ANOTHER USURPATION
Extraordinary Authority to Minister Willis.
COMMANDER OF OUR NAVAL FORCES
He Holds Such an Order Signed by Cleveland—Dolph in Favor of Annexation.

NEW YORK, Nov. 16.—A Washington special says: "In anticipation of the condition of affairs which would arise should the provisional government give Willis his passports, the administration has adopted the extraordinary course of providing him with independent authority to command the naval forces in the harbor of Honolulu."
Under the ordinary rules of international law, Willis would not be minister if his passports were given him by the provisional government, and he would have no authority to call on the naval forces of this country for any purpose whatever. To guard against this contingency, orders to the commanding officers of the naval forces were given him, signed by the president, directing the commanding officers to obey any orders coming from Willis, regardless of his official relations to the Hawaiian government.
Senator Dolph's Opinion.
WASHINGTON, Nov. 16.—Upon being asked by the Associated Press reporter for his opinion upon the attitude of the present administration toward Hawaii, Senator Dolph said he did not wish to be quoted as criticizing the administration because of his membership of the committee on foreign relations. He called attention to the fact that he had fully outlined his position upon the subject in a speech in the senate toward the close of the 52d congress, soon after the receipt of the news of the revolution in Hawaii, in which he advocated annexation, and said he would again take occasion to express his views upon the question. "The present government of Hawaii," he continued, "is an existing government, recognized by foreign powers, and it would appear as though an attempt to overthrow it would be an act of hostility on the part of the administration toward a friendly government unexampled in our history and unwarranted by the constitution. If the policy of the administration should give control of these islands to an European power, it would be scarcely less injurious to our commercial interests than the action of President Cleveland, eight years ago, in withdrawing from the senate the Nicaragua canal treaty." Dolph is of the opinion that the Hawaiian question will demand considerable attention from congress at the approaching session, and thinks it will come up in the shape of resolutions of inquiry. Congress could, he says, pass an act directing the president to open negotiations for annexation.

MARSEILLES, Nov. 16.—At midnight an attempt was made to blow up the official residence of General Mothelin, commander of the Fifteenth corps. The house is surrounded by a high wall, into which niches for sentry boxes are built, though owing to the late quiet condition of affairs no sentries occupied them. Cases of dynamite were placed in the niches, also one in the hallway of the house, and one in the orderly's room adjoining the apartments occupied by the general. About midnight the last-mentioned bomb exploded with fearful force, shattering the walls and breaking every pane of glass in the house and the adjoining house. The supposition is that the dynamites expected the first concussion to set off all the other cases. Had this occurred there would have been a great destruction of property and a heavy loss of life; as it was, nobody was hurt. The outrage is supposed to be work of the street-car-strikers, whose strike was defeated by the aid of the soldiers.

A REVOLUTION IN MEXICO.

Rebels Capture a Town and Drive the People Out.
DEMING, New Mexico, Nov. 16.—Last week Mexican revolutionists to the number of 100 attacked the town of Las Polomas and sacked the custom house. After the raid, the rebels fled to the mountains and were supposed to have gone south into the state of Chihuahua. Yesterday they again entered Polomas, driving the inhabitants and custom house attaches across the line into the American town of Columbus. They then took possession of the town. The roads and passes leading from Polomas south to Ascension, a distance of over 100 miles, are in the hands of the revolutionists and all communication with the interior has been cut off, no one being permitted to pass.
Large numbers of Mexicans have joined the rebels since the first Polomas attack, and their forces are conservatively estimated at 300. The revolution has evidently been planned for months.

Both Legs Cut Off.
PITTSBURG, Pa. Nov. 16.—Daniel Reardon, an employe of the Black Diamond steel works, was run over by an engine on the Junction railroad last evening. One of his legs was cut entirely off and the other hung on by mere shreds of flesh. The severed leg lay between the rails, while the crushed limb hung over the rails. Before assistance arrived, Reardon recovered from the shock sufficiently to realize the seriousness of the accident. With tears in his eyes he looked at the severed member, and then at his other torn and lacerated leg, put his hand in his pocket, took out a knife and cut the few remaining shreds of flesh and laid the limb beside the other. When the doctor arrived he ordered his removal to St. Francis' hospital, where his injuries were dressed. Physicians say there is a possible chance of his recovery. The injured man is 30 years old and married.

NEWS NOTES.

An ex-prize-fighter named Lear, jealous of Irene Good, found her drinking with a bar-keeper at Cripple Creek, Colo., and opened fire on her, killing her. The barkeeper then emptied his revolver into Lear, killing him.
Judge McAdam, of the superior court, has annulled the marriage of the actress, Lillian Russell, and Edward T. Solomon, composer. The divorce was granted on the grounds that Solomon had a wife in England at the time of his marriage to Miss Russell.
It is said that General Nunez, president of the United States of Colombia, recently swallowed poison. It is alleged by his friends that the poison was taken by mistake, but in other circles it is thought that the president acted with deliberation. The assertion is made that the act was due to failing health and increasing political troubles.
A rancher named Peterson, residing near Ellensburg, Wash., came in town and bought a lot of supplies, including liquid poison for coyotes. He left before night and stopped at a ranch a few miles out. He took out some tobacco to chew and soon became sick. Looking among his groceries he found the bottle of poison had broken. He immediately gave an alarm and asked for help, and while calling fell over dead.

Look at the size of the ordinary pill. Think of all the trouble and disturbance that it causes you. Wouldn't you welcome something easier to take, and easier in its ways, if at the same time it did you more good? That is the case with Dr. Pierce's Pleasant Pellets. They're the smallest in size, the mildest in action, but the most thorough and far-reaching in results. They follow nature's methods, and they give help that lasts. Constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach and bowels are promptly relieved and permanently cured.
"If we can't cure your catarrh, no matter how bad your case or of how long standing, we'll pay you \$500 in cash." That is what is promised by the proprietors of Dr. Sage's Catarrh Remedy. Doesn't it prove better than any words could, that this is a remedy that cures catarrh? Costs only 50 cents.

WAR ON THE TAPIS.

The Hawaiian Government Will Resort to Hostilities.
WASHINGTON, Nov. 17.—[Special to THE CHRONICLE.]—News has been received that on Minister Willis' arrival at Honolulu, he found the provisional government very demonstrative against the administration. They announce they will actively oppose any interference on the part of the United States looking to the restoration of Queen Liliokalani. The fighting force of the provisional government will not number more than 2,000. Willis, finding that he cannot enforce President Cleveland's orders, has sent back for authority to commence active hostilities against the existing Hawaiian government.
Lorin Thurston, the Hawaiian minister to the United States, has notified the president that they will resist any and all attempts to restore the dethroned queen.

The Midway Plaisance Coming.
CHICAGO, Nov. 15.—The chief attraction of the Midway Plaisance have already gone or are preparing to go to San Francisco to lend their aid in making the midwinter fair a howling success. Probably without exception the most "feting feature" on the entire midway was Cairo street, and that aggregation of camels, donkeys, donkey boys, Arabs and dark-eyed, brown-skinned hours from the banks of the Nile, not to mention jugglers, mindreaders, and the vendors of Egyptian candy, gathered its traps and left for San Francisco tonight.

NEWS OF THE STATE.

Green Arnold, one of the best known and most respected citizens of Union county, died Wednesday night of general debility, aged 75 years.
L. Vance, an old-timer of Josephine county, was found dead in his bed at Wilderville, 10 miles south of Grants Pass, having shot himself through the heart with a 44-caliber revolver.
Balfour, Guthrie & Company have sued ex-Gov. Z. F. Moody for \$1,759.67, alleged to be due on a book account. This account, the complaint states, was for convenience sake kept in the name of M. A. Moody, although Z. F. Moody was the debtor.
Herman Hill, a native of Finland, shot himself while duck hunting in the vicinity of Marshfield. His gun was discharged while taking it out of the boat. The full charge of shot took effect in his right breast, passing clear through his body. He was able to crawl out of his boat into the rafting-scow, but died a few minutes later.

Much Anxiety at Rio.

MONTEVIDEO, Nov. 16.—All cable communication with Rio Janeiro was cut off yesterday morning, owing, it is reported, to the fact that the cable office and plant there are being removed further from the water, in anticipation of the promised furious bombardment of the capital by Mello's fleet. The situation of the beleaguered citizens is felt to be extremely grave, and much anxiety as to the outcome is expressed here by those who are aware that Mello proposed to make upon the capital today, as cabled yesterday, the most determined onslaught he has yet conducted. He fears the gathering of the fleet of Peixoto, and does not intend to be caught by it if he can avoid it.

Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. For sale by Blakeley & Houghton, druggists.
