OCTOBER OLIO.

A Savory Mess From Miscellaneous
News Bits.

I told my love a truth she liked not well:
she spoke no word. I raised my eyes to watch
her cheek's red flush, her bosom's angry swell;
she rose to go; her hand was on the latch:
When some swift thought—of my fond love,
maybe,
Or ill-remembered patience—bowed her head,
she faltered, paused with foot half raised to flee,
Then turned, and stole into my arms instead.

A train of nineteen cars loaded with
cattle went to Portland this morning.
Large shipments are being made both
east and west almost daily.

It is said that while Liberati's or-
chestra was playing "Swanee River"
Saturday night one of the musicians fell
in and was drowned.—Portland Dispatch.
Liberati must have been in excellent
spirits, better than we thought Portland
can afford.

Herr Arnold, the Norwegian violinist,
played with remarkable purity of tone,
strength and brilliancy, and was encored
after each number. He is a master of

styled—a Violin Virtuoso.—Portland,

Mr. W. Gilhouse has just returned
from his ranches and has been gather-
ing up the petitions that were out for
signers for the continuing of the pres-
ent tariff on wool and the extension of
the time for purchase of forfeited rail-
road lands. Mr. Gilhouse was de-
lighted to find that these petitions were
generally signed.

Messrs. Hill, Burgess and Macken
brought in a fine lot of beef cattle from
Trout creek to Saltmarsh & Co.'s stock-
yards today, and were loaded at once on
cars for the Chicago market. The band,
we understand, is part of the purchase
made by Messrs. Rand & Co., who are
buying for eastern markets. This lot
bills 17 cars, or a train load, and will
go through on fast time.

Corner Eastwood is also window
dresser in M. T. Nolan's postoffice store,
and in this line possesses much origi-
nality. His latest effort is arranging a

window in imitation of a fair. A grand
stand, judges' box and stock stables are
the principal pieces of furniture, and
they are peopled with handsome dolls,
horses, cows, sheep and even elephants.
The effect is quite pleasing.

Dr. Sanders delivered the first of a
course of four short lectures before
the children of the public school of
this city yesterday. He talked
most entertainingly for thirty minutes
on "Structure and Development of the
Teeth." The other three, to be deliv-
ered at irregular intervals, are consecu-
tively: "Care of the Teeth," "Decay of
the Teeth," and "Restoration of the
Teeth."

A pony free-for-all race, purse \$25, for
the boys, has not received scarcely an
entry yet. What's the matter with the
boys? There ought to be twenty-five
entries or more for this race. The time
for entry has really expired but it will
be extended if applications are made
soon. The rules are that no pony shall
be more than 13½ hands high, and the
manner of entry may be learned by ap-
plying to J. O. Mack.

The Woodmen's Social.

The Woodmen of the World last even-
ing gave the first of a series of monthly
socials which was one of the most thor-
oughly enjoyable events thus far this
season. The programme was impromptu,
but contrary to what might have been
expected, delightful. There were some
130 guests present, who found pleasure
in music, dancing and the choice supper
which was prepared.

The address of welcome was first by
Lt. Adviser C. H. Brown, followed by
the Mandolin club in one of their pleas-
ing selections. Miss Krefl then gave a
recitation, which was well received, fol-
lowed by some sensible, timely remarks
by Mr. D. C. Ireland. His little talk,
though brief, was full of substance, and
reflected a genial good nature which
ever brims to the surface of that well-
known Oregonian. The Mandolin club
again played a sweet selection, followed
by a song by Miss Myrtle Michell. The
lady was in excellent voice, and delighted
her listeners. The spread was placed on
two tables nearly the full length of the
hall and was loaded with everything
which could tempt the appetite or con-
tribute to the pleasure of the veriest
gastromane.

A SHORT SESSION.
And a Great Deal of Business Transacted by the City Council.

The city council met last night in reg-
ular session, a full board being present.
It was a model meeting for the dispatch
of business. Ald. Krefl was the last to
arrive, and he was fully adorned in war
paint, maintaining his belligerent atti-
tude during the whole of the evening.
It was evident from the first that he in-
tended to hold the mayor down to strict
parliamentary practice, and the mayor
accepted the gage of battle, perhaps in
excess of the alderman's expectations,
for his gavel beat almost a tattoo in the
rapid disposal of the several points of
business as they came up.

The first intimation of cholera on the
part of the alderman was over the read-
ing of the communication from the As-
toria chamber of commerce, stating that
whereas the United States had caused to
be built a battleship to be named the
Oregon in honor of our state, to be
launched about Oct. 26th, resolved that
the Astoria chamber of commerce com-
municate with the boards of trade, city
councils and other state organizations to
co-operate with the Astoria chamber of
commerce to procure necessary funds
for the purchase and presentation of a
suitable testimonial, and recommending
that each of the above-named organiza-
tions send one delegate to a convention
to be held at Portland, Or., October 7th.
At the conclusion of the reading the
mayor stated that he "did not believe
the finances of the city would warrant
any such—"

"I move that the recommendations in
the communication be complied with,"
interrupted Mr. Krefl.

The mayor blushed a second from
surprise, but quickly recovering, put the
question, which was lost, and there-
forth his face assumed a set expression
and then there were two grim faces till
the end of the meeting. The unusual
diversion was too much for Joles, and
his customary loquacity gave place to
studied quietude and an amused ex-
pression. No action was taken on the
Astoria communication.

Previous to this two petitions were
read, one from Messrs. Bradshaw, Wm.
Michell, et al., praying that the prop-
erty in the vicinity of Fourth and Fifth
and Washington be better protected
from fire. Referred to the proper com-
mittee. The other petition was from
Nellie Waldron and Frank C. Waldron,
praying that the city execute a deed for
lots 1 and 2, block 3, Trevett's addition.
Referred to the recorder to make out
deed if the statements in petition were
found correct.

The committee on streets and public
property presented a report, recom-
mending that on account of the present
condition of the city treasury, the peti-
tion for an arc light at the corner of
Third and Liberty be not granted; also
that the inclined sidewalk recently
built on the bluff be not accepted as a
donation to the city, as the city has
other steps adequate for the purpose.
Report adopted.

The committee on health and sewers
reported the work on the sewer exten-
sion completed by C. M. Fouts, who
charged 13 cents a foot for 1,400 lineal
feet.

The committee on streets and public
property reported as to the rock crusher,
that it had been located on the old
brewery grade, workmen hired and that
it was now in successful operation. Re-
port accepted and placed on file.
The bills were then read, on motion
all those referring to the crusher be

handed to the finance committee in or-
der to determine which of them were
subject to the county bearing half of
the expense. The following were or-
dered paid:

After reading the bills, Ald. Krefl
spoke of several matters that should re-
ceive the attention of the council. One
of these was the matter of sidewalks on
Eleventh street, a number of property
owners not having complied with the in-
structions to build sidewalks. The re-
corder was instructed to order same to
be built immediately. Mr. Krefl then
said there was a defective sewer on the
property of which Mr. Rorden was
agent, and at present occupied by Mr.
Lewis, on the corner of Ninth and
Union. The recorder was instructed to
serve proper notice looking to an abate-
ment of the nuisance. The city marshal
was further instructed to enforce the or-
dinance connecting all sewers, the own-
ers of which had thus far refused to
comply with the notice already given
them.

It appearing that there are several
team licenses unpaid, a motion carried
that the marshal at once enforce their
collection.

The petition of C. E. Bayard and
others then came up, praying for the re-
moval of about ten feet of the west side
of Court street, unlawfully fenced, and
the removal of the obstructions on the
south side of Ninth street, between
Union and Court, consisting of a fence
in the street adjoining the lots of Thos.
McGraw and Mr. Drews. On this propo-
sition an animated discussion arose be-
tween Ald. Eshelman of the one part
and Ald. Krefl and Butts of the other.
The former contended that it was a nec-
essary improvement, while Mr. Krefl
said there was not an open street there.
Put to a vote, the petition was granted by
4 to 2.

Mr. Story then arose on behalf of Mr.
Mesplie, and stated that the latter's
horse had been impounded and sold for
\$10 without his knowledge. Mr. Mesplie
made a statement, charging that the
horse had never left home and must
have been driven from the place. In re-
ply the marshal stated where he had
found it on Ninth street, that he had
advertised it ten days and notified Mr.
Mesplie.

The recorder enlightened the council
on the charter law providing the manner
in which a suit for damages shall be
brought, and on motion of Ald. Hudson,
it was decided that should Mr. Mesplie
consider himself aggrieved, he should
proceed before the recorder's court, as
provided by the ordinance.
Adjourned.
