OCTOBER OLIO.

A Savory Mess From Miscellaneous News Bits.

The teachers and the golden rod are blooming over the land; Geography and pumpkin pie now wander hand in hand; Punctuation and orthography are in the atmosphere, which tells us that the time to change our underclothes is near.

Wheat is arriving from Klickitat in considerable quantities today.

Smokeless shot, shells and ammunition of all kinds at Maier & Benton.

Owing to the wind the balloon ascension was postponed until tomorrow afternoon.

The Spokane passenger train was delayed north of Pendleton and failed to connect with the Union Pacific through train, and ran through a special today.

Kerr & Buckley crossed the river today with 7,000 head of sheep, which are being driven from near Mt. Adams to their winter range in Sherman county.

A large number of new names have been added to our subscription list in the last month. This is what we like. You cannot subscribe too rapidly to suit us, gentlemen. Who is the next?

The little 5-year-old son of Mr. A. A. Bonney broke his leg Thursday evening by jumping from a wagon. Dr. Powne Tygh set the injured member and at the last account he was getting along as well as could be expected.

A large number of people are in from the country today, a great share of them probably to witness the balloon ascension. The half square in the rear of Wm. Michell's undertaking establishment was filled with wagons at the noon hour, and a similar appearance was noted in the East End.

An accident happened to Mr. Pointers wheat wagon of the Klickitat this morning. He was nearing the railroad, intending to cross, when a train came along, frightening the horses. They turned short, throwing one of the horses down, and breaking the coupling pole. The driver was also thrown out, but regained his feet before the horse did and caught them.

Grandpa's birthday comes again tomorrow. James Ferris will then be 84 years old. He made a pleasant call at the Chronicle's office this morning. He is in possession of all his faculties and is still as spry as many a man twenty years his junior. On his last birthday he plowed all day, but this year his birthday falls on a Sunday, and then it is just as well, for the "rheumatiks are bothering him right smart this year."

In the new town of Perry, in the Cherokee Strip, which was started on September 10th, last, there are 150 saloons, fifty grocery stores, and other business houses in proportion. Buildings are now being erected at the rate of five per day. One thousand build-

ings are now in course of construction in this "wild and woolly" town. Twenty-one men have been shot within the past month, and it is the toughest town in the world now.

Pease & Mays made an exhibit of relics in their window, all shoes. A legend on one pair of small size states that they were worn by Col. Sinnott forty years ago. Of more ancient origin is the pair worn by Christopher Columbus when he crossed the Atlantic the first time. Another pair shows the appearance after the ball, and another, full of worn nails and gapping at the edges, shows what we will wear when free trade is inaugurated, and many more too numerous to mention.

Chrysanthemum Club.

The Chrysanthemum club gave a social hop at their hall last evening, which was highly appreciated by those in attendance. An enjoyable time was had. The club's flower, the chrysanthemum, gaily decorated all persons. It undoubtedly surpassed all previous hops held by the club. Those present were: Dr. Sanders and wife, Mr. Briggs and wife, C. W. Dietzel and wife, L. D. Ainsworth and wife, W. H. Wilson and wife, Capt. Sherman and wife, H. J. Maier and wife, Dr. Suedaker and wife, L. Heppner and wife, W. E. Garretson and wife, Mesdames Blakeley, Cushing, Bradshaw, Sampson, Misses Grace Marden, Ettie Story, Edythe and Alma Schmidt, Cad Booth, L. Thompson, Ev. Newman, Besale Lang, Allie, Levia and Bessie Rowland, Dottie Fredden, Clara Davis, Eva Heppner, Laura Morris, Lizzie and Georgie Sampson, Alma Schanno, Edna and Bertha Glenn, Enery, Drew, Mattie and May Cushing, B. Sterling, Bowman, Frazier, Dietzel, Lay, Peters, Krist, Messrs. S. Campbell, Dr. Logan, Montgomery, F. Garretson, W. Gentry, F. Weigle, J. Weigle, Vic. Marden, L. Schanno, J. and G. Bonn, W. Fredden, F. Dietzel, C. Clark, W. Vogt, E. Drews, R. Rowland, C. Fritz, V. Schmidt, E. Sterling.

Announcement.

Having bought out A. J. Moses' lease in the livery business, formerly owned by me, I am now prepared to furnish livery on short notice and feed stock by day, week or month.

Thanking my old customers for past favors I would like to see them again at the old stand, East Second street.

C. L. RICHMOND.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawaba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Snipes & Kinersly.

In Good Quarters.

The rock crusher has been removed to the Union street cut, where the council has wisely proposed to utilize it in grinding up the rock which has been taken out at that point. With an eye single to economy they noted that it would cost more to remove this rock in wagons and stow it in a useless place than to move the crusher and let it do the work of disintegration. There is an opportunity now afforded to widen out this street to its full limits, which will make it a thing of beauty and a joy forever, while at the same time furnishing material for needed repairs on the streets. In this respect Providence seems to have been kind in placing this mine of rock where it is so convenient.

PERSONAL MENTION.

Mr. Geo. Filloon is in the city today.

N. F. D. ASSOCIATION.

A Very Instructive Session at Portland --Prof. Clark Present.

Mr. C. J. Crandall returned from Portland last night, where himself and Mr. Wm. Michell have been in attendance at the annual meeting of the Northwest Funeral Directors association. The meeting was one of the most instructive sessions in its history. This organization has been in the habit of employing instructors at their yearly meetings who are foremost in the art of embalming, paying therefor large amounts. The cost is no object compared to the education they seek. On this occasion they were fortunate in securing the services of Prof. J. H. Clark, of Springfield, O., who is the acknowledged leader of the art of embalming in the world. Prof. Clark is to the embalming world what Edison is to the electrical. He is a thorough anatomist and chemist, and his researches extend through a long period of years. This concentrated knowledge of years he gave to those who were assembled at the Portland meeting, thus diffusing his knowledge and making it of widespread benefit. In the light of recent knowledge a body may now be embalmed and kept indefinitely, resembling a lifelike appearance and impervious to the action of the air. The Egyptian style of embalming is much inferior to that of the present day. The flesh is absent and the shrunken skin and darkened color make them appear thoroughly unnatural. The doctor has a subject at his home, which after eleven years, looks as lifelike as on the day of decease. The system is to inject a fluid preparation into the arteries, which penetrates to the smallest capillaries, which act as a preservative. There are many embalming fluids, all of them being protected by patent.

A GREAT SAVING.

The Survey for the New County Road to 15-Mile Completed.

The survey for a new county road from The Dalles to 15-Mile has just been completed by Messrs. Ed. and Frank Sharp and L. L. McCartney. The new grade dispenses with all the steep pulls which have been features of the road from time immemorial and shortens the distance about three miles.

Starting from the city limits the new road bears to the left of the present road to 3-Mile creek, passing meanwile across a gravel bed that will be of great benefit in grading on both sides. The road cuts off the hill now traveled on this side of 3-Mile, and climbs the hill on the other side at an even slight grade leading to 5-Mile, where the Sherar grade is reached. At Godfrey's place beyond 5-Mile the road crosses the gulch and leads up the hill at a grade of about ten inches to the road, to the top of 8-Mile, and thence to Doak's place. A little farther it crosses to the south side of the road and follows up the gulch for a half mile, meeting the present road, the new route being much shorter to the top of the hill. "Long" Ward's place is left a quarter of a mile distant by the new route, which goes on to the Boyd school house, then cutting off the northeast corner of Sothern's field, and continuing to Boyd postoffice. It then follows the Canyon City road three-quarters of a mile, when it bears off below the road to the crossing on 15-Mile, which is about two miles from Dufur.

The new road is a great saving both in distance and steep pitches and it is a wonder it has not been made long ago. It is earnestly hoped, for the good of our country people, that the road will not be subjected to further delay, but made and pushed through to completion as soon as possible.

Perhaps some of our readers would like to know in what respect Chamberlain's Cough Remedy is better than any other. We will tell you. When this remedy has been taken as soon as a cold has been contracted, and before it has become settled in the system, it will counteract the effect of the cold and greatly lessen its severity, and it's the only remedy that will do this. It acts in perfect harmony with nature and aids nature in relieving the lungs, opening the secretions, liquifying the mucus and causing its expulsion from the air cells of the lungs, and restoring the system to a strong and healthy condition. No other remedy in the market possesses these remarkable properties. No other will cure a cold so quickly. For sale by Blakeley & Houghton.

Shiloh's cure, the Great Cough and Croup Cure, is for sale by Snipes & Kinersly. Pocket size contains twenty-five doses, only 25c. Children love it. Sold by Snipes & Kinersly.
