and wife of Detroit were killed and their daughter and son-in-law, Mr. and Mrs. Howard G. Meredith, badly injured in a collision on the Grand Trunk road early this morning. Newland was a wholesale fur dealer. His wife was a daughter of James F. Joy, the well-known railroad official. Meredith is cashier of the Grand Trunk and Detroit, Grand Haven and Milwaukee roads. The party was traveling in Meredith's private car going to the world's fair. The train to which the car was attached was behind time and was run into by an express train following. William Costless, a porter, was fatally hurt. William Abernathy, the cook, and Jennison, fireman of the colliding train, was badly injured.

Col. Espina Will Be Shot.

BUENOS AYRES, Sept. 27.—It has been learned that the officers and crews of the two torpedo-boats which attacked the government squadron of the coast yesterday, and which were incited to revolt by Colonel Espina and the officers and members of the crews, gave their captors information which, when it was laid before the government, led to orders being issued for Colonel Espina's arrest. He was taken in custody, and the probabilities are he will be shot as a traitor. The government has asked congress to authorize the prosecution of General Alem on a charge of suborning the army to rebellion.

Bought by the Great Northern.

SIOUX CITY, Ia., Sept. 27.—News is received here of the sale in New York of a controlling interest in the Sioux City & Northern and Sioux City, O'Neill & Western roads, which means that J. J. Hill, of the Great Northern, has bought all the properties of the collapsed rail-

road syndicate, and, having completed his line to the Pacific coast, is ready to extend it to the southwest.

DRIVEN ON THE ROCKS.

A German Bark Wrecked on the Mexican Coast.

SAN FRANCISCO, Sept. 27.—The story of the loss on the Mexican coast of the German bark Carl Burchard is given by two seamen who arrived here. She sailed from Liverpool in January last, coal laden for Peru. A few weeks out she experienced a gale which threatened to capsize her. The sailors were unable to handle the sails, which with the ropes were encrusted with ice. About half the crew were laid up. Rounding the Horn terrific seas were encountered. April 16th, in a dense fog, the bark had a narrow escape from collision with an iron ship. They were close enough to tangle the rigging. The Burchard finally arrived at Port Angeles, where, owing to a defect in her papers, she was taken for a smuggler. While anchored in the roadstead, three miles from shore, in a fierce storm, with both anchors out, she began drifting. The bark struck on the rocks four times; the foremast split, taking the rigging overboard with it. A great wave lifted and carried her within a mile of shore. The mizzenmast fell, injuring two of the crew. A second wave drove her upon the rocks, and she split. She was abandoned by the crew, all of whom were rescued but one. The crew, with the exception of the two men who reached here, were sent to Germany, via Panama, by the consul at Port Angeles.

NEWS OF THE STATE.

Citizens of La Grande have freely offered their services in opposition to the anti-Chinese mob and as a consequence the town is quiet.

The 12-year-old daughter of M. Hames, Medford, was dangerously kicked by a vicious horse, which resulted in a very bad fracture of the skull.

The trial of John Hansen for murdering his wife is in progress at Astoria today. It is being held in Liberty hall, as the large crowd in attendance renders the court room unsafe.

The heavy rain the first of the month occasioned a serious loss to Jackson county fruitgrowers. Peaches, plums and pears were ripe, and gathering and shipping had just begun when the rain commenced and continued a week, and at that time the fruit had ripened so that it was impossible to handle it and a large quantity was lost.

Mrs. Carl Swayne, residing on Big Applegate, Jackson county, committed suicide by taking a dose of strychnine. She was addicted to the use of morphine, and had become reckless and partially demented. She made an attempt at suicide about two weeks ago, but her life was saved by the prompt arrival of a physician. She was 35 years of age, and leaves a husband.

Oregon's fishery exhibits at the world's fair, under the supervision of Mrs. M. B. Lewis, have captured more medals and diplomas than have been awarded any other state. Prizes have been won by Oregon's Chinook salmon, trout, razor-clams preserved in alcohol, frozen salmon, mounted specimens of Chinook salmon, rainbow trout and other fish.

Governor Penoyer commuted the term of imprisonment of William Bloxam, sentenced from Multnomah county March 10, 1884, for life on conviction of murder in the second degree, and made the term expire today on recommendation of the district attorney, who secured the conviction.

La Grippe.

During the prevalence of the grippe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of la grippe, but in all diseases of throat, chest and lungs, and has cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at Snipes & Kinersly's drug store.

A solid projectile fired through 17 inches of steel armor plate at the government proving station at Indian Head came out unharmed. It is considered by the officials of the naval ordnance bureau the most satisfactory test yet made. In building up needed flesh and strength, and to purify and enrich the blood, nothing can equal the "Discovery." It invigorates the liver and kidneys, promotes all the bodily functions, and brings back health and vigor. "A Talented Editor."

During the coming months, or the heated period, those who are traveling or contemplating a trip away from home should read the following letter from a brilliant and well known editor and provide themselves against attacks of headache and dizziness: GENTLEMEN—I had occasion to use several boxes of Krause's Headache Capsules while traveling to Chicago to attend the National Democratic Convention. They acted like a charm in preventing headaches and dizziness. I have had very little headache since my return, which is remarkable. Yours respectfully, JOHN U. SHAFER, ED. RENOVIA, Pa. Record.
