THE DALLES OREGON

**MAN AND BEAST.**

People who eat freely of boiled celery are seldom attacked with rheumatism.

This left hand shows the natural inclination; the right the direction in which the individual is traveling. In left-handed people these conditions are reversed.

The mountain of the moon is on the outside of the hand, opposite the thumb and just above the wrist. When this mountain is prominent the indication is of a sentimental disposition.

Houses that have been broken down by hard work are put in good condition in a short time by being fed with infusions of roasted coffee and ground coffee beans mixed with honey. This is common treatment in Germany.

**Now Try This.**

It will cost you nothing and will surely do you good, if you have a cough, cold, or any trouble with throat, chest or lungs. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to give relief, or money will be paid back. Sufferers from a gripe found it just the thing and under its use had a speedy and thorough recovery. Try a sample bottle at our expense, and learn for yourself just how good a thing it is. Trial bottles free at Snipes & Kinsey's drug store. Large size 50c and \$1.

**Notice.**

To All Whom It May Concern.

By order of the common council of Dalles City, made and entered on the 3d day of November, 1893, notice is hereby given that said city council is about to proceed to order and make the improvement of Second street in said city as hereinafter stated, and the cost of such improvement will be levied upon the property adjacent thereto, and said improvement will be made unless within fourteen days from the final publication of this notice, the owners of two-thirds of the property adjacent to said street about to be improved shall file their remonstrance against said improvement as by charter provided.

The improvement contemplated and about to be made is as follows, to-wit:

To improve Second street in said city, from Union street to the foot of the brewery grade by filling the same the entire length thereof between said points with crushed rock, so as to bring said street up to the established grade thereof, as heretofore established by ordinance No. 247. Which grade in the middle of the street is supposed to be of the same elevation as the side walks along said street, except where said side walks are not on a uniform grade from square to square, and said street shall be filled in such a manner that when said improvement is completed the center thereof shall be on the established grade and shall slant to each side to an elevation of 8 inches below said established grades.

Said improvement shall be made with rock of such size as shall be furnished to the property owners by the authorities of Dalles city, and shall be hauled and placed on said street at the expense of the respective property owners abutting upon said street, and spread on said street so as to be of even surface and as directed and under the supervision of the committee on streets and public property.

DOUGLAS S. DEUCE,  
Recorder of Dalles City.

Dated this 24th day of November 1893. d14
