## SCENE IN THE HOUSE

### Majority Report of Committee on Foreign Relations.

### IT STANDS IN WITH CLEVELAND

### Condemns the Action of Minister Stevens at Honolulu—A Minority Report Offered.

WASHINGTON, Dec. 21.—The house committee on foreign affairs this morning considered the resolutions introduced by Hill and Boutelle relative to the Hawaiian policy of the administration, and decided to report a substitute, which, when reported by Chairman McCreary, of the committee, caused a scene in the house. Only three republican members of the committee were present. The meeting was not marked by any lively demonstration. Following is the substitute for the Hill and Boutelle resolutions:  
WHEREAS, It appears from the executive communications sent to the house of representatives that the United States naval forces at Honolulu exceeded their authority in January, 1893 and illegally aided in overthrowing the constitutional government in Hawaii, and setting up in its place a provisional government, not republican in form, in opposition to the will of the majority of the people of Hawaii; therefore,  
Resolved, That it is the sense of this house that such intervention by the government, its representatives or armed forces is contrary to the policy and the traditions of our republic and the spirit of our constitution, and should be and is emphatically condemned.  
Representative Storer, of the committee, offered a substitute for the resolution adopted by the majority, which was rejected and which Storer wished to substitute as a minority report. Following is the resolution which embodies the votes of the minority:  
WHEREAS, Executive communications to congress disclose that the executive department has furnished to a minister plenipotentiary of the United States secret instructions to conspire with the representatives and agents of a deposed monarch for the overthrow of a friendly republican government, duly recognized by all civilized nations to which said minister was accredited, and to which his public instructions pledged the good faith and sympathy of the president, government and people of the United States.  
Resolved, That it is the sense of this house that any such intervention by the executive of the United States, its civil or military representatives or officers, without the authority of congress, is dangerous and unwarranted, an invasion of the rights and dignities of the congress of the United States and a violation of the law of nations; and further, that the manner of such attempted intervention by the executive and the methods used were unworthy of the executive department of the United States, while the confessed intent of such intervention is contrary to the policy and traditions of the republic and the spirit of the constitution.

### NEWS OF THE STATE.

Union county is now agitating for a rock crusher.  
Mr. Miller, who went east last week to find his lost child, has not been heard from lately.  
Mayor Mason of Portland has generously donated 400 sacks of flour to the needy of Portland.  
Glen O. Holman will be declared not guilty, the court declaring he would set aside a verdict of guilty, owing to the lack of convicting testimony. The smuggling trial is nearly ended.

### To Brace Up

The system after "La Grippe," pneumonia, fever, and other prostrating acute diseases; to build up needed flesh and strength, and to restore health and vigor when you feel "run-down" and used-up, the best thing in the world is Doctor Pierce's Golden Medical Discovery. It promotes all the bodily functions, rouses every organ into healthful action, purifies and enriches the blood, and through it cleanses, repairs, and invigorates the entire system.  
For the most stubborn Scrofulous, Skin or Scalp Diseases, Dyspepsia, Biliousness and kindred ailments, the "Discovery" is the only remedy that's guaranteed. If it doesn't benefit or cure, you have your money back.

### Can you think of anything more convincing than the promise that is made by the proprietors of Dr. Sage's Catarrh Remedy? It is this: "If we can't cure your Catarrh, we'll pay you \$500 in cash."

## CORWIN AT HONOLULU.

### Her Arrival the Cause of Much Excitement.

SAN FRANCISCO, Dec. 21.—The steamship Mariposa arrived this morning, bringing advices from Honolulu up to December 14th.  
All efforts to find out the position to be taken by the British in case trouble should arise have so far failed. It is generally understood that the ex-queen's policy, should she be restored, would be one of general amnesty with the exception of a few men at the head of the provisional government.  
The annexationists claim that the ex-queen will never have a chance to display either good will or hatred toward these men so long as there is an American alive in Hawaii.  
The ill health of President Dole is causing much anxiety. During the past week he has been confined at home. Members of the cabinet say he will be on duty again next week.  
Interviews with the cabinet show that the government interprets Cleveland's message to congress to mean "I will restore the ex-queen peaceably if possible, and in case I find this cannot be done I will refer the matter to congress for settlement." President Dole assured the Associated Press that in case Minister Willis made any advances either before or after the sailing of the Mariposa looking toward restoration, this government wished it announced in the most public manner that such negotiations would make no headway here, and if pushed would be absolutely rejected by the provisional government. The cabinet who were assembled in the foreign office were of the opinion they would receive some communication from Minister Willis before noon, the hour set for the Mariposa to leave. "The provisional government," said President Dole, "has arranged every detail for protecting life and property and is also well prepared to resist with force the overthrow of the provisional government if attempted by external means. Yes, you can say that if the worst comes we will make a stubborn resistance, and you know as well as we do that it will be a hard fight."  
Barricading of government buildings is being continued with uninterrupted activity. One hundred and fifty picked provisional troops slept on their arms. Arrangements have been so perfectly made and such thorough discipline is enforced that on the slightest menacing attitude of the royalists or their sympathizers fully 1,500 men fully equipped could be called into the field in 10 minutes. Around the palace are two heavy Krupp guns, purchased by the late King Kalakaua, and two gatling guns have been stationed in addition to 19 smaller pieces. When the Mariposa sailed, a detachment of provisional soldiers were digging rifle pits. The principal parts of Liliuokalani's regalia have been stripped and relegated to the government museum. All monarchical decorations of the throne room also in and about the palace, including the throne itself, have been dismantled. In fact, everything pertaining to the insignia of royalty has been taken down.  
An added source of anxiety has been the apprehension of interference from Japan which royalists are likely to invite if disappointed in President Cleveland. Many circumstances besides the return of the "Naniwa" have conspired to disturb the minds of the ministers on this point, although Mr. Fujii, the Japanese representative, openly disclaims such intentions on the part of Japan.  
Strange that People Will Suffer with dull feelings and the blues when they can be so surely cured by simply taking a few doses of Simmons' Liver Regulator.

## NEWS NOTES.

Valliant and Reclus are the names of the anarchists who lately exploded a bomb in the house of deputies. They are both misnamed.

A New York newspaper says that the death of Banker Magoun has probably settled the fate of the Atchison, Topeka & Santa Fe railway, and that the road will now likely be placed in charge of a receiver.

Up in Idaho they have concluded the S. F. Examiner's "gift offering" to its subscribers is a lottery, and the U. S. grand jury has indicted W. H. Hearst, the proprietor, and T. T. Williams, the business manager of the paper, for violating the law which prohibits the use of the mails for circulating lottery advertisements.

Another claimant to the estate of the late Thomas H. Blythe has just arrived here from England. His name is Edward Edwin Blythe. He alleges his father was compelled to leave England when the claimant was a mere child, and that some time ago he instructed a lawyer to file his claim to the estate, but the latter had not taken any action. His attorney declares the proofs produced by him are very strong, and that his resemblance to the late millionaire is very remarkable.

### Prehistoric Remains Discovered.

EDDY, N. M., Dec. 21.—Will McMillan, of St. Louis, and E. Bronson, of El Paso, an authority on prehistoric Indian remains, today discovered at 20 to 30 miles below Eddy some Aztec remains. Excavations are soon to be made to expose what may have been buried by sands from adjacent hills. The remains of an ancient canal in this district had previously been discovered. Broken pottery, arrowheads and stone axes prove the identity of the race to be the same as that which, when extinguished, left peculiarly built towns in northern Mexico, northern New Mexico and Arizona. They were a people who built towns in the hills for defense and farmed the river lands. This new discovery shows that agriculture was carried on in the pecos by irrigation.
