### OUT OF THE FRYING PAN

Has come not a little knowledge as to cooking—what to do, as well as what not to do. Thus we have learned to use

COTTOLENE, the most pure and perfect and popular cooking material for all frying and shortening purposes.

### PROGRESSIVE COOKING

is the natural outcome of the age, and it teaches us not to use lard, but rather the new shortening,

COTTOLENE, which is far cleaner, and more digestible than any lard can be.

The success of CottoleNE has called out worthless imitations under similar names. Look out for these! Ask your Grocer for COTTOLENE, and be sure that you get it.

Made only by N. K. FAIRBANK & CO., ST. LOUIS and CHICAGO, NEW YORK, BOSTON.

### DID NOT SURRENDER

No Mention Made of Such an Event by Benham.

### SAILORS HURT BY CARELESSNESS

Minor Officers Want DeGama Removed and a Man Substituted with More Backbone.

WASHINGTON, Jan. 31.—The president objects to making the text of Admiral Benham's dispatches to Secretary Herbert public. Some congressmen who have seen Benham's story assert there is no mention of the surrender of De Gama to Benham.

### Two Sailors on the Detroit Hurt.

WASHINGTON, Jan. 31.—The only new phase in the situation at Rio is that Secretary Herbert has called on Benham for a written report of his trouble with De Gama to be sent by mail for use in any complications that may arise. It is probable another cable message from Benham will reach the secretary today. The report that an officer and a bluejacket were injured on the Detroit by the threatened hostilities is confirmed at the navy department. They were not wounded by the shots from De Gama's ships, but through the careless handling of the guns on board the Detroit. Their injuries are very slight, and it is stated they have only themselves to blame for the occurrence.

### Want DeGama Removed.

BUENOS AYRES, Jan. 31.—Dispatches from Rio say the insurgents are preparing for a vigorous attack on Santos and Santaulo. News of the firing between the United States warships and the insurgent vessels seems to have been greatly exaggerated. The dispatches here say only signal shots were exchanged, and none fired in real earnest. The insurgents feel greatly discouraged at Admiral DeGama's practical surrender to the United States admiral. It is reported the younger officers favor having him replaced by a more energetic commander.

### DeGama's Nephew Killed.

RIO DE JANEIRO, Jan. 31.—American vessels that desire to come to the piers in this city can now do so without being interfered with by the insurgents. The negotiations to settle the troubles by arbitration in which Benham was acting, are at a standstill. This is probably due to the fact that De Gama's nephew was killed early Monday morning while engaged in a fray alongshore on a tug. The American minister today sent a long cable to the state department at Washington.

### A Jailbreak Frustrated.

HELENA, Mont., Jan. 31.—Three high-women in jail at Billings made a desperate attempt at escape yesterday morning. One of them is dying and the other two are still safe behind the bars. This result is due to the courage and nerve of Charles Stoll, the jailer. The high-women are Bob Vestal, Ed Moore and Martin Wilson. Moore had got possession of a slugshot made of the head of a heavy wrench wrapped in an old stocking, and while the jailer was unlocking the door struck him on top of the head a blow that would doubtless have been fatal but for the fact that he wore a heavy cap with a large button on top. Moore and his pals at once got the keys and went into the back yard to get horses. Stoll got his Winchester and went for the fugitives, though he knew they were armed and desperate. As soon as he appeared Moore fired at him with a six-shooter three times, but without effect. Stoll replied with three shots from his rifle, and all took effect. The firing brought the sheriff and others to the scene, and Vestal and Wilson were soon recaptured.

How do you do when you buy shoes or clothing? Don't you go to the place (if you can find it) where they tell you that you may wear the articles out, and then if you are not satisfied, they'll refund the money? Why not do the same when you buy medicine?

Dr. Pierce's Golden Medical Discovery is sold on that plan. It's the only blood purifier so certain and effective that it can be guaranteed to benefit or cure, in every case, or you have your money back.

It's not like the ordinary spring medicines or cathartics. All the year round, it cleanses, builds up, and invigorates the system. If you're bilious, run-down, or dyspeptic, or have any blood-taint, nothing can equal it as a remedy.

The Baltimore Episcopal Methodist Says: "Simmons Liver Regulator has no equal, containing those Southern roots and herbs which an all-wise Providence has placed in countries where liver diseases prevail."

### Blount's Method Criticised.

WASHINGTON, Jan. 31.—C. L. McArthur, ex-senator from New York and editor of the Troy Budget, was before the senate Hawaiian investigation committee today. He went to Honolulu in March for the purpose of investigating the situation. He told the committee he went there prepossessed in favor of the queen, but came away entirely convinced that the revolution was justified and that the queen was unfit to rule the islands. McArthur was on the islands at the time Blount was there and was at the same hotel. He declared Blount's report a perversion of facts, as he had gathered them, and also pronounced as absurd the story of Stevens' conspiracy. McArthur criticised Blount's method of obtaining information and declared the most ordinary newspaper man would have gone into the subject far more thoroughly.

### Tried a Horsewhip on Her Husband.

OAKLAND, Cal., Jan. 31.—Today Mrs. William Faessler went to the store of her husband, on Washington street, with a big horsewhip under her shawl and was proceeding to chastise her better half in good shape when bystanders took the whip from her. Officers were called and the infuriated woman was led to the city prison screaming. She was begging for her whip and hysterically shouting that her husband owed her money. Mr. Faessler says that there has been trouble between himself and his wife for some time, and that divorce proceedings are pending. He says his wife is crazy.

### The Probable Vote in the Senate.

NEW YORK, Feb. 1.—A morning paper has made a complete poll of the United States senate on the question of the Wilson tariff bill and the income tax measure. The result shows that 36 republicans oppose the tariff bill in any form, and seven democrats and two populists oppose the bill in its present form. The democrats in favor of the bill number 37, and the populists 2. Four republicans are in favor of the income tax act (if a separate measure), while 23 democrats are in favor of it, and 3 populist senators will vote for the measure. Twenty-four republicans and 10 democrats oppose the income tax. Ten republicans and 11 democrats are on the committee.

### English Commendation of Cleveland.

LONDON, Jan. 31.—The Financial News says the action of the New York bankers toward Carlisle is inexplicably shabby. It declares Cleveland loyally persevered and overcame the obstacles to the repeal of the Sherman act on condition that the Eastern bankers should not desert the cabinet if their help was necessary to reinforce the treasury, but the bankers now resort to technical objections. It says Carlisle, if rebuffed, must persevere in the issue of bonds and need fear no failure.

### NEWS NOTES.

The tariff bill was further fixed up yesterday by the addition of the income tax and an increased tax on whisky.

The president, it is understood, will not send congress the latest batch of Hawaiian correspondence, including Dole's reply to Willis, until Friday. It is said Dole's reply is a vigorous and pointed document of about 10,000 words. Willis asked for seven specifications; Dole gave him about thirty.

In Cincinnati yesterday it was found that counterfeit silver dollars made of pure silver, and of a quality better than the genuine, were afloat on the local market. Aside from a slight flaw in the milling, the coin cannot be told from the genuine. The government authorities but recently broke up an alleged den of counterfeiters in the bottoms, and several suspects are now in jail awaiting trial. At the present price of silver, about \$1,000 can be made at a cost of about \$450.
