BILIOUSNESS

Who has not suffered this misery—caused by bile in the stomach which an inactive or sluggish liver failed to carry off.

THE PREVENTION AND CURE IS

SIMMONS LIVER REGULATOR

Liquid or powder, which gives quick action to the liver and carries off the bile by a mild movement of the bowels. It is no purgative or gripping medicine, but purely vegetable. Many people take pills—more take Simmons Liver Regulator.

"I have been a victim to Biliousness for years, and after trying various remedies my only success was in the use of Simmons Liver Regulator, which never failed to relieve me. I speak not of myself, alone, but my whole family."—J. M. FILLISMAN, Solina, Ala.

CONSIDERING TARIFF

The New Bill Will be Submitted in a Very Short Time.

WOOL GOES ON THE FREE LIST

So Does Coal, Iron Ore, Lumber and Salt, But No Manufactured Articles.

WASHINGTON, Nov. 14.—The democratic tariff bill will probably be published much earlier than has been anticipated. In order to avoid any chance of wrangling or delay, it has been decided not to call any caucus to consider the bill in advance of its presentation to congress. That this course will meet with criticism is evidenced by the fact that Bland of Missouri, Culberson of Texas, and others have openly announced their intention of opposing free wool. It is expected the final announcement will be made in 10 days or two weeks. It is generally accepted that wool, coal, iron ore, lumber and salt will be added to the free list, but the committee jealously guard the list of manufactured articles to go on the same list.

A Way to Block Cleveland.

WASHINGTON, Nov. 14.—Ex-Lieutenant Stanton, who is regarded as one of the ablest admiralty lawyers in the country, makes the following suggestion as the possible outcome of the Hawaiian situation:

"A naval officer has a right to disobey an order which he knows to be illegal, but he assumes responsibility in so refusing. If on the trial the order is shown to be illegal he cannot be punished; but in the first instance the officer is to obey the order and throw the responsibility on his superior. Dole has a simple way of tying Minister Willis' hands if sharp enough. All he has got to do is to hand him his passports and refuse to have any further dealings with him. Willis becomes immediately a private citizen and cannot legally give an order to a naval officer. It makes no difference if he has another set of credentials to Liliuokalani. The provisional government received recognition as a de facto government from foreign nations, and any act by Willis as American minister to Hawaii after President Dole had sent him his passports would be illegal. It takes two nations to make a minister. Lord Sackville West ceased to be a British minister when the state department gave him notice."

Will Be the Grossest Injustice.

ANN ARBOR, Mich., Nov. 14.—H. U. Castle, formerly editor of the Advertiser of Hawaii, who is visiting relatives here, says it was not true the queen was deposed by the American minister or American forces. The American forces were passive spectators of the conflict from beginning to end. Speaking of the proposal to reinstate the queen by this government, Castle says it cannot be done without the grossest injustice to hundreds of persons who have relied upon the good faith of the United States. The queen's government at best would be simply a paper government unless supported by American bayonets. Putting it back means simply using the full force of the United States government to destroy the party of progress and ability.

Story of a Pardoned Anarchist.

CHICAGO, Nov. 14.—Oscar Neebe, one of the convicted Haymarket anarchists recently pardoned out of prison by Gov. Altgeld, says Louis Lingg, one of the men condemned to death, whose head was blown off by dynamite shortly before the day of the execution, was the victim of one of the jail guards, and did not commit suicide, as was always supposed. Neebe claims Lingg was given a cigar loaded with dynamite by one of the jail officials, and it was that, not a detonating cap, which killed him.

Burglars Caught by Electricity.

GRAND RAPIDS, Mich., Nov. 14.—The store of Foster, Stevens & Co. has suffered from numerous burglaries by burglars. A local electrician fixed up a plan to trap them. The electrical device was so arranged that the opening of the till would open the slide of an instantaneous camera and fire a flashlight, taking photographs of the burglars. It worked perfectly, and as a result Lewis Stoneburner, Charles and Henry Snyder are in jail as confessed burglars.

NEWS NOTES.

A prominent Brazilian now in New York says that to his knowledge Admiral Mello has not the least idea of restoring the monarchy, should his revolution prove successful.

A report has been made to the queen on the disaster at Santander. Eighty persons are still missing. The latest reports put the number of killed at 250, the wounded at 400.

The Herald's correspondent in Rio Janeiro sends word that of the torpedo boats President Peixoto has just purchased, five were bought in Germany and are of the double-ram class.

Judge Moore, in charge of the grand jury, called attention to the alleged election frauds in Kings county, New York, and asked it to give the charges the closest attention. He told the jury that it was its duty to indict every one who aided and abetted violation of the election laws.

The steamer China brings news of two severe calamities in Japan. One was a flood at Oita, in which 300 people were drowned and over 2,000 houses destroyed, and the other was the foundering of 44 fishing boats off the western coast during a typhoon and the loss of all their occupants, numbering 142 men.

Hunting the Bank Robbers.

PENDELTON, Nov. 14.—Men are scouring the mountains in pursuit of the Milton bank robbers. There is little chance of their escaping. They are supposed to have camped at the mouth of Pine creek last night, seemingly en route for Wallula. They cannot cross the Columbia, as all the ferries are guarded. Hopson, the banker who was shot, is attending to business today, being but little injured. Officers are in possession of an accurate description of the three men.

STRANGE PEOPLE.

A Tribe in India Which Has Some Peculiar Beliefs.

Scattered over the breezy downs of the Nilgherries, in the little villages of wicker houses that look at a little distance like nothing in the world so much as a colony of beehives, lives a community of six or seven hundred people, who are variously believed to be the descendants of one of the lost tribes of Israel, the aborigines of southern India and a community of Manichaeans.

They believe in a strange trinity and a hell, a dismal stream full of leeches, and this they must cross by means of a siltie thread. The soul, burdened with sin, is too heavy for this slender support and the sinner falls into the stream, but the thread sustains easily the souls of the good. The funeral of a Toda, for that is the name of the singular tribe, is as odd in its way as its religious belief. His body is wrapped in a new cloth and his toes tied together with a red thread. Grain, sugar, tobacco and money are wrapped in his funeral toga to provide him for his journey across the Styx and the dark plain beyond.

Two buffaloes are slain beside the corpse and the dead man's hands are placed upon their horns. A piece of his skull, his hair and his finger nails are removed to be used later on at the great celebration of the death of all those who during the twelve months have "taken the leap over the precipice into the bottomless abyss." When these tokens are removed clarified butter is smeared on the fragrant wood of the funeral pyre and the body is burned to ashes and the ashes scattered to the four winds.

Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the past twenty years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. For sale by Blakeley & Houghton, druggists.

After the Trainrobbers.

DECATUR, Ill., Nov. 4.—The robbers who tried to hold up the Peoria, Decatur & Evansville train near Mount Pulaski last night are not yet captured, though it is believed they will be soon. After jumping from the train they made for Lakeford timber. Three posses are in pursuit, all the country roads guarded, and farmers of the section are on the alert. The robbers have been tracked to their rendezvous in the woods.

Look at the size of the ordinary pill. Think of all the trouble and disturbance that it causes you. Wouldn't you welcome something easier to take, and easier in its ways, if at the same time it did you more good? That is the case with Dr. Pierce's Pleasant Pellets. They're the smallest in size, the mildest in action, but the most thorough and far-reaching in results. They give help that lasts. Constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach and bowels are promptly relieved and permanently cured.

Shiloh's cure, the Great Cough and Croup Cure, is for sale by Snipes & Kinersly. Pocket size contains twenty-five doses, only 25c. Children love it. Sold by Snipes & Kinersly.

During the prevalence of the gripple the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of a gripple, but in all diseases of throat, chest and lungs, and has cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at Snipes & Kinersly's drug store.
