PHYSICAL CULTURE.

The Abuse of Our Own Bodies, by Mrs. Helen Stafford.

Mrs. Helen Stafford of San Francisco called at THE CHRONICLE office this morning and for more than an hour entered a reporter upon a subject which is of vital interest to all Americans.

Mrs. Stafford is a lady of refinement and comes of the best families of England and Scotland. She is now a robust handsome woman, and although she has attained the meridian of life, is quite youthful looking and has a grace and carriage that might well be envied.

The reason of this is that she has followed precept by example. Her methods of physical culture, if followed, largely does away with medicine, by treating cause rather than effect.

Mrs. Stafford made the remarkable statement that she can cure Bright's disease of the kidneys, and that when asked by skeptics: "What kind of Bright's disease—there are several?" replies: "Oh, the incurable kind."

The Lehigh Strike.

This is probably the last day of the great Lehigh strike. The strike had widened to other branches of labor, culminating with a walk-out of the telegraphers, which are but remotely connected with the strikers, and overtures for a settlement on the part of the company will doubtless be accepted.

Penny Wise and Pound Foolish.

The man or woman who does not support their own home paper can be properly classed as "penny wise and proud foolish." It brings, for instance, to your door opportunities for securing the best bargains in everything.

For a sore throat there is nothing better than a flannel bandage dampened with Chamberlain's Pain Balm. It will nearly always effect a cure in one night's time.

Shiloh's Vitalizer is what you need for dyspepsia, torpid liver, yellow skin or kidney trouble. It is guaranteed to give you satisfaction.

The Theater Last Evening.

All the seats and much of the standing room were taken last night at the Armory Hall. The play was East Lynne, an ever-timed favorite, and the appreciation shown last evening was complimentary in a high degree both to the play and the players.

At the close of the second act Miss Emma Morris, who took the part of Barbara Hare, was taken very ill and a carriage was called to convey her to the hotel.

The Stutz Theater Company are giving a very meritorious entertainment, and those who love the drama can pass a pleasant evening listening to the pieces rendered in this engagement.

The Jackson Engine Co. held their monthly meeting last night, and decided on giving a grand masquerade ball at the Armory hall on January 1st.

Yours with loving respect, TIMOTHY BROWNHILL.

The young man who is delivering fruit trees at Burham & Robertson's livery stable today, says people are a little slow about coming after their trees. It is quite probable he will have some left on his hands and have to dispose of them at a discount.

The land contest cases, that were commenced on Monday of this week between some of the members of the Black wheat growing company and settlers of Gilliam county, and which promised at the outset to be very interesting, was finally settled yesterday in a very satisfactory manner to all parties concerned. T. A. Hudson and W. H. Wilson were the attorneys for the Black people and Messrs. Huntington & Wilson represented the interests of the defendants.

Rev. A. Horn informs us that the Busy Gleaners (see WEEKLY CHRONICLE, Nov. 29th) is not a children's society of the Lutheran church of this city, but that it is organized by children attending the Lutheran Sunday School, also that it is not the rule of the Lutheran church to earn money for Lutheran institutions and call it charitable, where there will be a dance at the close of a fair. And in Germany when not by heart believing Christians will arrange a dance their children are excluded. They dance their children are excluded. They dance their children are excluded.
