Of Des Moines, Iowa, writes under date of March 23, 1893:

S. B. MED. MFG. CO., Dufur, Oregon.

Gentlemen:  
On arriving home last week, I found all well and anxiously awaiting. Our little girl, eight and one-half years old, who had wasted away to 38 pounds, is now well, strong and vigorous, and well fleshed up. S. B. Cough Cure has done its work well. Both of the children like it. Your S. B. Cough Cure has cured and kept away all hoarseness from me. So give it to every one, with greetings for all. Wishing you prosperity, we are Yours, Mr. & Mrs. J. F. FORD.

If you wish to feel fresh and cheerful, and ready for the Spring's work, cleanse your system with the Headache and Liver Cure, by taking two or three doses each week.

## WORLD'S FAIR BLAZE

Several Millions of Valuable Exhibits and Buildings Burned.

### FRANCE THE GREATEST SUFFERER

Smugglers' Ring Uncarried in San Francisco—Foreign and Domestic News.

CHICAGO, Jan. 9.—The damage to the manufactures building by last night's fire is mostly confined to the south half of the roof and to the exhibits yet unremoved beneath that portion. A space of 500 feet on the east side and 350 feet on the west side of the roof is completely burned away. Beneath this portion were the French, Belgian and Russian exhibits, and they suffered the most. It is impossible, as yet, to estimate the loss on the exhibits, as they are all boxed and will have to be unpacked before it can be known what damage is done by water to the textiles and by breakage to ceramics and other fragile exhibits in the work of hasty removal. The heaviest loss, however, is in the French section, whose exhibits were originally worth \$1,500,000. Among the losses in that section are bronze statues of war, Sevres china exhibits, Gobelin tapestry exhibits, Mosaic and inlaid furniture exhibits, Dore bronze vases, costume exhibits and French publishers' exhibits. The loss on the burned buildings is total, as the insurance had expired. The manufactures building cost \$1,700,000, the music hall \$200,000, the Casino \$200,000 and the peristyle \$150,000. These figures, however, cannot be taken in estimating the value of the destroyed buildings, as they were practically worthless, the cost of demolition and removing in case of all, except the manufactures building, being equal to if not greater than the salable value, and the value of the manufactures building was chiefly confined to the great steel arches, which, with the exception of one mentioned, are still intact. It was about 3 o'clock this morning before the fire was thoroughly under control, and firemen continued on duty many hours longer, turning streams upon the smoking or glowing timbers here and there to guard against the possibility of a renewed outbreak.

### MORE SMUGGLING.

A Big Ring in San Francisco Has Been Uncarried.

SAN FRANCISCO, Jan. 9.—Customs authorities here, assisted by special treasury agents, have unearthed a gigantic smuggling ring employing at least three vessels in its nefarious practices. George Wichman, a prominent candy dealer of this city, and Louis Greenwald, of Victoria, are in the county jail, charged with smuggling 1,500 pounds of opium and 13 Chinese ashore on the northern coast in September last. Their arrest was due to a confession made by a man named Miller, who was taken into custody Sunday night. Warrants have also been issued for L. W. McLean, formerly a custom-house interpreter, and George Thomas, a photographer. Other warrants will be taken out during the next few days against prominent business men and officials connected with the customs service. An attempt was made last night to seize the sloop Emerald, one of the vessels which landed the contrabands, but she escaped to sea, although chased by revenue steamers. The ring has been operating here for a series of years, and highly sensational disclosures are promised when the cases are brought to trial.

The collector of the port and a number of custom officers, all fully armed, patrolled the bay all night on the tug Mollie watching for the Emerald. About 9:30 this morning she was found off Hunter's point and confiscated. The sloop was deserted and dismantled, and not a thing of value remained on her.

The most stubborn Skin and Scalp Diseases, the worst forms of Scrofula, all blood-taints and poisons of every name and nature, are utterly rooted out by Dr. Pierce's Golden Medical Discovery. For every disease caused by a torpid liver or impure blood, it is the only remedy so certain and effective that it can be guaranteed. If it fails to benefit or cure, you have your money back.

Eczema, Tetter, Salt-rheum, Erysipelas, Boils, Carbuncles, Enlarged Glands, Tumors and Swellings and every kindred ailment, are completely and permanently cured by it.

Whenever You See a Friend Suffering with dyspepsia, sick headache, biliousness or an kindred disease, advise him to procure a bottle of Simmons Liver Regulator. It never fails to relieve and cure.

Peanuts!

Cheaper than anywhere else at the California winehouse.

### NEWS NOTES.

The war between Nicaragua and Honduras threatens to assume formidable proportions.

A dispatch from Rio Janeiro says Peixoto has resigned. The Brazilian minister at Washington does not believe the report.

The London Church Missionary Society has received a telegram from Lago, West Africa, announcing the death of the famous Niger missionary, Bishop Hall, and wife.

Dispatches from Kassala confirm the accounts of a battle between Italian troops and dervishes. It is stated the latter left 4,000 dead upon the field; that their leader, Hamand Ali, and all his emirs were killed.

A band of sixty-two Chinese were brought to San Francisco from Texas en route for China, and placed on the steamer Gaelic which sailed yesterday afternoon for Hong Kong. The band was captured while attempting to cross the border line from Mexico.

Private advices from Tallahassee last night are to the effect that Governor Mitchell acknowledged to an intimate friend that he cannot possibly prevent the Corbett-Mitchell fight from taking place in Jacksonville, and it is conceded all around that the governor is only playing a big game of bluff for the purpose of stopping the sale of tickets. He is out for the scalp of the Duval Athletic Club and would like to make it lose money so as to discourage the holding of other fights in Florida.

### Attempt to Dope Corbett.

JACKSONVILLE, Jan. 9.—About midnight last night some unknown person attempted to enter Corbett's room at Mayport. The champion was aroused by a noise at his window, and springing from his bed found that some person had broken open the blinds, and was attempting to open the window sash. Corbett seized a pistol and rushed to the door, when he saw a person in the act of leaving the house about 10 yards from him. Corbett fired several times, but does not think any of the shots took effect. It is believed the person was trying to enter Corbett's room to do him some injury to prevent his being ready to meet Mitchell. Hereafter Corbett's trainers will take turns in watching the champion while he sleeps.

### BOOKS AND WRITERS.

MARK TWAIN looks old. His fuzzy hair is almost white and he stoops more than ever. But he can crack a joke with his usual vim.

WHEN Daniel Defoe wrote "Robinson Crusoe" he was fifty-eight years old, had failed of success repeatedly, and apparently had made but little of his life.

FRANCIS PARKMAN, the dead historian, was a nephew of Dr. George Parkman, whose murder by Prof. Webster in 1849 is still perhaps the most celebrated of American crimes.

"FROM HEADQUARTERS" is Lieut. James A. Frye's latest addition to the literary world. Lieut. Frye is a Boston man and bears to the national guard about the same relation Capt. King does to the army.

### FOR THE LABORERS.

The United States cotton crop in 1893 was 9,038,707 bales.

Germany prohibits the employment of union men on government works.

In manufacturing occupations the average life of soapboilers is the highest, and that of grindstone-makers the lowest.

BREEDERS of sheep in the south of England have had several years of declining values, terminating last year in disastrous losses, consequent upon the absence of feed, owing to the bleak winter and unfavorable spring.

### WOOD, WOOD, WOOD.

Best grades of oak, fir, and slab cord wood, at lowest market rates at Jos. T. Peters & Co. (Office Second and Jefferson streets.)

### Notice.

All persons knowing themselves indebted to the undersigned will please pay up at once, as we need money to pay our bills.

### THE STUDY.

MISS HARRYDELE HALLMARK is a Georgia young woman who is said to be doing good literary work in the east.

PROF. GOLDWIN SMITH intends to leave for England in a few days to spend the winter. He will return to Canada and devote the rest of his life to literary work long postponed.

MR. GLADSTONE has just written an article for the Youth's Companion, the Boston weekly for boys and girls, which contains four thousand words, every word in his own handwriting.

W. D. HOWELLS is said to have enough literary work mapped out and contracted for for the next year to assure him, with the royalties on his published books, an income of thirty thousand dollars.

JULES VERNE, the famous author, is said to have earned more money by his pen than any other living author. He has taken up his abode in plain apartments in the old cathedral town of Amiens.

WILL ALLEN DRUMGOOLE, who has been for eight years clerk of the Tennessee senate, recently lost his job because he would write dialect stories which "riled" the mountaineers.

### THE DAYS' PROGRESS.

A LIVERPOOL hotel has put in some penny-in-the-slot gas fires. This system is applied to the gas supply, so that a fire in the grate can be turned on when needed.

A PROCESS for the production of a new material called "lactite," or "milk ivory," has been invented, skim milk being the substance from which it is made.

THE French are making barrels from paper pulp and the Germans are making stockings of it which keep the feet warm and dry. Probably they do not wash, but should be burned after use.

OVER fifty kinds of bark are now used in the manufacture of paper. Even banana skins, pea vines, coconut fiber, hay, straw, water weeds, leaves, shavings, corn husks and hop plants are used for the same purpose.

An instrument has been invented for sounding the depths of the sea without using a lead line. A sinker is dropped containing a cartridge which explodes on touching the bottom. The report is registered in a microphone apparatus and the depth reckoned by the time at which the explosion occurred.

### Emperor William's Hard Head.

In conferring upon Mr. della Volpe, the grand master of the household of the pope, the grand cross of the Order of the Crown, Emperor William has shown a remarkable spirit of forgiveness. On the occasion of the emperor's first visit to the pope his majesty let his helmet tumble to the ground. Mr. della Volpe immediately stooped to pick it up. Unfortunately Emperor William bent down for the same purpose, and the head of the monarch and that of the prelate came into violent collision, and the gravity of all present was put to a severe test. It required the utmost presence of mind on the part of the monsignor to restrain himself from applying his hands to his damaged pate, and since then he has not hesitated to proclaim Emperor William as being the most hard-headed monarch in Christendom.

### Settlement Requested.

During my absence, I who have unsettled accounts with the undersigned are expected to call and settle with Mr. Geo. Krauss, who has my books and accounts. An early settlement will greatly oblige. Yours truly, LESLIE BUTLER.

Shiloh's Vitalizer is what you need for dyspepsia, torpid liver, yellow skin or kidney trouble. It is guaranteed to give you satisfaction. Price 74c. Sold by Snipes & Kinsler, druggists.

### NOTICE.

By virtue of an order of the common council of Dalles City, made and entered on the 12th day of December, 1893, notice is hereby given that said city council is about to proceed and order and construct a sewer of 8-inch terra cotta pipe on Lincoln street, commencing at the intersection of Lincoln and Fourth street, on the south side of Fourth street, and continuing thence northerly along the center of said Lincoln street to low water mark of Mill creek, and that the cost for said sewer will be assessed against the property directly benefited thereby, as by the charter provided.

Dated this 26th day of December, 1893.

DOUGLAS S. DUFUR, Recorder of Dalles City.
