SATURDAY, - - - NOV. 11, 1893

During the extra session of congress, seventeen bills and seventeen joint resolutions became laws. The president did not exercise his right of veto in a single instance, having approved every measure submitted to him by congress.

The twenty dollar gold piece has been coined ever since 1850 and contains \$20 worth of gold besides the alloy. The total amount coined is \$1,103.292,980 up to July 1891. The ten dollar piece has been coined since 1795. The five dollar piece since 1795. The three dollar piece since 1854. The two dollar and a half piece since 1796, and the one dollar piece since 1849.

Whenever the president signs an important congressional enactment and makes it the law of the land there is usually considerable competition to secure as a relic the pen with which the essential word "Approved" was written. There has seldom been a bill that has excited more general interest than the bill which repealed the purchasing clause of the Sherman silver law. The president signed the bill with an ordinary steel stub pen. No one has as yet shown the least desire for the possession shown the least desire for the possession won't disappoint. Free trial bottles at of this article, and the lack of interest in Snipes & Kinersly's drug store. the matter is a subject of general surprise. Although it is not known as a fact, it is believed that the president will present the pen and holder to Senator Voorhees as a slight token of appreciation of the prominent part he took in accomplishing the result so much desired by the administration.

If a man takes a ride of the average length, which is almost 24 miles, in a railroad train in this country, what is his chance of getting killed? asks the Pittsburg Times. According to the interesting report of the Interstate Commerce Commission, just out, it is one chance in 1,401.910. If a young man of 20, jilted by his sweetheart, should determine to commit suicide without sin by getting accidentally killed in a railroad accident he might do it. Certainly he might do it. If he were to get on a train as a passenger and ride, at the rate of 35% miles an hour, day and night every hour of every day and every day in the year, if he had average luck he would eventually get a surcease from the gnawing pain at his heart somewhere in the course of passing over 35,542,482 miles, for according to these official figures one passenger is killed for every 35,542,282 miles that a passenger is carried.

In discussing the sliver bill Senator Teller spoke with great bitterness of the desertion of the cause of silver by the republican senators. "To me this is the most terrible moment of my legislative life," said Teller with much feeling. "To me it brings more fear than any other since I entered public life. I fear we are entering on a financial system from which there is absolutely no escape. I know there will be no favorable legislation for silver until the American people are heard from at the ballot box and heard from in a way that will compel attention to their desires." Here Teller's voice choked and tears came to his eyes. He spoke most impressively and was accorded undivided attention by every senator and the large audience in the gallery. "I cannot contemplate this condition of things without absolute terror. It strikes to my very soul and I want to enter this as a warning to the American people that if they do not resist they will enter upon a system of industrial slavery that will be the worst known to the human race."

Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. For sale by Blakeley & Houghton, druggists.

Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cts. Sold by Snipes & Kinersly.

Rooms to vent at Rev. A. Horn's resi-nce on Ninth street. 6-23daw.

Use Mexican Silver Stove Polish

That awful Indian bugaboo, the "witched tree of Calcutta," stands on the Stanley road, a few miles out from Calcutta, India. It is not a botanical freak of the "cannibal" or "bloodsucking" variety, neither is it a tree which exhales poisonous vapors or other deadly elements—it is simply a species of churail which the natives and not a few of the English residents believe to be bewitched. Away back in the sixteenth century Serega Dowlah and twenty-two of his men camped under it about two o'clock one morning, and at daylight all but two were dead. One of the survivors remained a chattering idiot all the rest of the days of his life. and the other died a terrible death within the month of a terrible eruption that swelled his body out of all proportions. In the seventeenth century the tree claimed a score or more of victims. The last victim was a servant of Mr. Kemp, of the British de-partment. He took refuge under the cursed tree to escape a storm. A sowar, or mounted policeman, tried to rescue the servant, but the two men and horse were found dead next day. Since 1860 five persons have been struck by lightning within 100 feet of the "witched tree."

### Dry Rain.

A peculiarity common to rain in the Bermudas, the Windward islands, the Hawaiian group, and the Alaskan waters is that it isn't very wet. In none of these regions do the natives fear the rain, and even foreigners soon come to know that they take no harm from being caught out in a storm.

It was noted by men on the ships lately patrolling Behring sea that a portion of the deck slightly protected dried out white, even in the midst of a shower, and that wet clothing hung under a slight shelter on deck dried in an atmosphere apparently saturated by a hard rain.

### La Grippe.

During the prevalence of the grippe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. \* This remedy seems to have a peculiar power in effecting rapid cures not only in cases of la grippe, but in all diseases of throat, chest and lungs, and has cured cases of asthma and bay fever of long standing. Try it and be convinced. It

Cleaning and Repairing a Specialty.

SOMETHING UNUSUAL, as a medicine, is Dr. Pierce's Golden Medical Discovery. And, because of that, there's something unusual the way of selling it. Where every other medicine of its kind only promises, this is guaranteed. If it ever fails to benefit or cure, you have your money back.

It's the only guaranteed remedy for every disease caused by a disordered liver or impure blood. Dyspepsia, Biliousness, the most stubborn Skin, Scalp and Scrofulous affections, even Consumption (or Lung-scrofula) in its earliest stages, all are cured by it.

It purifies and enriches the blood, rouses every organ into healthful action, and restores strength and vigor. In building up both flesh and strength of pale, puny, Scrofulous children, or to invigorate and brace up the system after "Grippe," pneumonia, fevers, and other prostrating acute diseases, nothing can equal the "Discovery."

Wasco County.

Oregon. The Gate City of the Inland Empire is situated at the

of navigation on the Middle Columbia, and is a thriving pro-ITS TERRITORY. It is the supply city for an extensive and rich agricultural

and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

The Largest Wool Market. The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from

which finds market here. The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

ITS PRODUCTS.

The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future.

The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

ITS WEALTH.

It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon.

Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these

corner stones she stands.

# The California Winehouse,

Is now open, and its proprietor will sell his homeproduced Wine at prices in the reach of everybody. Also, best Peanuts to be found. Goods guaranteed to be Pure and First-Class in every respect.

Thompson's Addition.
