NOVEMBER NUGGETS.

Our Daily Clean-up From In and About the City.

In striving to gain wealth, We're apt to lose our health; Then, to regain our health, We're apt to lose our wealth.

November weather is as fickle as April's.

A tremendous amount of rock has been got out at the Union street cut, which will keep the crusher busy for several weeks.

Farmers contemplating buying their winter's supplies should bear in mind that some fine bargains await them at J. E. Bros. in teas and other staple groceries.

The rock has packed down firmly on Union street, where it has been filled, and makes a splendid road bed. Several loads of rock were hauled and dumped in the low places at the street corners by the expressmen. This is a good idea and should be continued, as it will dispose of the mud.

Mr. Leslie Butler, a well known grocery man of The Dalles, who has been in business about twelve years, has disposed of his store interests to H. H. Campbell of this city. The store has an excellent reputation for fair dealing and reliable goods, which will doubtless be sustained by Mr. Campbell.

A surprise party was given Master Ray Chase last evening. Those present were Willie and Guy McCully, Master Kossie Chase, Master Rowland Wiley, Frank Chase and Archie Barnett, Miss Susie Chase, Effie Adams, Edna and Maie Barnett. After a very pleasant evening, including refreshments, the little guests dispersed.

Mrs. Wm. VanVactor, wife of a Goldendale merchant, while driving three miles above town Sunday, was thrown from a hack on to the rocky grade of the road, breaking her left arm and also dislocating her shoulder. She was bruised in a fearful manner about her body. The internal injuries are not believed to be serious.

Armory Hall is transformed into a place of beauty. The Mignonette boys have worked hard and decorated the entire building with flags and evergreen. The dance tomorrow evening has every indication of being one of the finest ever given in The Dalles. The boys expect to entertain their guests with an evening of solid enjoyment. All those who belong to the Mignonette Club must show their tickets at the door, as the door-keeper does not know who are members of the club. All others will bring their invitations.

Conductor Jack Laughlan, of the Union Pacific, made a serious mistake last night. He aroused himself from his sleep to administer some medicine to his 5-year-old son who was ill, and by mistake gave him a teaspoonful of carbolic acid. He discovered his mistake

at once, and ran from his home in Albina to Dr. Boyd's office, barefooted and without coat or vest. Dr. Boyd went immediately to the residence, and by administering antidotes succeeded in saving the boy's life. It is thought today that he will recover, though his throat and stomach were badly burned by the acid.—Telegram.

Give the Horses Water.

A very kind act to the farmer and his horse would be the placing of free water troughs in two or three different places in the city where they would be easily accessible. The expense would be small, but would show a consideration which would please farmers and pave the way for a lasting friendship. Such acts as this are really profitable and it is surprising that watering troughs have not been built before. The hard-working laboring man very often curses his lot in what little time he has got left to think, but deprive him of a cup of water at any time he is disposed to take a drink, and he would howl with well founded indignation. The poor slave of a horse has no way of showing that he wants water and no way to protest if it is denied him, and the placing of these troughs are due from humanity to these dumb beasts of burden, for as it is a team very often is compelled to go without water from the time they leave home till they return. To repeat, THE CHRONICLE believes that the placing of these troughs would please the farmer, and urges the city council to take measures for their erection as soon as possible.

About Ben McAtee.

Mrs. Luckey writes from Union that her husband, J. C. Luckey, saw Ben McAtee in Union on Nov. 2d, the day after he left here, and had a short conversation with him. He said he had intended to leave on the stage to see a man on business, but as the stage was gone he would go on horseback, and that he must have been misinformed as to the time of the stage leaving, as this was in the forenoon and the stage left at 2 p. m.

Sold Out.

Having sold out my grocery and crockery business to Mr. H. H. Campbell, who is very well and favorably known in this community, I wish to ask my friends and patrons, who have so liberally given me their patronage in the last twelve years, to extend to Mr. Campbell the same liberality. Mr. Geo. S. Krauss, who has been with me for the last eight years, will remain with Mr. Campbell. All those who have unsettled business with me can make settlement with Mr. Krauss in my absence. I wish to thank those who have generously given me their patronage. I am very respectfully yours, LESLIE BUTLER.

Not Deserving of Sympathy.

Persons who will persist in dying by inches with dyspepsia and liver disease when Simmons Liver Regulator is an unerring remedy for these maladies.

Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. For sale by Blakeley & Houghton, druggists.

CIRCUIT COURT.

The Jury Gives Defendant \$1,000 Damages in the Water Case.

The case of the Hood River Water Supply company vs. W. R. Winans was given to the jury at 12 o'clock last night and a verdict was given this morning for the plaintiff. First, that the water company is a legally incorporated body. Second, that the plaintiff is entitled to have condemned to its use the flow of all of the waters of Dead Point creek, at the point where plaintiff's ditch taps said stream to the extent of its intended appropriation. Third, that defendant is damaged by such appropriation in the sum of \$1,000.

The next case for trial, begun this morning, was McEachern & McLeod vs. S. B. Adams. Plaintiffs sue for the payment of a note given by Mr. Adams, who denies the consideration named, the title to certain military road lands. The jury consists of E. P. Koontz, E. L. Dickenson, E. N. Chandler, Frank Donnelly, W. T. Wright, A. Grammond, Lewis Burgess, J. E. Barnett, G. M. Sterling, Ed. Smith.

Deserving Praise.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, as we stand ready to refund the purchase price, if satisfactory results do not follow their use. There remedies have won their great popularity purely on their merits. Snipes & Kinersly's druggists.

THE MARKETS.

Poultry and Eggs Advancing--The Wheat Market Quiet.

TUESDAY, NOV. 21st—The pleasant weather has not given any reason for an increase of trade in business lines. Locally the market is quiet in all its branches. In produce there is no change, either in supply or quotations from last report. The only scarcity to note is that of eggs, and dealers are paying 30 cents cash per dozen. Butter is dull on the market at former quotations.

The poultry supply is increasing, presumably on account of the near approach of the Thanksgiving season, and the market is weak in consequence.

Green fruit is in large supply and good keeping apples are quoted at 50 cents per box. Early winter at 40 cents per box.

The wheat market is quiet. The Dalles buyers are paying 43 to 46 cents per bushel for good merchantable and milling wheat. The advices from Europe and the eastern cities are such as to give the impression that there are no anticipations for an immediate improvement in prices.

NEWS OF THE STATE.

A bridge is being built across the John Day river near Mt. Vernon, by Otis Gurnsey, of Canyon City.

Mr. Archibald Parker, of Fossil, succeeded in trapping a badger which had been digging into the graves in the Masonic cemetery.

Sandy, a stage driver on the Burns Ontario stage line, was recently shot from ambush, and it is thought he will die. The murderer is unknown.

Patents reported by C. A. Snow & Co., Washington, have just been granted to A. M. Grubbs, Forest Grove, addition pencil, and W. D. Pickens, Portland, game apparatus.
