THE DALLES OREGON

A Rich but Unapproachable Country.
There are said to be five counties in Missouri and eleven in Arkansas, comprising a strip of country 125 miles square, that have no railroad communication with the outside world, and are yet wonderfully rich in zinc ore. This section of the country lies south and west of the Memphis railroad, north and west of the Iron Mountain, south and east of the St. Louis and San Francisco and north of the Arkansas river. The zinc carbonates of this region yield 80 per cent. and the "jack" 60 per cent. of pure zinc ore.

A traveler, Mr. W. E. Wisner, of Kansas City, says that he found in the Mammoth cave even larger than the Mammoth cave. The manner of life of the people is extremely primitive. They live in log houses without windows. Bacon is their main staple of diet and tobacco their only solace. They seldom work so long as they have food and tobacco in the house. But they are virtuous, peaceable and kindly disposed to the stranger. —Pittsburg Dispatch.

Are your children subject to croup? If so, you should never be without a bottle of Chamberlain's Cough Remedy. It is a certain cure for croup, and has never been known to fail. If given freely as soon as the croupy cough appears it will prevent the attack. It is the sole reliance with thousands of mothers who have croupy children, and never disappoints them. There is no danger in giving this Remedy in large and frequent doses, as it contains nothing injurious. 50 cent bottles for sale by Blakeley & Houghton, druggists.

GENERAL DEBILITY CURED. LAME-BACK AND RHEUMATISM.

San Francisco, Cal., August 14, 1892.
Dr. A. T. Sanden, Dear Sir—Before I used your belt I was troubled with loss of vigor, vital weakness, and almost a complete loss of power. I would get up with a very tired feeling, bone aching, etc.; since using your belt I have had a new lease of life. I now feel better than I have for ten years past. I have the most confidence in your treatment. You can publish this statement, also have others write or call on me. Truly yours, H. A. BOWEN, 36 and 38 Turk St.

Portland, Oregon, September 20, 1892.
Dr. A. T. Sanden, Dear Sir—Years of exposure and hard work combined with the strain coming from the car of an engine, gave me a severe case of lame back, from which I suffered for seven years. I was so bad that I could not bend my back. I had doubled up inside of two days, and I continued to wear it for four months, being perfectly cured. That was two years ago and I am as well today, as I ever was in my life. I know your belt well, and I know lots of people who have been cured by your belt. If you would like to know how it works, I would like to send you a copy of the "LIFE" magazine, which is now sent free. My memory is now nearly perfect, and each day shows for the better. I feel much stronger than before using the belt. Yours truly, HENRY SCHULTZ.

Everett, Wash., June 10, 1892.
Dr. A. T. Sanden, Dear Sir—Since wearing your belt I have been greatly benefited. I feel my old energy fast returning, and after a month's use of the belt I find myself as vigorous as before. My memory is now nearly perfect, and each day shows for the better. I feel much stronger than before using the belt. Yours truly, HENRY SCHULTZ.

WINANS

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood River, with large, slightly low, broad streets and alleys, good soil and pure water, with shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort for all Oregon, being the nearest town to Mt. Hood. It is unparalleled as a manufacturing center, being the natural center for 12 square miles of the best cedar and fir timber, possessing millions of horse-power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.
