## ARE NEARING THE END

The House is All Ready to Adjourn Until December.

## ANXIOUS FOR THE CHINESE BILL

Populists Believe There Will be a Large Accession to Their Ranks.

WASHINGTON, Nov. 2.—In the house, a resolution for final adjournment at 3 o'clock tomorrow was adopted, 134 to 83.

Wilson introduced a resolution authorizing the committee on ways and means to sit during adjournment and consider the tariff bill. The republicans refused to answer to the names and there was not a quorum, the ayes being 157 and noes 1.

The house is ready to adjourn today, but the senate desires to dispose of the Chinese bill, if possible, and the nominations which fail of confirmation when the senate adjourns lapse and must be sent to the senate again. The nomination over which is the most contention is that of Judge Hornblower, of New York, for a place on the supreme bench. The general belief is that Hill has effected a combination against him, and that he will be defeated.

Senate bill to authorize the Missouri River Power Company, of Montana, to construct a dam across the Missouri river, was placed on the calendar.

House bill for a first-class steam revenue cutter for the great lakes was passed.

The house bill to extend time for the execution of the Chinese exclusion act was taken up. Davis offered an amendment re-enacting the act of July 6, 1884, and continuing such act in force 10 years longer. The act of 1892 required a Chinese person when accused of being unlawfully in the country to prove his innocence. "To prove his innocence," said Davis, "deprived him of the common law presumption of innocence until proven guilty. There is no other law of the kind in Christendom, and it would disgrace Morocco."

## The Populists Feel Elated.

WASHINGTON, Nov. 2.—The populists in congress are elated over the result of the fight for unconditional repeal; they claim it will mass the advocates of free silver in the south and west under their banner. They say they expect to capture the presidency in 1896 and are already seriously discussing candidates. There is a strong sentiment in favor of Jerry Simpson, and Peffer has a following, but Allen of Nebraska, who held the senate 15 hours, seemed to have charmed the members of his party in the house to such an extent that he is now enjoying a presidential boom. Watson of Georgia is spoken of for vice president.

## An Insane Mother.

NEW YORK, Nov. 2.—Mrs. Elizabeth Volk, of West New York, N. J., attempted to drown her two children in a cesspool at the rear of her house on Monday night. She had thrown her elder child, a boy of 5 years, into the pool, and was about to throw the other, an infant of 14 months, when she was prevented by several neighbors. Mrs. Volk fought so desperately, however, that it required four men to overpower her. The face of the baby was fearfully lacerated, Mrs. Volk having torn it with her teeth. Her husband is employed in New Durham and says she has been acting strangely for some time. It was not thought, however, that she would become insane. She was committed to the county jail, where she will be examined by Dr. Converse.

Are your children subject to croup? If so, you should never be without a bottle of Chamberlain's Cough Remedy. It is a certain cure for croup, and has never been known to fail. If given freely as soon as the croupy cough appears it will prevent the attack. It is the sole reliance with thousands of mothers who have croupy children, and never disappoints them. There is no danger in giving this Remedy in large and frequent doses, as it contains nothing injurious. 50 cent bottles for sale by Blakeley & Houghton, druggists.

## HARRISON'S ASSASSIN.

Was Afraid of the Crowd of People in the Courtroom.

CHICAGO, Nov. 2.—Prendergast, Mayor Harrison's assassin, was arraigned in the criminal court today. The courtroom was crowded, and much curiosity was evinced to see the murderous crank. As he entered, those in the court rose to look at him. The action terrified him and he cowered, trembling and pale, close to the officers. He pleaded not guilty and was returned to his cell pending the securing of counsel. He had evidently intended to make a speech, but was stampeded by the presence of the people and was evidently glad to get back to his cell.

## A Notorious Georgia Desperado.

ATLANTA, Ga., Nov. 2.—Dr. Ed Cook, the notorious Georgia desperado, is a quiet-looking fellow who goes around with a dingy little old violin, upon which he plays old-time tunes. He is harmless appearing, but is charged with almost every crime in the calendar. Tuesday, Deputy Sheriff Hall, of Clayton county, started from Huntsville with Cook in charge. Near Rome, while the train was going at the rate of 40 miles an hour, the prisoner leaped through the window. The train was stopped and the officer found Cook more dead than alive. The first thing he thought of seemed to be his violin, which came out of the experience better than he did, and last night he was playing the old tunes at police headquarters.

## THANKSGIVING DAY.

The Governor Asks for Divine Help for Silver.

Governor Penney has issued his Thanksgiving proclamation. It reads as follows:

"I do hereby appoint the fourth Thursday of the present month as a day of Thanksgiving to Almighty God for the blessings he has bestowed upon this commonwealth during the present year. God has, indeed, been most beneficent to our state and nation, and yet unjust and ill-advised congressional legislation, having made good alone full legal tender money, has so dwarfed and paralyzed business that the bounties of Providence are now denied to hundreds of thousands of people within the national domain, who are not only without employment, but are also without the means of procuring food, raiment or shelter. While, therefore, the people of Oregon return thanks to God for his goodness, I do most earnestly recommend that they should devoutly implore Him to dispose the president and the congress of the United States to secure the restoration of silver as full legal tender money, in accordance with the policy of the fathers of the republic, whereby our industries may be revived, and the honest toilers of the land may procure their daily bread, not as alms, but as the reward of their labor."

## Put to Flight

—All the peculiar troubles that beset a woman. The only guaranteed remedy for them is Dr. Pierce's Favorite Prescription. For women suffering from any chronic "female complaint" or weakness; for women who are run-down and overworked; for women who are expecting to become mothers, and for mothers who are nursing and exhausted; at the change from girlhood to womanhood; and later, at the critical "change of life"—it is a medicine that safely and certainly builds up, strengthens, regulates and cures.

If it doesn't, if it even fails to benefit or cure, you have your money back.

What you are sure of, if you use Dr. Sage's Catarrh Remedy, is either a perfect and permanent cure for your Catarrh, no matter how bad your case may be, or \$500 in cash. The proprietors of the medicine promise to pay you the money, if they can't cure you.

## THE SENATE ADJOURNS.

WASHINGTON, D. C., Nov. 3.—[Special to THE CHRONICLE.]—The senate adjourned this afternoon sine die. The last important act of the session was the passing of the Chinese exclusion bill, granting six months further time, and now that this and the silver bill are disposed of the senators concluded they would rest up a bit before undertaking tariff revision, alongside which the discussion of silver will rank as child's play.

Owing to illness, Governor Horace Boies has telegraphed from his home in Waterloo that he must cancel all his engagements to speak in this campaign.

## NEWS NOTES.

Judge Gildersleeve has decided that "Bob" Fitzsimmons, the pugilist, must pay his wife \$25 a week alimony and \$250 counsel fees, pending the suit against her for divorce.

Dr. George C. Sanders, a prominent physician of Des Moines, was sentenced to six months in jail, in the United States district court, for attempting to induce the postmaster to sell postage stamps at less than the regular price.

Policeman Edward Young, 36 years old, who was attached to the fifth precinct, Brooklyn, committed suicide by shooting himself through the heart at his home. The cause of the act was jealousy of his wife, for which there was no real ground. Yesterday his wife left him because of his quarrels with her, which were due to his jealousy. He came home, found her gone, and killed himself.

## A QUEER RAIN THEORY.

Perpiration from the Soldiers Given as a Cause of Showers After Battle. A most extraordinary theory has recently been propounded, says the Boston Globe, to show the reason why rain usually falls after a severe battle has been fought. The ancients used to attribute the phenomenon to the generosity of some deity who was kind enough to make the attempts to wash away the traces of man's degradation as soon as possible, and later on, when cannon came to be used as a means of destroying life, the detonations of these machines were said to cause the wonderful down-pour of rain.

But more prosaic, up to date people of to-day put it down to perspiration. And this is how they go to prove it:

One soldier will, in the course of twelve hours' fighting, give off six gallons of water. He drinks much. Thirst for gore, glory, and water go together on such occasions, and the total amount of moisture given off by one man is said to be sufficient to cover twelve square feet three-quarters of an inch deep. Now, of course, all this perspiration evaporates and goes up into the atmosphere. The atmosphere, becoming unduly charged with moisture, offers itself on the slightest provocation to the formation of clouds, and in nine cases out of ten rain falls immediately condensation sets in.

## A New Barley.

A valuable new barley is the Egyptian variety. It yields more to the acre, at the same time being richer and making better feed. It is superior for soup and when ground and treated like corn meal, makes bread impossible to distinguish from corn bread. Call at THE CHRONICLE office and see sample. A limited quantity of seed can be obtained for a dollar a bushel.
