## MAKE THE LEVY SMALL.

THE CHRONICLE, in behalf of the hundreds of farmers throughout the county who have suffered the loss of a great share of their wheat, and a price for the remainder less than the cost of production; in behalf of the sheep and cattle raisers, who are compelled to sacrifice their capital in trade to pay expenses instead of paying them from the profits of business; and in behalf of all the rest of the county's citizens, who are suffering from the hard times either directly or indirectly, urges the county court this year to make the tax levy as small as possible. Taxes this year will be a grievous burden, on account of the scarcity of money, and the trouble is intensified because the county, city and school taxes are all to be met at the same time. The delinquent list bids fair to be larger than ever before, and it may be that a little moderation exercised at this time in the matter of the levy will prevent several from losing their property. Wasco county wants as few bankruptcies as possible, and desires to retain all those citizens who in ordinary times are able to pay their bills and help develop the country. It will do no real harm, then, to reduce the levy considerably less than formerly, and if it makes warrants a little longer in maturing, we can easily catch up with returning prosperity. While it is every officer's pride to make the best possible showing for himself during his administration, the true patriot will consider the condition of the people in times of adversity and lessen rather than increase their burden. In the name of the people of Wasco county, THE CHRONICLE urges the county court to do his share toward lessening their burdens this year in this manner.

An exchange says, with much truth: "The Wilson tariff bill simply proposes a change from the protection of the McKinley law with high wages, to protection with low wages."

If surface indications count for anything, the officials of the state department are considerably disturbed over the latest news from Honolulu. A few short weeks ago they were afraid Minister Willis had not carried out his instructions. Later they were even more afraid that he had.

Wilson and his men have been finally gobbled up by Lobengula in darkest Africa, and England has a new Gordon to honor. English pride should not discountenance the humble assegai too greatly. Two thousand of them in the hands of savages are more effective than the guns of only forty Englishmen; and savages will fight for their homes just as enthusiastically as any patriots on earth.

The Baker Democrat is the first democratic paper we have seen that says what it thinks about the late democratic convention in The Dalles. It says: "From all accounts the late convention of democratic clubs held at The Dalles was a Bedlam of asses. If the would-be leaders continue to show such a lack of brains there can be only one result. Too bad they all could not have been sent adrift and over the Cascade falls for the sake of the future of the party."

Some men down in California are still at work upon the business of making rain, or rather trying to. It is one of the peculiarities, however, that they, like the other rain-makers, select the rainy season in which to perform their incantations whereby the moisture is to be extracted from the skies. We suspect these rain-makers are a good deal like the tramps who had no work at their trade. In December they claimed to be strawberry pickers and in June ice cutters.

The readers of this paper will be much pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c.

## ADDED TO THEIR FAME.

God reigns and the government at Washington still lives.—Garfield, in a speech made on the day of Lincoln's death.

One tongue is enough for a woman.—Milton, when asked if he would instruct his daughters in foreign languages.

'Tis the first beat of the drum, of ill omen for France.—Marie Antoinette, when the states general was summoned.

NONE of you know where the shoe pinches.—Lucius Aemilius Paulus, when asked why he divorced his beautiful wife.

If I were to begin the world again, and knew just what I know now, I would never write a verse.—Alexander Pope.

AFTER the deluge, Mme. de Pompadour said when a warning was given of the downward tendency of things in France.

Good Americans, when they die, go to Paris.—Thomas G. Appleton. Repeated in the Autocrat of the Breakfast Table.

It does not signify much whom one marries, as one is sure to find the next morning it was some one else.—Samuel Rogers.

## ABOVE EVERYTHING ELSE.

Dr. Pierce's Golden Medical Discovery purifies the blood. By this means, it reaches, builds up, and invigorates every part of the system. For every blood-taint and disorder, and for every disease that comes from an inactive liver or impure blood, it is the only remedy so sure and effective that it can be guaranteed.

If the "Discovery" fails to benefit or cure, in every case, you have your money back.

These diseases are many. They're different in form, but they're like in treatment. Rouse up the torpid liver into healthful action, thoroughly purify and enrich the blood, and there's a positive cure. The "Discovery" does this, as nothing else can. Dyspepsia, Indigestion, Biliousness; all Bronchial, Throat, and Lung Affections; every form of Scrofula, even Consumption (or Lung-scrofula) in its earlier stages; and the most stubborn Skin and Scalp Diseases, are completely cured by it.

ALWAYS OPEN—the offer made by the proprietors of Dr. Sage's Catarrh Remedy. It's a reward of \$500 cash for an incurable case of Catarrh. The only question is—are you willing to try it, if the makers are willing to take the risk?

Augustus Bunnell and John R. Foster and David Robertson, partners doing business as Foster & Robertson, and Mrs. D. E. Price, Defendants.

To Augustus Bunnell and Mrs. D. E. Price, of the above-named defendants:

In the name of the State of Oregon: You and each of you are hereby notified and required to appear and answer the complaint of plaintiffs filed herein against you in the above entitled cause and Court on or before the first day of the next regular term of the Circuit Court of the State of Oregon for Wasco County, next following the final publication of this summons, to-wit: on or before Monday, the 12th day of February, 1894, and if you fail so to answer, for want thereof the plaintiff will apply to the Court for the relief prayed for in their complaint, to-wit:

For a decree of foreclosure of that certain mortgage deed made and executed by the defendant, Augustus Bunnell, to the above named plaintiffs on the 19th day of October, 1888, upon the following described real estate, situated in Wasco County, Oregon, to-wit: The south half of those certain lots commonly known as the Bickel lots in Trevel's Addition to Dalles City on the road from said city to the U. # THE DALLES

Wasco County, Oregon,

The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city.

**ITS TERRITORY.**  
It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

**The Largest Wool Market.**  
The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here.

The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

**ITS PRODUCTS.**  
The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future.

The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

**ITS WEALTH.**  
It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon.

Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.
