An Appalling Accident. San Francisco, Jan. 18 .- Advices by the steamer China from Hong Kong give an account of an appalling accident at Ningpo about a month ago, resulting in the death of between 200 and 300 women and children. An annual theatrical performance in honor of the Gods was being given in the temple, and about 400 people were present who were smoking, eating and drinking tea. A boy threw a lighted cigarette into a heap of straw at the foot of a stairway leading to an upper story where women and children were. The straw caught fire and the stairway burned quickly. There was a rush to escape, and many were trampled to death, and others were killed by jumping from the windows. The whole building was soon ablaze, and those who were unable to escape were burned alive.

Wanamaker's Nephew Arrested.

TIFFIN, O., Jan. 18 .- F. D. Wanamaker, claiming to be a nephew of ex-Postmaster-General Wanamaker, and in the employ of the government, was arrested and brought here last night charged with passing a fraudulent draft on a hotel proprietor. This morning he was cut down in time to save his life.

From beginning to end, Dr. Pierce's Pellets are better. They're the smallest and easiest to take—tiny, sugar-coated granules that any child is ready for. Then they do their work so easily and naturally that it lasts. They absolutely and permanently cure constipation, in-digestion, billious attacks, sick and bil-lious headaches, and all derangements

The makers of Dr. Sage's Catarrh Remedy say: "If we can't cure your Catarrh, no matter what your case is, we'll pay you \$600 in cash." Now you can see what is said of other remedies and decide which is most likely to cure you. Costs only 50 cents.

WANTON KILLING.

Shelling at Rio Going on Day and Night.

New York, Jan. 18 .- A Montevideo cable says: The usual desultory firing has been going on in Rio harbor for the last two days, and the Tamandare's rapid gunnery, with smokeless powder, has been unusually effective. The action of the British gunboat Beagle, in cruising for two days outside the port, has caused the government officers considerable annoyance. They seem to think she went out to watch for the arrival of the Aquidaban or any other St. Joseph, Mo., Jan. 18.—A gang of rebel ship, and then bring the news into

Grabbed Imaginary Skirts.

A Michigan paper published the following, which will be read with interest "A woman in Bay City, Michigan,

During the work of the third rank they have an india-rubber rat and celluloid snake, which runs by clockwork inside and which seems very natural indeed. The idea is to let them run at the candidate to see if they will flinch. When the snake ran at the girl she kept her nerves ail right, but when the rat tried to run up her trousers leg she grabbed imaginary skirts in both hands and jumped into a refrigerator that was standing near (which is used in the work of the fourth degree) and screamed the family use to be sold cheap. imaginary skirts in both hands and work of the fourth degree) and screamed bloody murder. About a year ago I took a violent attack of la grippe. I coughed day and night for about six weeks; my wife then suggested that I try Chamberlain's Cough Remedy. At first I could see no difference, but still kept trying it, and soon found that it was what I needed. CORBETT BACED TOO HARD.

The Besult Was He Was a Very Sick Man for a Time.

JACKSONVILLE, Fla., Jan. 18 .- For half an hour yesterday Corbett was a very sick man. He had a fit of vomiting which lasted several minutes and left him in a very limp, ragged state physically, although he recovered before the day was over. It appears Corbett is having daily arguments with Trainer Delaney about his work. The latter claims Jim is devoting too much of his time to heroic exercise, but he has not been able to convince the champion on that point. There can be no question about Corbett's fondness for work, but, taking Delaney's view of it, there is a possibility that unless he lets up he may feel the effects of overtraining during the fight. Corbett is at it all the time, and in addition to his regular labor of the day, which would make even a husky longshoreman weaken in a few hours. Jim decided to try the experiment of sprinting, and selected Tom Tracey, a clever Australian boxer, to run him. They had three tries at 100 yards. Corbett won the first so handily that he conceded fifteen yards to the Antipodean, who won the race by just about that distance. In the third heat Corbett, allowing his opponent a start of five yards, succeeded in getting home first by a narrow margin. About five minutes after this victory he began to feel like a man who had lost his best friend. Delaney has shut down altogether on sprinting, to which he has always been opposed, and this occurrence will give him more to say hereafter of what Corbett shall do in the way of exercise.

The origin of the fire is doubtless due to the explosion of a lamp. Heidel was engaged in the bakery, which was located in the rear of the lower story, and had occasion to go out into the front of the store. He left a lamp burning near the oven. A few minutes later he was startled by the discovery that the premises were on fire.
