NOVEMBER NUGGETS.

Our Daily Clean-up From In and About the City.

The war should remember if he'd make a hit. The difference 'twixt ready and ready-made wit.

John Doe was arrested today for selling liquor to Indians and lodged in the county jail.

The weekly Oregonian has reduced its yearly price to \$1.50. No cause is assigned for the rash act.

Mr. J. B. Crossen auctioned off a box of traps today, held by Mrs. Blossom for non payment of board by a moneyless guest.

Sheep this year have been assessed at \$1.50 per head. Last year the figure was \$2. The reduction of assessment is due to the decreased value of sheep this year.

The recorder's report showed an unusually large number of arrests. Whole number 32, of which 20 were drunk and disorderly, 7 for vagrancy and 5 for sleeping out. The cash resulting from all arrests amounted to \$55.

Edward Wood was sent to the poor house yesterday. He is 45 years of age and has been working for Wm. Sharp, till rheumatism incapacitated him from duty. He came from Pennsylvania and has no friends or relatives here.

Paul Krefl is the new mayor of Dalles City. There is none in the council who has labored more ardently for the city's interests than Mr. Krefl. He has on more than one occasion neglected his own business to attend to that of the city.

Last year the taxable property of Wasco county amounted to \$3,262,382, allowing a deduction of \$892,446 for indebtedness. This year the indebtedness will not be deducted, and the taxable property ought to reach in the neighborhood of \$4,000,000.

The board of equalization has adjourned, but without concluding their labors, and the remainder of the work will devolve upon the county commissioners. For this reason the report for Wasco county will probably be the last to reach the secretary of state.

The case of Martha Perkins vs. A. Wilson was tried yesterday in Justice Davis' court, resulting in a verdict in favor of the plaintiff for \$46 and interest for four years, together with costs. Some very reckless swearing was indulged in, which will be inquired into and the guilty party made to answer therefor.

All notes due and becoming due and all accounts owing us must be settled on or before November 1st, 1893, either in wheat, oats, barley or cash. Accounts and notes remaining unpaid after that date will have to undergo costs of collection. We mean business and must positively have money.

Respectfully,
THE DALLES MERCANTILE CO.

Put to Flight

—All the peculiar troubles that beset a woman. The only guaranteed remedy for them is Dr. Pierce's Favorite Prescription. For women suffering from any chronic "female complaint" or weakness; for women who are run-down and overworked; for women who are expecting to become mothers, and for mothers who are nursing and exhausted; at the change from girlhood to womanhood; and later, at the critical "change of life"—it is a medicine that safely and certainly builds up, strengthens, regulates and cures.

If it doesn't, if it even fails to benefit or cure, you have your money back.

What you are sure of, if you use Dr. Sage's Catarrh Remedy, is either a permanent and permanent cure for your Catarrh, or no matter how bad your case may be, or \$500 in cash. The proprietors of the medicine promise to pay you the money, if they can't cure you.

CITY COUNCIL.

The Usual Grist. Followed by a Contest for Mayor—Paul Krefl Elected.

The full council assembled in regular session last evening, the chair being taken by Ald. Krefl, who presided throughout the meeting.

After reading of minutes, a petition was presented for the improvement of Second street, by using the crushed rock prepared by the crusher. Mr. Hudson stated it was a very reasonable request and that as the street was badly in need of repairs he would favor the petition. On motion of Mr. Hudson the recorder was instructed to draw up an ordinance contemplating said improvement.

A petition was then read from Mr. F. H. Rowe, stating that he contemplated building and operating a steam saw mill, and that as the expense of moving and putting in place was considerable he would ask that he be exempt from taxes for a period of fifteen years. Referred to the judiciary committee.

A petition was then presented from the saloon men praying for a reduction of their license from \$300 to \$200, signed by nearly every dealer in town. Mr. Launer moved that the prayer be granted, which was amended by Mr. Hudson, that it be referred to the judiciary committee. Amendment carried and motion lost.

Mary Bonzey asked that the city execute a deed to her for lot 3, block B, Trevitt's addition. Recorder instructed to ascertain if facts stated were correct and if so to execute the deed.

A report of the running of the rock crusher was next read, showing the number employed and time for each.

Mr. Krefl, the presiding officer, then said there were many who had not complied with the sewer ordinance.

The reports of city officers were next read, including the treasurer, street commissioner and recorder, which were adopted and placed on file.

Mr. Hudson brought up the matter of team licenses, saying there were some of the teamsters who paid no attention to it, resulting in a motion that the marshal be instructed to strictly enforce the collection of all licenses, and to arrest anyone for non-compliance.

Mr. Butts spoke of the case of Frank Heater, before the recorder, where the prosecuting witness, after having defendant arrested, refused to appear, resulting in his discharge. The alderman said there had been too many cases of this kind, and the next time wanted the recorder to summon such witness, under penalty of contempt of court.

Mr. Krefl said that the sewer on Lincoln street had caved in, and that it was thoroughly rotten and could not be repaired. Referred to committee on streets and public property.

The following bills were then read and ordered paid:

CHOOSING A MAYOR.

At this point Mr. Krefl arose in his chair and stated that it would be in order to elect a mayor to fill the vacancy caused by the death of Dr. W. E. Rinehart. Mr. Hudson nominated Mr. Geo. Ruch, in a neat speech, stating that he had talked with a score or more of leading citizens who agreed that the selection would be pleasing to them. The nomination was seconded by Dr. Eshelman. Mr. Launer then nominated Mr. Paul Krefl, seconded by Mr. Joles. The ballot was spread, resulting in 2 for Krefl and 2 for Ruch, one voting blank. No election and a second ballot resulted in Krefl 3, Ruch 2. Again it was declared no election, as it required a two-thirds majority of the council. The presiding officer then asked the recorder if he would be debarred from voting, while occupying the chair, and was informed that there could be no illegality in the proceeding, and the point being conceded by Mr. Hudson the ballots were again spread, resulting in Krefl 4, Ruch 2. The result of the vote was announced by the recorder, Mr. Hudson declining in his favor. Mr. Krefl thanked his colleagues for the honor shown by them, but declined to make a speech, naively adding that a man who voted for himself should not be expected to do so. As he had not yet qualified and was still a councilman, the selection to fill the place of Mr. Krefl was declared not in order.

The amended ordinance relating to fires (No. 129) wherein section 9 was changed to mean all brick fires, was put upon its final passage and unanimously passed.

Mr. Hudson moved that the fire warden be instructed to examine all the fires in the brick limits, and have all replaced by brick that did not meet the requirements.

Mr. Eshelman spoke of farmers coming into town, who had no place to keep their teams, and wanted a public square set apart for their use, so that they would be exempt from pound duties. Mr. Hudson moved that it be referred to the committee on streets and public property. In the meantime the marshal was instructed not to molest them.

Concerning the lot owned by the city on Third street, Mr. Hudson, as a committee of one from the K. of P., stated that the lodge was desirous of buying a suitable lot upon which to erect a fine building that would be a credit to the city, and wanted to know the value placed by the city upon it. Mr. Eshelman moved that the matter be referred to the committee on streets and public property. Adjourned.

Mr. W. M. Terry, who has been in the drug business at Eikon, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. For sale by Blakeley & Houghton, druggists.
