what a comfort it is to have ready at hand a remedy that never fails to relieve Constipation, and that, without pain or discomfort; and almost immediately cures headaches, and dispels every symptom of Dyspepsia. Such a remedy is found in Simmons Liver Regulator—not a sweetened compound to nauseate, or an intoxicating beverage to cultivate an alcoholic appetite, but a medicine pleasant to the taste, and perfectly harmless when given to the smallest child. FELL TO THEIR DEATH
Workmen Precipitated Into the Water and Drowned at Portland.
A DRAW BRIDGE WAS OPEN
A Heavy Fog Prevalled, Which Is Only Partly Accountable for the Accident.

PORTLAND, OR., Nov. 1.—[Special to THE CHRONICLE.]—One of the most heartrending tragedies which ever occurred in this city took place at 6:30 this morning when the electric car Inez plunged off the Madison street bridge, loaded with passengers. There were few stirring at the time, and in the heavy fog which prevailed it was fully half an hour before any intelligent effort could be organized at rescue. This was, however, futile, for the occupants of the electric motor car were in a veritable death trap, and all who went down were drowned. At this writing the fatal blunder is unaccounted for. It is known that the draw was opened for the passage of the steamer Elwood, but whether the brakes refused to work or some other cause cannot yet be ascertained. Four bodies have thus far been recovered. These are:
CHARLES BRECKMAN,
ALEX. CAMPBELL,
J. P. ANDERSON,
GEO. STADLER.

It is not known just how many there were in the car, but it is believed about twenty. It is thought the most of them escaped by jumping just before the car made the fatal plunge. All of the dead were residents of Milwaukee, who were coming into the city to work. An immense crowd has gathered in the vicinity, and relatives of the missing ones are crowding around the scene of the disaster. There is great confusion and no systematic effort can yet be made to ascertain how many were plunged to their death. None of those who jumped were seriously injured, but several alighted just on the brink of the draw. The occupants of the car were all married men, and it is thought that Anderson has a family of five children.

LATER—The cause of the accident is now more nearly ascertained. It appears that the brakes were set, but as it was the first car to go over the track, the rails were covered with frost, and owing to the momentum the car slid along for a distance of 150 feet. The heavy fog prevented the open draw being seen any quicker. The conductor and motor man have been arrested, and a rigid investigation will be made. A report is that James Steele, the president of the company, was also arrested, and that he fainted when the officer made known his errand. The latter report, however, lacks confirmation.

BLEW OUT HIS BRAINS.
Tragic Suicide of a Wealthy Mine-Owner.

BROOKLYN, Oct. 31.—The Hotel St. George was the scene of a tragic and sensational suicide last night, when Samuel C. Cook, 40 years old, a wealthy mineowner, placed a pistol over his right ear and blew out his brains. For over a year past he had had a lawsuit dragging in the courts, and yesterday the case was decided against him.

THE BEST PLASTER.—Dampen a piece of flannel with Chamberlain's Pain Balm and bind it on over the seat of pain. It is better than any plaster. When the lungs are sore such an application on the chest and another on the back, between the shoulder blades, will often prevent pneumonia. There is nothing so good for a lame back or a pain in the side. A sore throat can nearly always be cured in one night by applying a flannel bandage dampened with Pain Balm. 50 cent bottles for sale by Blakeley & Houghton, druggists.

UNDERRATED THE MOORS.
Their Fighting Powers Greater Than the Spaniards Expected.
MADRID, Oct. 31.—The Spanish reverse at Melilla was due to the mistake of General Margolia in underrating the hostility and fighting powers of the Arabs. At a cabinet council Sunday, which was summoned by the queen regent herself, her majesty said she considered that the time had arrived to appeal to the patriotism of all Spaniards for sacrifices to defend the Spanish honor at Melilla. She asked that all information in regard to affairs there be published and none concealed. In the meantime the Wadraz infantry regiment was formed in the courtyard of San Francisco barracks ready to start for Melilla, and at the close of the council the regent and her children, accompanied by a number of noblemen and generals, drove to the barracks and reviewed the regiment. News received tonight, which was brought to Malaga by steamer owing to the fact that the cable was interrupted, says the Moors returned today with the determination of constructing trenches 600 yards from Fort Camellos, notwithstanding a heavy fire by the troops. Official figures show the Spanish losses in the recent engagement to have been 12 killed and 50 injured.

Growing Uneasiness in Europe.
BERLIN, Oct. 31.—There is no disguising the fact that considerable uneasiness exists in Europe at the present situation of the powers, and this uneasiness is increasing as the nature of the Franco-Russian alliance becomes known. The Hamburger Nachrichten, in an article which the best-informed people assert was at least instigated by Bismarck, accounts for the Russian reply to France's advances on the ground that Russia will be driven into the arms of France by the growing suspicions of Germany's intimacy with England. It says the dread not only threatens Russia, but as soon as Russia became suspicious it would be exercised in defense of England's anti-Russian interests. Russia's resentment was immediately aroused. The Nachrichten also makes the assertion that a secret treaty exists between Russia and Italy, by which the former agrees to mediate in Italy's favor in Paris under certain contingencies.

A Grave-Robber Caught.
CHICAGO, Oct. 31.—Shortly after midnight last night two men brought a heavy trunk to the Rock Island railroad station and had it checked to Anamosa, Ia. An hour later the baggage man, suspecting all was not right, sent for the police and had it opened. They were horrified at finding it contained the body of a man, wrapped in oil cloth. There were no marks of violence on it. Attached to one of the feet was a tag such as is used at the morgue at the county hospital. It is supposed the body was intended for dissection. This afternoon a man presented a check for the trunk at the station and was arrested on a charge of grave robbery. He gave the name of Dr. W. T. Eckley, Fort Madison, Ia. At first he said he got the body to work on himself, but afterward said he was working for Professor Tanquary of Chicago, post-graduate of the medical college.

Wrecked Steamer New York.
SAN FRANCISCO, Oct. 31.—A tug returned from the wreck early this morning and reported that the workmen were engaged in patching up the hole in the hull of the New York with canvas and cement preparatory to pumping her out. They were doing the work with the aid of lime lights. It is expected the vessel will be in a condition to be pulled off the rocks this afternoon at about 4 o'clock during high water.

Are your children subject to croup? If so, you should never be without a bottle of Chamberlain's Cough Remedy. It is a certain cure for croup, and has never been known to fail. If given freely as soon as the croupy cough appears it will prevent the attack. It is the sole reliance with thousands of mothers who have croupy children, and never disappoints them. There is no danger in giving this Remedy in large and frequent doses, as it contains nothing injurious. 50 cent bottles for sale by Blakeley & Houghton, druggists.

Put to Flight
—All the peculiar troubles that beset a woman. The only guaranteed remedy for them is Dr. Pierce's Favorite Prescription. For women suffering from any chronic "female complaint" or weakness; for women who are run-down and overworked; for women who are expecting to become in hers, and for mothers who are nursing and exhausted; at the change from girlhood to womanhood; and later, at the critical "change of life"—it is a medicine that safely and certainly builds up, strengthens, regulates and cures.
If it doesn't, if it even fails to benefit or cure, you have your money back.

What you are sure of, if you use Dr. Sage's Catarrh Remedy, is either a perfect and permanent cure for your Catarrh, no matter how bad your case may be, or \$500 in cash. The proprietors of the medicine promise to pay you the money, if they can't cure you.

Notice:
All notes due and becoming due and all accounts owing us must be settled on or before November 1st, 1893, either in wheat, oats, barley or cash. Accounts and notes remaining unpaid after that date will have to undergo costs of collection. We mean business and must positively have money.

Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. For sale by Blakeley & Houghton, druggists.
