To Brace Up

The system after "La Grippe," pneumonia, fevers, and other prostrating acute diseases; to build up needed flesh and strength, and to restore health and vigor when you feel "run-down" and used-up, the best thing in the world is Doctor Pierce's Golden Medical Discovery. It promotes all the bodily functions, restores every organ into healthful action, purifies and enriches the blood, and through it cleanses, repairs, and invigorates the entire system.

For the most stubborn Scrofulous, Skin or Scalp Diseases, Dyspepsia, Biliousness and kindred ailments, the "Discovery" is the only remedy that is guaranteed. If it doesn't benefit or cure, you have your money back.

Can you think of anything more convincing than the promise that is made by the proprietors of Dr. Sage's Catarrh Remedy? It is this: "If we can't cure your Catarrh, we'll pay you \$500 in cash."

VERY LITTLE CHANGE

Advices Received From Honolulu by the Steamer Australia.

QUEEN'S ADHERENTS ARE ARMING

The Provisional Government Is, However, Stronger Than Ever and Prepared to Resist All Attacks.

SAN FRANCISCO, Dec. 16.—A correspondent at Honolulu, writing under date of December 9, says: Since the 5th no material change has taken place in the military or political attitude of the different parties. The queen's adherents are being secretly armed. The marshal is satisfied that over 200 new Winchester rifles have been worked into Honolulu in small lots from the island of Maui during the past month and distributed to the royalists. The police force under the marshal is now larger and in a higher state of organization than ever before. A vigilant watch is kept on the movements of the royalists. One hundred men on the citizens' reserve are selected who will reinforce the station house at a moment's call. The royalists express a certainty that on the arrival of the Alameda, the 22d, Minister Willis will carry out his orders to reinstate the queen. It is not believed that the royalists will make any independent or premature attack upon the strong position of the government.

INDIAN OUTBREAK FEARED.

Due to an Agent's Efforts to Suppress Polygamy.

CHEYENNE, Dec. 16.—Trouble is expected on the Shoshone reservation from the efforts made by Captain Ray, the military agent, to suppress immorality and polygamy among the Indians. A few weeks ago he had a number of Indian maidens, who insisted on visiting the post on pay-day, arrested and sent back to their lodges with their heads shaved. This is considered a great indignity among the Shoshones and Arapahoes, and they were in a bad humor, when last week the captain called a number of chiefs before him and ordered them to disperse with all wives but one. Plenty Bear, chief of the Arapahoes, who has two squaws with whom he has lived many years, said he was too old to change his habits, and would die before he would obey such an order. Raising his Winchester, he said: "We will both die together." Ray ordered him arrested, but the Indian police refused to obey and Plenty Bear left the meeting very angry. Washakie, chief of the Shoshones, is also a polygamist, and his arrest has also been ordered. He is guarded by a number of Shoshones who say they will not allow the arrest, and if it is attempted an outbreak of the Indians is certain.

The Pension Policy.

WASHINGTON, Dec. 16.—The debate over the pension policy of the administration, growing out of an item in the urgent deficiency appropriation bill appropriating \$200,000 for special examiners, consumed the entire day in the house. Under the lead of Cannon an assault was made against Cleveland's pension policy, especially that portion which resulted in the revocation of order 164, and the subsequent suspension of thousands of pensioners. Livingstone of Georgia and Enloe of Tennessee defended the administration, and Lacey of Iowa and Morse of Massachusetts opposed it.

Preparing to Fight.

NEW YORK, Dec. 15.—The Herald's Montevideo dispatch says it is now known that Mello is preparing to fight the America and Netheroy with the Aquidaban and other ships. The situation is daily becoming more serious for Peixoto. The governor of the state of Minas-Geraes issued a manifesto, declaring in support of the republic. He says not a single member of the Braganza family is fit to rule.

Peixoto Recaptures Governor's Island.

LONDON, Dec. 16.—The Brazilian legation has received a cablegram from Rio, dated December 16, saying the government troops had recaptured Governor's island from the insurgents. This is considered an important victory for President Peixoto, owing to the strategic position the island occupies. The legation makes the announcement that the commanders of the American and German warships have declared they will protect foreign interests and will not recognize any blockade of Rio established by the insurgents. It is believed, after the determined stand taken by the American and German commanders at Rio, American and German ships may be sent to Santos to practically raise the blockade at that port.

The offense is punishable with a fine of 50 cents for each performance.

The British minister in Rio has informed all persons of his nationality in Rio that in his opinion it was dangerous for them to remain in the city, and has ordered all the British merchant ships in the harbor to be towed higher up the bay. Excitement in Rio, in view of these preparations for bombardment, is intense. In the abortive attempt made by Peixoto's men to capture Fort Villegagnon, formerly reported, 20 men were killed.

Minister L. A. Thurston was a passenger on the steamer Alameda, which sailed Friday afternoon for Australia via Honolulu. Besides the minister there were nearly fifty business men who were hastening home to be on hand when the final test of strength between the United States and the provisional government comes. Lieut.
