**DECEMBER DOTS.**

Spicy Newslets Garnered from a Reporter's Note Book.

Mrs. Flaxbrake Williams is very ill at her mansion in Portland from the effects of a late 40 days' fast.

Mrs. McCuen, an old lady 88 years old, was stricken with paralysis this morning and at the present writing is unconscious.

M. V. Berk will speak in The Dalles on Saturday, the 23d, at the court house on "The Cause and Cure of Hard Times."

The dolls at Pease & Mays, for sale by the Episcopal ladies, have been greatly reduced, owing to a desire to close them out at once. Call and inspect them.

THE CHRONICLE, desiring to keep a correct mortality table of Wasco county, requests all physicians, clergymen, justices of the peace, and others to send us a report of all marriages and deaths within their knowledge as they occur during the year.

The man who says advertising doesn't pay is referred to the mayor of Marysville. Last week he inserted an ad. in the Globe headed "Girl Wanted." Three days later, on Hallowe'en, his wife gave birth to a girl. Does advertising pay? Of course it does, or people wouldn't advertise.—Snohomish Eye.

The Kris Kringle concert last evening was a decided success. The entertainment features were never excelled in The Dalles and each number was encoored with much enthusiasm. All of the articles on sale were closed out and the ladies reaped a snug little sum to apply to a needed expense of the church.

The ringing of the fire bell in Athena by some practical joker, one night last week, made a raving maniac of a lady of that town, whose nerves had already become shattered by a long period of ill health. She was taken to Salem for treatment, while the idiot who rung the false alarm is enjoying perfect freedom. The Athena fire company offers \$50 for the villain's capture.—Walla Walla Statesman.

Joles, Collins & Co., the firm who bought out the late Dalles Mercantile Co., will open out the business in the morning, and will be on hand at the old and well-known place, to receive customers. Messrs. Joles are well and favorably known, having been residents of this city for the past ten or twelve years connected with the business interests of this place. Mr. Collins is a young man of strictly business habits, and since his arrival in Oregon has made a host of friends and won the esteem of the people. We bespeak for them abundant success.

Before purchasing your Christmas candies and Christmas tree ornaments it will pay you to examine goods and get prices at Campbell Bros.

**Imputes Rottenness.**

"The consulting physicians have gone to Eastern Oregon for the purpose of locating a site for the branch asylum," says an exchange. This is untrue, because a site has already been selected by Gov. Penoyer, Secretary McBride and Treasurer Metschan. That site is Pendleton and the board of consulting physicians are being sent to other places only as a subterfuge in the interest of this board, which wants no "hornet's nest" stirred up in the bunch grass country this close to election. Those places besides Pendleton that have put in an application may as well let their hopes "mist away" now. The physicians on that junketing trip have no say, and Pendleton knocks the persimmon.—Salem Independent.

THE CHRONICLE cannot believe that such corruption is being entertained on the part of the governor, secretary and treasurer, who have always heretofore been considered as honorable gentlemen, and should like to see the Independent disputed once and forever by the parties whose honor is thus called into question.

Shiloh's cure, the Great Cough and Croup Cure, is for sale by Snipes & Kinersly. Pocket size contains twenty-five doses, only 25c. Children love it. Sold by Snipes & Kinersly.

Karl's Clover Root, the new blood purifier, gives freshness and clearness to the complexion and cures constipation. 25c., 50c. and \$1.00. Sold by Snipes & Kinersly, druggists.

**The Dalles Asylum Site.**

The site offered west of the city for the branch asylum is unapproachable by any other candidate. The physicians here today cannot well help reporting that for natural beauty, excellence and abundance of water, climatic conditions and healthfulness The Dalles offers the best site by long odds, and relying upon these facts The Dalles has not made an active strife through the newspapers, leaving that part of the controversy to points less favored by nature. The geographical position also is favorable to The Dalles from a standpoint of economy. Interchanging of patients between the two asylums will be constant on account of the different climatic conditions being more favorable to some patients than others, and the transferring of patients from Salem to the new asylum on completion will alone amount to thousands of dollars difference in favor of The Dalles. The fare from Salem to The Dalles via the boat company is \$4.10. From Salem to Pendleton the fare is about \$11.50. On 200 patients the difference is over \$1,200. Hence the argument that we are not centrally located has no force. The capitals of nearly all the states are not centrally located of which Oregon itself is one. If there is any force at all in the argument of geographical location, let it be considered that we have a vast stretch of country to the south of us which is tributary only to The Dalles.

It will pay you to call at the Columbia Candy Factory and get prices on Christmas candies and ornaments.

**DECISION ON TITLES.**

The Word "National" Must Not Be Used by Private Corporations.

One of the most important of recent events in building and loan circles is the decision of Comptroller Eckels, of the treasury department, regarding the style of associations doing business on what is known as the "national plan." He holds that the use of the word "national" as the part of a title or name of an association is illegal and cites the following statute in support of his position:

"All banks, except national banks, and all persons or corporations doing business as bankers, brokers, or saving

COMPTROLLER J. H. ECKELS.

institutions are prohibited from using the word 'national' as a portion of the title of such bank, firm, or corporation, and any violation of this prohibition committed after September 3, 1873, shall subject the offending party to a fine of fifty dollars a day for each day during which it is repeated."

The question has been referred to the attorney general of the United States for an opinion. If sustained the decision will affect a large percentage of the associations which operate on the national plan.
