**THE AMERICAS.**

ANCOMARCA, Peru, is 16,000 feet above the sea, and the highest inhabited spot in the world.

NEWFOUNDLAND is without reptiles. No snake, frog, toad, or lizard has ever been seen there.

ALL along the Atlantic coast there is excessive reduplication of English and Scotch and Irish names of places.

Though Labrador was probably the first of the American mainland visited by Europeans, yet it now contains the largest unexplored area on the continent.

In some parts of Central and South American a single firefly gives so much light that it illuminates a whole room. The English residents catch them in order to find the match box or lamp.

If you wish to reach all the people in this neighborhood you can't do better than talk to them through the columns of the DAILY CHRONICLE. It has more than double circulation than any other paper, and advertising in it pays big.

THE NEW TOWN has been planned on the old camp ground, at the Forks and Falls of Hood river, with large, slightly lots, broad streets and alleys, good soil and pure water, with shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort for all Oregon, being the nearest town to Mt. Hood. It is unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse-power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the many factories will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.

See me on the ground, or address me at Hood River Wasco County, Oregon.
