THE DALLES - OREGON

QUEEN VICTORIA'S will is engrossed in vellum, quarter size, and is bound as a volume and secured by a private lock.

In the household of Princess Bismarck breakfast is served to each member of the family as he appears—a better rule for the home of a princess than for her humbler sisters.

PRINCE HENRY of Orleans, nephew of the count of Paris, is soon to be made a knight of the Legion of Honor by the French government in acknowledgment of his geographical and scientific researches in the east.

QUEEN VICTORIA, in addition to being colonel of a regiment, is prebendary of St. David's, and her tenure of the office since 1837 makes her the senior prebendary of England. The reverend colonel never officiates, however.

BALDWIN FELDER, of Vienna, has occupied his time for many years in gathering rare butterflies. Recently he sold his uncommonly beautiful and almost perfect collection to Lord Rothschild for the sum of five thousand pounds.

Notice.

To All Whom It May Concern:

By order of the common council of Dalles City, made and entered on the 3d day of November, 1893, notice is hereby given that said city council is about to proceed to order and make the improvement of Second street in said city as hereinafter stated, and the cost of such improvement will be levied upon the property adjacent thereto, and said improvement will be made unless within fourteen days from the final publication of this notice, the owners of two-thirds of the property adjacent to said street about to be improved shall file their remonstrance against said improvement as by charter provided.

The improvement contemplated and about to be made is as follows, to-wit:

To improve Second street in said city, from Union street to the foot of the brewery grade by filling the same the entire length thereof between said points with crushed rock, so as to bring said street up to the established grade thereof, as heretofore established by ordinance No. 247. Which grade in the middle of the street is supposed to be of the same elevation as the side walks along said street, except where said side walks are not on a uniform grade from square to square, and said street shall be filled in such a manner that when said improvement is completed the center thereof shall be on the established grade and shall slant to each side to an elevation of 8 inches below said established grades.

Said improvement shall be made with rock of such size as shall be furnished to the property owners by the authorities of Dalles city, and shall be hauled and placed on said street at the expense of the respective property owners abutting upon said street, and spread on said street so as to be of even surface and as directed and under the supervision of the committee on streets and public property.
