**DYNAMITE IN LONDON**  
 A Bomb Found On Westminster Bridge.  
 TO BLOW UP HOUSE OF COMMONS  
 It Weighed Ten Pounds and Had the Fuse Attached—King Lobengula is a Captive.  
 LONDON, Nov. 3.—The Globe this afternoon prints a report to the effect that a bomb was found Wednesday upon the buttress of Westminster bridge, close to the houses of parliament. It is under examination at Scotland Yard to determine whether it is loaded.  
 The fact is just brought to light that Wednesday, two workmen discovered a conical iron bomb weighing 10 pounds, with a fuse screwed into the little end, and a number of large cartridges loaded with bullets, on one of the abutments of Westminster bridge, on the side next the house of commons. These were taken to Scotland Yard and the matter hushed up. When rumors of the find got out the police at first made light of it when questioned, but now admit these implements of death and destruction were connected with a dynamite plot, though they insist it is one of small importance. It is the general belief, however, it is a very grave matter, and that it was the intention to damage the bridge, if not to blow up the house of commons.  
 The police attach little importance to the matter, not believing it has any dynamite plot connection. It was found on the side of the bridge furthest from the house of commons.  
**King Lobengula Captured.**  
 LONDON, Nov. 3.—A dispatch from Johannesburg states it is rumored there that heavy fighting occurred between the British and Matabeles in the bush along Shangani river, and that King Lobengula has been captured.

**SUICIDE OF A WIDOW.**  
 Was to Have Been Married in a Few Hours.  
 CRAWFORDVILLE, Ind., Nov. 3.—Mrs. Mattie Canary, a strikingly handsome young widow, committed suicide in Crawfordville yesterday morning, six hours before the time set for her marriage with Walter F. Rosebro. Rosebro is a prominent citizen, and only a year ago was editor of the Argus News. He is now engaged in business in Greencastle. He is a prominent Mason and an officer of the Knights Templar. His courtship of Mrs. Canary attracted considerable attention, because of the difference in their social position. The lady yesterday received a letter from a former lover, asking her to come to him. The letter greatly excited her, and Wednesday night she purchased 25 grains of morphine, and swallowed them this morning with fatal results.

**THE CRONIN MURDER.**  
 The Second Trial of Ex-Detective Coughlin for Murder.  
 CHICAGO, Nov. 3.—The second trial of ex-detective Daniel Coughlin, charged with complicity in the murder of Dr. Cronin, began today in the criminal court in the presence of a large crowd. Coughlin pleaded "not guilty," and the selection of a jury began. Coughlin on the first trial was convicted and sentenced to life imprisonment. After serving some time, the supreme court granted him a new trial. Doubts are expressed as to a conviction this time, many of the witnesses having died in the meantime or gone beyond the knowledge of authorities. Most of these called as jurors said they had formed an opinion, and the panel was soon exhausted. Judge Tuthill issued a special venire for 150 more, and court adjourned till tomorrow.  
**Brazil's Latest Purchase.**  
 NEW YORK, Nov. 3.—The Tribune says the latest purchase by the Brazilian government is reported to be the submarine torpedo-boat Peacemaker. This boat was designed and built in 1886 by John P. Holland. The Peacemaker is about the size of an ordinary steam launch. When on the surface the boat stands only a few inches above the water. The object of the vessel is to slip under the enemy's torpedo netting, place an explosive of some kind under her and then steam away, to fire it either by clockwork or by an electric wire from a safe distance.

**THE MARKETS.**  
 A Slight Difference Noticeable in Favor of the Buyer.  
 FRIDAY, NOV. 3.—The markets have been steady for the past few days. Yesterday being collection day, trade has been quiet in consequence. Prices in general lines of merchandise are unchanged. In groceries and provisions, there is a continued movement for immediate consumption. The grocery market has not changed, but in the provision line there is a difference in tone which is favorable to the buyer. Flour has declined and is jobbed off in 5 to 10 barrel lots at \$3.00 per barrel, and is retailed at 80 to 90 cents per sack.  
 The produce reports are of the usual tenor. Eggs are steady at 27 1/2 cents per dozen and are scarce. Butter quotations are unchanged with a good supply of fresh roll. Potatoes are dull on the market at 50 and 60 cents per 100 lbs. Onions are in moderate supply at 1 1/2 to 1 3/4 cents per lb.  
 Cabbages are freely offered at 3 1/2 cents per lb. The produce market is full stocked and is heavy.  
 In fruit, apples and quinces are about all the kinds offered. First class keeping apples for winter use are quoted at 50 cents per box, and inferior are dull on the market at 40 cents per box. Quinces are in fair supply at 4 1/2 to 5 cents per lb.  
 The poultry market is unchanged in all its different phases. Prices are nominal for chickens. Turkeys at present are uncalled for, and may be quoted to sell at 9 to 10 cents per pound undressed. Ducks and geese are out of the market. The Chinamen are the only buyers of ducks and offer \$4 to \$4.50 per dozen.  
 Live stock is in fair demand and it may be safely said that beef steers and fat hogs are a tone dearer, especially so of fat hogs for shipment.  
 The sound buyers have bid up somewhat on beef and pork and there is a better demand therefrom. There is a good demand for hogs for fattening purposes, owing to the large quantity of damaged wheat among the farmers.  
 The cereal market remains quiet. Hopes have been entertained that prices would advance on the passage of the Silver repeal bill but the fact has not been realized and prices continue low. In San Francisco wheat has developed a very weak streak, and at present is down to a very low figure, and prices are following the course of eastern markets, which are purely speculative.  
 The report from the New York Produce Exchange is as follows: "European appears to be featureless, and to be buying only from hand to mouth in order to keep stocks well in hand, as there is nothing that seems favorable in the present outlook." At Liverpool, it is reported there is a hardening tendency for some discriptions, but on the whole the market is quiet and dull. The Portland market, for export indicates a fair movement at 85 cents per cental A 1, sound wheat of Eastern Oregon, and 90 to 95 cents per cental for valley.  
 The Dalles market remains quiet and quotations are unchanged.  
 The wool market continues lifeless.

**NEWS NOTES.**  
 The president yesterday signed the bill extending for six months the time in which Chinese can register under the Geary law.  
 Tramps in Arizona and New Mexico are all organized, with a captain and lieutenant to each one, and the railway company anticipates serious trouble with them ere long.  
 Judge Brown of Chicago has sent to the insane asylum a crank named James Hawkins. He is a colored man, 35 years old, and declares that he is a "personal friend of Grover Cleveland, God Almighty and the devil."  
 The senate adjourned without confirming the nomination of Hornblower to the United States supreme bench. This has the effect of rejection. The president is therefore compelled to send in his name again or nominate a new man.

**NEWS OF THE STATE.**  
 Frank Stevens at Portland was sentenced to twelve years in the penitentiary for burglary.  
 The jury has convicted Ben P. Watson, one of the publishers of the Portland Sunday Mercury, of printing malicious libelous articles in his paper, contrary to the statutes. O. P. Mason is now on trial.  
 Poison has been sprinkled over the sheep ranges in Owyhee county, Idaho, and hundreds of sheep have been killed. The cattle men are charged with the crime. A reward of \$500 has been offered for the culprit.  
 One of the Chinamen employed in the Humboldt placer mine, in Grant county, was killed by a cave of the bank this week. He was standing near the fire, from which he had been repeatedly warned on account of the danger when the bank should cave, and when he came down he was struck on the head by rocks and gravel and killed instantly.  
 Major Thomas W. Handbury, United States engineer, who has been stationed at Portland for nearly six years back, has been assigned to duty at Louisville, Ky. The change is made as a result of an application from Major Handbury, who believes a change of climate will prove beneficial to his health. He will be succeeded by Major James C. Post, who has been military attache to the United States embassy in London for several years.
