SOME OF THE POINTS

In President Cleveland's Annual Message to Congress.

DEVOTED MAINLY TO ROUTINE

Nothing Definite Submitted on the Hawaiian Question—Upholds the New Tariff Bill.

The Chinese Question.

The legislation of last year, known as the Geary law, requiring the registration of all Chinese laborers entitled to residence in the United States and the deportation of all not complying with the provision of the act within the time prescribed, met with much opposition from Chinamen in this country. Acting upon the advice of eminent counsel that the law was unconstitutional, the great mass of Chinese laborers, pending judicial inquiry as to its validity, in good faith declined to apply for the certificates required by its provisions. A test upon a proceeding by habeas corpus was brought before the supreme court, and, May 15, 1893, a decision was made by that tribunal sustaining the law. It is believed that under the recent amendment of the act extending the time for registration, the Chinese laborers thereto entitled who desire to reside in this country will now avail themselves of the renewed privilege thus afforded by establishing by lawful procedure their right to remain, and that thereby the necessity of enforced deportation may to a great degree, be avoided.

The Hawaiian Affair.

It is scarcely necessary for me to state that the questions arising from our relations with Hawaii have caused serious embarrassment. Just prior to the installation of the present administration the existing government of Hawaii had been suddenly overthrown, and a treaty of annexation had been negotiated between the provisional government of the islands and the United States, and submitted to the senate for ratification. This treaty I withdrew for examination and dispatched Hon. James H. Blount of Georgia to Honolulu as a special commissioner to make an impartial investigation of the circumstances attending the change of government and of all conditions bearing upon the subject of the treaty. After a thorough and exhaustive examination, Mr. Blount submitted to me his report, showing beyond all question that the constitutional government of Hawaii had been subverted with the active aid of our representative to that government and through the intimidation caused by the presence of an armed naval force of the United States, which was landed for that purpose at the instance of our minister.

INSTRUCTIONS TO WILLIS.

Upon the facts developed it seemed to me that the only honorable course for our government to pursue was to undo the wrong that had been done by those representing us, and to restore, as far as practicable, the status existing at the time of our forcible intervention. With a view of accomplishing this result, within the constitutional limits of our executive power, and recognizing all our obligations and responsibilities growing out of any changes in the conditions brought about by our unjustifiable interference, our present minister at Honolulu has received appropriate instructions to that end. Thus far no information of the accomplishment of any definite results has been received from him. Additional advices are soon expected. When received, they will be promptly sent to congress, together with all other information at hand, accompanied by a special executive message detailing the acts necessary to a complete understanding of the case, and presenting a history of all the material events leading up to the present situation.

The Tariff.

After a hard struggle, tariff reform is directly before us. Nothing so important claims our attention and nothing so clearly presents itself as both an opportunity and a duty—an opportunity to deserve the gratitude of fellow citizens; a duty imposed upon us by our oft repeated professions and by the emphatic mandate of the people. After full discussion, our countrymen have spoken in favor of this reform, and they have confided the work of its accomplishment to the hands of those who are solemnly pledged to it. If there is anything in the theory of a representation in public places of the people and their desires, if political officers are really the servants of the people, and if political promises and professions have any binding force, our failure to give the relief so long

awaited will be sheer recreancy. Nothing should intervene to distract our attention or disturb our effort until this reform is accomplished by wise and careful legislation. While we should staunchly adhere to the principle that only the necessity of revenue justifies the imposition of tariff duties and other federal taxation, and that they should be limited by strict economy, we cannot close our eyes to the fact that conditions have grown up among us which in justice and fairness call for discriminating care in the distribution of such duties and taxation as the emergency of our government actually demands.

THE INTERESTS OF LABOR.

The interests of labor are certainly though indirectly involved in this feature of our tariff system. The sharp competition and active struggle among our manufacturers to supply the united demand for their goods soon fills the narrow market to which they are confined. Then follows a suspension of the working of mills and factories, a discharge of employes and distress in the homes of our workmen. Even if the often disproved assertion could be made good that a lower rate of wages would result from free raw material and low tariff duties, the intelligence of our workmen leads them quickly to discover that their steady employment, if permitted by free materials, is the most important factor in their relation to tariff legislation.

NEWS NOTES.

Snow is spoiling world's fair exhibits. Van Alen has declined the ministry to Italy.

The territories of Utah, New Mexico and Arizona will make an effort, this session of congress to be admitted into statehood.

Hon. W. H. Claggett, who contested the seat of Dubois in the United States senate, has gone over to the populists, body and soul.

O. P. Mason and B. P. Watson, of the defunct Sunday Mercury, were each sentenced yesterday to one year in the jail of Multnomah county.

Senator Dolph will fire the first gun in the tariff debate, which is expected to begin today. In the house Representatives Hermann and Ellis will be on hand with their petards.

From dispatches received from Germany and the East it looks as if the Union Pacific would be segregated somewhat. In that event the old O. R. & N. Co. may be themselves again.

Prof. John Tyndall died at his home in Haslemere, county of Surrey, last evening. His death was hastened by a severe cold. He was born at Leighlin Bridge, near Carlow, Ireland, August 21, 1820.

The result of the appointment of a receiver to operate as a separate system the Union Pacific, Denver & Gulf railway, many men believe, will be the dismemberment of what is known at present as the Union Pacific system.

The reading of the message in congress yesterday excited but little interest, until the Hawaiian part was begun, when the senators generally pricked up their ears and leaned forward in their seats with an air of close attention.

Easy to take—Dr. Pierce's Pleasant Pellets. Smallest, easiest, cheapest, best. They're tiny, sugar-coated, antibilious granules, a compound of refined and concentrated vegetable extracts. Without disturbance or trouble, Constipation, Bilious Attacks, Sick and Bilious Headaches, and all derangements of the liver, stomach and bowels, are prevented, relieved and cured. Permanently cured, too. By their mild and natural action, these little Pellets lead the system into natural ways again. Their influence lasts.

Everything catarrhal in its nature, catarrh itself, and all the troubles that come from catarrh, are perfectly and permanently cured by Dr. Sage's Catarrh Remedy. No matter how bad your case or how long standing, you can be cured.

For a sore throat there is nothing better than a flannel bandage dampened with Chamberlain's Pain Balm. It will nearly always effect a cure in one night's time. This remedy is also a favorite for rheumatism and has cured very severe cases. 50 cent bottles for sale by Blakeley & Houghton.
