DYSPEPSIA
Is that misery experienced when suddenly made aware that you possess a diabolical arrangement called stomach. No two dyspeptics have the same predominant symptoms, but whatever form dyspepsia takes
The underlying cause is in the LIVER,
and one thing is certain no one will remain a dyspeptic who will

Start the Liver working and all bodily ailments will disappear.
"For more than three years I suffered with Dyspepsia in its worst form. I tried several doctors, but they afforded no relief. At last I tried Simmons' Liver Regulator, which cured me in a short time. It is a good medicine. I would not be without it."—JAMES A. ROANS, Philad'a, Pa.

A DESPERADO KILLED
Shot by a Deputy United States Marshal.
A LEADER IN COAL CREEK TROUBLE
Singular Fatal Accident During a Surgical Operation—Other News Happenings.

KNOXVILLE, Tenn., Oct. 19.—Bud Lindsay, one of the most notorious desperados in this section, was shot and mortally wounded near Jacksboro yesterday afternoon by J. N. McGhee, a deputy United States marshal. Lindsay was one of the leaders in the Coal Creek mining troubles, and it was he who captured General Anderson, commander of the state troops, and held him prisoner until released by General Carnes' command. He was for several years a deputy United States marshal and a terror to moonshiners. He has killed three men, and was mixed up in numerous battles in the border counties of Kentucky and Tennessee. He was killed in a personal difficulty brought on by himself.

Singular Fatal Accident.
SYRACUSE, N. Y., Oct. 19.—Patrick Kanaley of Jordan died at St. Joseph's hospital, this city, last evening in a peculiar manner. He was undergoing amputation of the left leg above the ankle, when an attendant was instructed to clear out his throat, which had filled with mucus and was interfering with his breathing. The sponge used got loose from its fastenings and Kanaley drew it down into his throat with the next inspiration. Tracheotomy was performed and the sponge was finally recovered, but the man was dead.

DECREASE IN CONSUMPTION.
A Remedy That Is Working Wonders With the Disease.
PHILADELPHIA, Oct. 17.—The county medical societies' petition to the board of health to isolate consumptives has increased their fears, occasioned by startling headlines in a local paper declaring the disease infectious. The state legislature of Michigan recently indorsed this view, as did the medical congress in Washington, and deaths from consumption having decreased everywhere recently, Dr. Fleck, with a few others, ascribe this to isolation. The majority of medical experts, however, credit it to the free broadcast distribution through physicians of test outfits of the Amick treatment, by which authentic cures are reported daily in the medical and secular press.

Was It Chance or Retribution?
BALTIMORE, Oct. 19.—In testifying in her own behalf at the southwestern police station Monday, Mrs. Adeline Wilder called God to smite her if she had not sworn to the truth. The words had scarcely left her mouth when she fell to the floor unconscious. Twelve hours afterward she was revived, but is now a raving maniac. Mrs. Wilder had been arrested for assault. At the trial even her husband corroborated the prosecuting witness, a young woman whom Mrs. Wilder was charged with striking with a teapot. Mr. Wilder says his wife never to his knowledge had a fainting fit before.

Suffering in the Cherokee.
GUTHRIE, O. T., Oct. 18.—Every town in the territory is filling up with the people from the Cherokee strip, who come in hungry, cold and without a cent of money. Every day brings the news of the death of one or more of the unfortunate settlers, and the suffering among the improvident people who rushed into the strip with no money and no means of making a livelihood is terrible.

Specimen Cases.
S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.
Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Snipes & Kinnersly.

A COMPROMISE.
The Steering Committee Preparing a Bill.
WASHINGTON, Oct. 19.—The democrats in the senate are devoting most of their time to an effort to agree among themselves, and are of the opinion they are in a fair way to agree on a bill to be introduced the beginning of next week. So many of them are engaged in this business that very few were in the senate today: but the silver men understanding the situation did not suggest the absence of a quorum. It is a fact that the democratic steering committee has almost agreed on a bill and is now engaged in trying to get the various factions to accept it. The silver democrats accept it rather readily, though not fully satisfied with the limited recognition of silver; but some repeal democrats are still holding out for absolute repeal, and with these the committee is now laboring. The opinion is expressed that if all these cannot be won over enough republicans can be secured to pass the measure. The proposed bill extends the provisions of the present silver purchase law to January 1, 1895, with a reduction of the monthly purchase to 2,500,000 ounces per month, and for the coinage immediately of the seignorage silver in the treasury. The matter of the bond issue is still open. The most favorably considered proposition contemplates the purchases of silver at the present rate till 90,000,000 ounces are purchased. Vilas is the only member of the committee holding out against a compromise. A consultation will be held with Carlisle this afternoon.

DR. GRAVES, THE POISONER.
A Sensational Story That He Is Not Dead.
DENVER, Oct. 19.—The News publishes a sensational story to the effect that Dr. T. Thatcher Graves, the famous poisoner, who was supposed to have committed suicide in jail, is not dead. It is maintained a pine log occupied the coffin instead of his body. The story is given on the authority of Charles N. Chandler, a wealthy citizen of Thompson Centre, Conn., Graves' old home, and where the body is supposed to be buried. Chandler and a fellow townsman, Stephen Morse, are now here. They declare that the coffin was opened at the grave against the protests of the widow and found to contain a pine log, and that the supposed dead doctor is now enjoying freedom in a foreign country. A rumor has been current here some time that the body carried from the county jail was really wax, and that the parties to the deception were some high officials and a secret organization. This rumor is strengthened by the refusal to allow the remains to be viewed except by the most intimate friends, and by the further fact that the widow refused to allow the remains to be embalmed.

NEWS OF THE STATE.
The Multnomah Athletic club house is a new feature of Portland.
Three-fourths of the depositors in Case's bank have signed the agreement concerning the terms of payment of deposits, and it is probable the bank will reopen the beginning of next month.
In the case of Joe Combs vs. the Living Issue, at John Day, the grand jury returned a true bill of indictment for libel against Bailey Dustin, John C. Luce and N. C. Burleigh. This was a personal attack against Sheriff Combs' character. Luce, Dustin and Burleigh were admitted to \$500 bail.
Chief Hunt of Portland has been working on the case of George D. Grant of The Dalles, who was robbed of \$200 while in the metropolis recently. Four parties, denizens of the White Chapel district, have been arrested as implicated in the robbery, two of them women. The scene of the trouble was the Badger saloon.

NEWS NOTES.
New York city sustained a \$3,500,000 fire Wednesday evening.
Brayton Ives will be the president of the Northern Pacific for the ensuing year.
Hayti's deputy minister of the interior, it has been discovered, was connected with the plot to overthrow the government. He has been imprisoned and will probably be shot as a traitor.
A report comes from the treasury department that the expenses of the government are in excess of estimates and should the present conditions continue, the deficit at the end of the year will be about \$50,000,000.
The French authorities propose to change the name of Boulevard Leygoutier to Boulevard Avellan. It is also suggested to change the name of the new ironclad to be launched on the 27th, inst. either to Tsar or Russe.
A bill has just past in both houses of the Choctaw (I. T.) council allowing a delegate to be sent to Washington as a lobbyist. The salary will be \$5,000 a year with \$2,000 incidental expenses. The government will appoint Dr. Wright.
The Indian agent at Puyallup, Wash., has submitted a report to the interior department. He says intoxication is the predominant evil among the Indians. The evil will grow, he thinks, because of the decision of the courts that an Indian holding a patent to land is a citizen.
The policy of the senate republicans is to remain quiet, neither helping the democrats out of their present snarl nor doing anything to prevent the progress of the repeal bill, but if it becomes evident that the democrats can do nothing, then to prepare a republican measure and ask the senate to pass it.

Eugene News.
EUGENE, OR., Oct. 19, 1893.
To THE CHRONICLE—The second summer is here; foggy mornings and sunny days. The rainfall has been five and a half inches here the past month.
The cannery has been working for some time and is doing good work in advantageously disposing of local produce.
Rev. Geo. W. Hill, formerly a Dalles boy, preached a farewell sermon in the Baptist church on Sunday. He soon leaves for China as missionary.
The university dormitory will soon be completed for occupation. It is a desirable addition to the campus and looks well. There are more college students than ever before now in attendance.
The recent changes introduced by President Chapman are working well, and the school is in a flourishing condition. Let every youth in Oregon take advantage of it before it is too late.
The Presbyterian Synod met here last Friday and Saturday, the different churches being filled by some of the visitors on Sunday. There are indications that the liberal views of Dr. Briggs are gaining ground.
The river has been high enough to permit steamboats to run to this place from Corvallis. Arrangements are being made to open up the river below here, so that continual traffic by water may be carried on with the outside world. If this improvement is successful we will be within five days' freight distance of San Francisco by way of Yaquina, which will give Eugene the commercial advantages of other Willamette towns.
