THE DALLES OREGON

CHOICE HUMOR.

BARLOW—"Who composed this opera?" Cadley—"I don't think it ever was composed. I don't notice any composure in it."

"PARLOW, what is your idea of a gentleman?" "I am." "By jove, Parlow, you always do have original ideas, don't you?"

"AND how is your table?" asked the prospective boarder. "Splendid," said the landlady. "Why it's so rich that people are dying of indigestion in my house all the time."

"WHAT marvelous vitality Slithurs has! He's been ill six months now. Any other man would have died." "It isn't vitality. It's the times. He is so hard up he cannot even pay his last debt to nature."—Harper's Bazar.

DULL Times makes it all the more necessary to advertise. That is what the most progressive of our business men think, and these same business men are the most prosperous at all times. If you wish to reach all the people in this neighborhood you can do better than take to them through the columns of the DAILY CHRONICLE. It has more than double the circulation of any other paper, and advertising in it pays best.

HAS A FAMILY OF 2000 READERS.

They read The Chronicle to get the latest and most reliable news. And they read every line that is in the paper. That is what makes the Chronicle an invaluable advertising medium. The newspaper that goes to the family firesides is the one that the advertisers of today patronize when they desire to reach the people. When they want your trade their announcements will be found in the paper. Look over our columns and observe the verification of the truth of this assertion. Remember, a trade of a family of two thousand is worth asking for through these columns, especially so at our very

WINANS

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large, slightly lots, broad streets and alleys, good soil and pure water, with shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort for all Oregon, being the nearest town to Mt. Hood. It is unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse-power in its dashing streams and water-falls, easily harnessed. Where cheap motive power exists, there the many factories will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.
