NOVEMBER NUGGETS.

Our Daily Clean-up From In and About the City.

While the moon is made of honey. Love is more esteemed than money. But when the honeymoon is over. Love have mercy on the poor.

Sleighs and bob-sleds are in order. Thanksgiving in the reign of Pen-noyer.

One hobo found release from the in-clement weather in the city jail last night.

It is reported that there is three feet of snow at Pendleton and two feet at Umatilla.

Thanksgiving was generally observed today by the schools, banks, shops and many of the stores.

The halls of justice are deserted, and the sheriff and county clerk's office are closed in honor of Thanksgiving Day.

An awning at the side of Pease & Mays' store bent with the weight of snow upon it, but did not fall.

The passenger train that came in this morning passed through four feet of snow in the Blue mountains last evening.

The river is rising rapidly and if a warm rain or chinook should set in, the Columbia might raise six feet in a day.

"Sub," our sprightly Mosier correspondent, has resumed his post and we hope to hear from him regularly each week hereafter.

It snowed last night. Tell me something I don't know. (The last sentence is added by our devil while we went out to measure how deep it was.)

Rev. Mr. Corwin, the deposed Congrega-tional minister, is preaching at Salem, endeavoring to gain a following, though outside the pale of the church.

Mr. H. H. Campbell has opened out his store, lately occupied by Mr. Leslie Butler, in fine shape. Mr. Geo. Krauss, who is so favorably known, will remain with Mr. Campbell.

The asylum party for some reason have cancelled their arrangements to start to Eastern Oregon, and it is now announced they will leave Salem about the 1st of December.

A special meeting of the King's Daughters will be held Friday afternoon at the residence of Mrs. S. L. Brooks to consider important business. A full at-tendance is requested.

An electric light at the corner of Ninth and Pentland would be a very good thing. We understand Mayor Krefl will interest himself in the matter and lay it before the next meeting of the city council.

It is said there is some destitution in the city at present. It is the duty of all to remedy or report to the proper authorities all cases within their knowledge deserving of charity, that no suffering may exist.

In a telegraphic heading the Telegram announces that the queen is restored to the throne. According to today's dis-

patches she is still thrown, for the steamer which arrived in San Francisco this morning states that Willis is waiting for further instructions before proceeding in the matter.

Two tramps placed an iron rail across the railroad track near Harrisburg for the purpose of wrecking and looting the train. The engine knocked off the rail by a fortunate chance, and was so saved from throwing the train down an 8-foot embankment. The tramps are now in custody.

We are in receipt of an invitation to attend the annual commencement exercises of the Arkansas Industrial University, beginning Nov. 24th and ending Nov. 28th at Fayetteville, Ark., through the courtesy of Prof. H. Willis, formerly professor of Wasco Independent academy. Prof. Willis is one of the few philologists of America and exception an ally able instructor.

The Snow Storm.

The heavy snowfall so early in the season is rare. Between the hours of 1 o'clock last night and 7 this morning there was an average depth in The Dalles of ten inches, later reaching twelve and a precipitation of 1.03 inches. The depth at Hood River is 17 inches but at the Cascades much less. No perceptible effort in traffic is apparent, though the heavy fall in the Blue mountains, about four feet, will undoubtedly delay trains which are now in that vicinity. The weather at present is variable, though indications point to warmer weather, when a bright sun shining out from a blue sky will rapidly dissolve the "beautiful." However the Portland forecast for the next twenty-four hours calls for more snow.

Winans' Latest.

Mr. W. K. Winans, not satisfied with nature's bequest of a coal mine, has recently run across a gigantic ledge of gray granite, of fine texture and a very beautiful quality of rock. The ledge is in plain sight, as it comes out in the face of a precipice and extends back for three-quarters of a mile. There is an inexhaustible quantity of it and as it is the first well defined ledge to be found in this section, should be very valuable. Flat rock of the same kind can be found at Grand Dalles, but it probably came from a distance with a glacier.

Got It Down Fine.

Tom: Bill, what is this gastric fever they are talking about?

Bill: Why, it's a kind of a fever that's caused by inhaling the gases from sewers and things like that; the bad smell makes them sick and it runs into a fever.

This is to certify that I have used Krause's Headache Capsules periodically for over one year, and have very much pleasure in stating that they have always proved beneficial and have relieved me in from ten to fifteen minutes. I have been a sufferer from headache for many years, and have never found anything to do me as much good as Krause's Headache Capsules. Yours truly, LOUIS HERMAN, 234 S. Poplar St., Wichita, Kan.

Mr. W. M. Terry, who has been in the drug business at Elkon, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. For sale by Blakeley & Houghton, druggists.

MIGNONETTE REVELERS.

Their Successful Ball at Wingate Hall Last Night.

The grand Thanksgiving ball given by the Mignonettes last night was the social event thus far this season. Whether it was because of a general desire to honor the governor's appointed Thanksgiving, or because of the popularity of the mirth-loving and mirth-creating Mignonettes themselves, it is certain that a great number of people availed themselves of the opportunity to "trip the light fantastic" under their auspices. The decorations were superb. Wingate hall is spacious, but the walls were completely covered with a wealth of evergreen and the national colors shone with brilliancy on every hand. The numerous large American flags, gracefully draped in all parts of the building, gave a thoroughly patriotic air to the festivities fitting to the event. The music was the Birgfeld orchestra, which is all that need be said as to its merit. All the conditions were favorable for a grand good time and this the Mignonettes and their invited guests certainly enjoyed. Dancing was continued until about 2 o'clock, and then the gay revelers dispersed for their homes. The beautiful decorations will probably be left to do duty for the Chrysanthemum club, if they conclude to give a dance on Cleveland's Thanksgiving night.

PERSONAL MENTION.

Mr. C. P. Heald of Hood River is in the city.

Mr. James McMillan of Sherman county is in the city today.

Dr. D. Siddall returned today from an extended eastern trip through the states and Canada.

Mr. Wm. Gilliam, first officer of the ocean steamer, South Coast, is in the city visiting relatives and old time friends. We acknowledge a pleasant call from that gentleman. His home is in Berkeley, California, where he has resided for the past nine years. Mr. Gilliam will return to his ship in Portland in the morning.

Sunshine comes, no matter how dark the clouds are, when the woman who is borne down by woman's troubles turns to Dr. Pierce's Favorite Prescription. If her life is made gloomy by the chronic weaknesses, delicate derangements, and painful disorders that afflict her sex, they are completely cured. If she's over-worked, nervous, or "run-down," she has new life and strength.

"Favorite Prescription" is a powerful, invigorating tonic and a soothing and strengthening nerve, purely vegetable, perfectly harmless. It regulates and promotes all the proper functions of womanhood, improves digestion, enriches the blood, dispels aches and pains, brings refreshing sleep, and restores health and vigor. For every "female complaint" and disturbance, it is the only remedy so sure and unfailing that it can be guaranteed. If it doesn't benefit or cure, you have your money back.

MOBIER MUSINGS.

"Sub" Hibernates in the Summer and Is Now Out Again.

Lee Evans has a fine exhibit of apples at the store. Charles Dugan has left for Medford, Oregon, on business.

The wagon road west of Mosier is badly washed out and in need of repair. Merchants Flaherty and Power are having a large cellar excavated under their building.

Jas Watt has invented and built a grubbing machine, which promises to be a decided success.

Rev. Frank Ireland has left for Oysterville, on the coast, where he goes to act as pastor for the Missionary Baptist church.

A Thanksgiving offering of provisions was made to Rev. M. C. Aleridge and family at the school house last Sunday, in which quite a number took part.

Our citizens are pointing out snow on the surrounding mountains and talking quite unconcernedly. Talk on, good people, chat for you is chatter for us.

The present cold snap reminds us most forcibly that winter is coming on. Many of our citizens—figuring on this event—have put in their winter supplies of provisions and have their woodshed well filled. About the only preparation we've made is to let our whiskers grow and try to not think about anything.

Quite a number of new orchards have been put out in this vicinity this fall. N. Sturgis has put out 1,500 trees, A. Root and Geo. Salinger have put out quite an acreage, about nine acres have been planted on the Harlan ranches, while a number of others have put out family orchards.

Wishing to lay in a stock of groceries, provisions, dry goods, boots and shoes before the winter season, we will sell to the highest bidder 2,000 pounds of fine Italian prunes. Bids will be received until Dec. 1, '93. Fruit will be guaranteed in good condition, and shipped as soon as possible. Fifty per cent of the purchasing price will be demanded forthwith. The trees will be planted in the spring.

It Pays.

It pays to take and read the papers, especially your own home daily. Often in this way good business opportunities are brought to your attention. For instance, if you wish to secure a good paying situation, then you had better look at the advertisement of B. F. Johnson & Co. Richmond, Va., in another column; perhaps what they have to say may interest you.
