The Peary Expedition Heard From. LONDON, Oct. 10 .- A letter from a member of the Peary expedition has been received by Morganblatt of Christians. It says: "The Falcon reached Kowdoin bay, Murchison sound, August 3d. By diligent shooting 20 tons of walrus meat for the use of the dogs during the winter have been secured. A cache of provisions has been established on the inland ice for the use of the sledge party on the journey in the spring. Lieutenant Peary is going with fifty dogs to establish other depots, and try to penetrate half way into Independence bay. The house built at McCormack bay by Lieutenant Peary's party in 1891 has been demolished by the The Dalles, Portland and Astoria Eskimos. Mrs. Peary is enjoying fine health and vigor, and takes part in most of the sporting trips. Mrs. Peary will remain for the present in the house at Bowdoin bay."
