Gentlemen:
On arriving home last week, I found all well and anxiously awaiting. Our little girl, eight and one-half years old, who had wasted away to 38 pounds, is now well, strong and vigorous, and well fleshed up. S. B. Cough Cure has done its work well. Both of the children like it. Your S. B. Cough Cure has cured and kept away all hoarseness from me. So give it to every one, with greetings for all. Wishing you prosperity, we are Yours, Mr. & Mrs. J. F. FORD.

BILIOUSNESS
Who has not suffered this misery—caused by bile in the stomach which an inactive or sluggish liver failed to carry off.
THE PREVENTION AND CURE IS

liquid or powder, which gives quick action to the liver and carries off the bile by a mild movement of the bowels. It is no purgative or gripping medicine, but purely vegetable. Many people take pills—more take Simmons' Liver Regulator.
"I have been a victim of Biliousness for years, and after trying various remedies my only success was in the use of Simmons' Liver Regulator, which never failed to relieve me. I speak not of myself, alone, but my whole family."—J. M. FILLMAN, Selma, Ala.

TRAILING THE ROBBERS
Conclusive Evidence Against Two of the Lake Shore Participants.
ONE OF THEM IS A WOMAN
A Bill Introduced in Congress to Submit the Questions of Free Coinage to a Vote.

Conclusive Evidence Against Him.
TOLEDO, O., Sept. 30.—The authorities of Noble county, Ind., are said to be in possession of conclusive evidence to show that John Conners and Eva Flint, who were arrested at Kendallville last Wednesday in connection with the Lake Shore train robbery, are two of the participants in the distribution of the booty. It is learned that a number of railroad men were chief actors in the robbery of the train. It is stated further that the woman, Eva Flint, made several trips from Elkhart, Ind., to Chicago with large quantities of balloon, specie and gold, part of the proceeds of the robbery.

It Provides for a Special Election to Determine the Silver Question.
WASHINGTON, Sept. 30.—Representative S. B. Cooper of Texas today presented the following resolution, which was referred to the ways and means committee:

WHEREAS, In the enactment of all laws the will of the majority should control, and
WHEREAS, There is a divided opinion among the congressmen of the United States, now assembled in legislative session, as to the will of the people on the question of the coinage of money by the United States; therefore be it

A Disturbance
Isn't that you want, if your stomach and bowels are irregular. That's about all you get, though, with the ordinary pill. It may relieve you for a moment, but you're usually in a worse state afterward than before.
This is just where Dr. Pierce's Pleasant Pellets do most good. They act in an easy and natural way, very different from the huge, old-fashioned pills. They're not only pleasant, but there's no reaction afterward, and their help lasts. One little sugar-coated pellet for a gentle laxative or corrective—three for a cathartic. Constipation, Indigestion, Bilious Attacks, Dizziness, Sick and Bilious Headaches, are promptly relieved and cured.
They're the smallest, the easiest to take—and the cheapest pill you can buy, for they're guaranteed to give satisfaction, or your money is returned.
You pay only for the good you get.

For a lame back or for a pain in the side or chest, try saturating a piece of flannel with Chamberlain's Pain Balm and binding it on to the affected parts. This treatment will cure any ordinary case in one or two days. Pain Balm also cures rheumatism. 50 cent bottles for sale by Blakeley & Houghton.

NEWS NOTES.
Senator John B. Allen has renounced politics and will hereafter practice law.
Republican anti-silver men in the senate have presented a strong front against a compromise.
The Cour d'Alene mines have resumed, adding \$100,000 per month to Spokane's monthly payroll.
A Texas representative wants the question of free coinage of silver submitted to a popular vote next November.
The latest reports from Rio de Janeiro is that the rebel warships all opened fire on the city and much damage to property resulted.
The Irish flag was hoisted and pulled down twice Saturday on the roof of the electricity building at the world's fair, but finally floated triumphantly.
Silver mine owners of Aspen have presented a sliding scale of wages, regulated by the price of silver, but the men have not yet accepted it. According to this the lowest wages are \$2.50 and the highest \$5 per day.
The ironclad Independence has captured the rebel warship Andes, which was seized at Buenos Ayres a few days ago by the rebels. The rebel officers of the Andes managed to escape, but the crew was captured.
Dr. Fogelson, of Hillsdale, Mich., convicted of poisoning his third wife, was sentenced to prison for life. The doctor declared he was innocent. It is now remembered that the doctor's first and second wives died under peculiar circumstances, and there is a suspicion he may have murdered them also.
Dr. Gray, the most prominent physician in Tusahoma, I. T., answered a call to a distant point and later the doctor's horse came home riderless. Indians reported the doctor had been drowned while crossing a river. It is believed the Indians killed him to prevent his giving testimony in an important case this week.

In the public demonstration of the Amick treatment, which has been in progress in Cleveland, O., for the past two months, of ten consumptives one died, three are apparently cured, being now free from all symptoms of the disease; four show marked improvement, and two a slight gain. The greatest increase in weight was three pounds in four days. The demonstration has not yet ended, although Dr. G. B. Sturgeon admitted tonight that the treatment had already accomplished more than the Cincinnati discoverer claimed for it.

NEWS OF THE STATE.
The La Grande anti-Chinese agitators have been bound over to the grand jury in the sum of \$100 each.
A strange change has come over the two Astoria murderers, Hansen and Reiter. Before conviction Hansen was completely prostrated and broken down, while young Reiter wore an air of callous bravado. Since they were found guilty Hansen has become seemingly resigned to his fate, while Reiter fills in his time whining piteously for compassion and pardon.

A Good Thing to Keep at Hand.
From the Troy (Kan.) Chief.
Some years ago we were very much subject to severe spells of cholera morbus; and now when we feel any of the symptoms that usually precede that ailment, such as sickness at the stomach, diarrhea, etc., we become scared. We have found Chamberlain's Colic, Cholera and Diarrhoea Remedy the very thing to straighten one out in such cases. We are not writing this for a pay testimonial but to let our readers know what is good to keep handy in the house. For sale by Blakeley & Houghton, druggists.

HE GOT BOTH OF THEM.
An Express Company's Detective Who Laid Out Two Stage Robbers.
"One day in October, 1877, I was staying in northern California," said Thomas M. Spencer to a St. Louis Globe-Democrat man. "There were six of us in the coach. We were talking about stage robbers. Suddenly there was a halt and one of the party said: 'Speak of the devil and he will appear.' Well, we all got up and stood in a line and gave up our purses and watches. The driver had thrown off the mail bag and the Wells-Fargo safe. There were two robbers, neither of them masked. They were not polite like the knights of the road of romance, but swore continuously. The job was done in about five minutes, and the robbers told the driver to go ahead. We did so for a half mile or so, when one of the passengers, a silent man whom I had taken for a commercial man, said to the driver: 'Go slowly and wait for me at the ford.' He then produced a Winchester from the bottom of the coach and started back over the road alone. 'Who is he?' we asked the driver. 'Wells-Fargo man, I guess; never saw him before, but I guess he knows his business. If he comes back, he will have got them; if he don't, they'll have got him.'

"Twenty minutes later we heard some rapid firing. We stopped at the ford. Nearly an hour passed, and then the man who had gone back appeared on the trail. He walked slowly, as if in pain, and a bloody handkerchief was tied about his head. 'Drive back and get the box,' he said to the driver. 'Did you get 'em?' asked the driver. 'Both of 'em,' he replied. We drove back. In the middle of the road where we had been held up both men lay dead. The Wells-Fargo detective, calculating that they would stop to rifle the mail bag and the strong box, divide the plunder and then separate, had quietly walked back. One of them he dropped with his Winchester before he was suspected; the other got in one shot before he fell, and that had struck the brave man a glancing blow on the head. Our property was all restored to us. We helped bury the dead robbers by the roadside. The brave officer refused to accept the purse we hastily raised for him."

FISH ALIVE IN BOILING WATER.
A Nevada Species Which Died on Being Put Into a Cold Fluid.
One of the most remarkable discoveries in the shape of a peculiar species of fish ever made on this continent was that made at Carson City, Nev., in 1876. At that time both the Hale & Norcross and the Savage mines were down to what is known as the "2,200-foot level." When at that depth a subterranean lake of boiling water was tapped. The accident flooded both mines to the depth of 400 feet. After the water had all been pumped out except that which had gathered in basins and in the inaccessible portions of the works, and when the water still had a temperature of 128 degrees—nearly scalding hot—many queer-looking little blood-red fish were taken out. In appearance they resembled goldfish. They seemed lively and sportive enough when they were in their native element—boiling water—notwithstanding the fact that they did not even have rudimentary eyes. When the fish were taken out of the hot water and put into buckets of cold water for the purpose of being transported to the surface, they died as quickly as a perron or pass would if plunged into a kettle of water that was scalding hot; not only this, but the skin peeled off exactly as if they had been boiled. Eyeless fish are common enough in all subterranean lakes and rivers, but this is the only case on record of living fish being found in boiling water.
