# THE MONROE DOCTRINE

Enforced. ONE GOOD EFFECT IS NOTED

Ships of All Nationalities Coming to the Wharves, Now that U. S. Has Broken the Ice.

LONDON, Feb. 2 .- The Pall Mall Gazette, commenting on the action of Admiral Benham at Rio Janeiro, says:

"As long as Admiral Benham was content to protect American vessels he was well within his right and duty, but the government at Washington has issued a paper declaring that Admiral Benham, besides protecting American commerce, ought to end the monarchist machinations. This is the Monroe doctrine, which is not yet confined within the law of nations. If Admiral Benham attacks a single Brazilian insurgent merely because he suspects he is a monarchist, he will be as much a pirate as Admiral de Gama would have been if he had fired on an American trading vessel. Brazil is no more under President Cleveland's suzerainty than the United States are under British suzerainty.

THEIR RIGHTS AS BELLIGERENTS. The foreign diplomats have held a conference to discuss the question of the right of the insurgents to be recognized as belligerents. No actual decision was reached, but the feeling was distinctly favorable to such recognition, except on the part of the American representatives. The majority of the ministers have sent dispatches to their respective governments informing them of the deliberations of the foreign representatives and advising them to recog-

WASHINGTON, Feb. 2,-The state department today received a cablegram from United States Minister Thompson at Rio de Janeiro stating that ships of all nationalities are coming to the wharves in consequence of the withis progressing favorably.

### Must Give the Notice.

WASHINGTON, Feb. 2 .- A cipher dispatch received this morning from Admiral Benham is thought to be a request for instruction in view of De Gama's declaration that he would bombard Rio when he pleased without giving notice to foreign commanders. It is believed this dispatch was sent before Benham received Secretary Herbert's message to him yesterday, leaving matters at Rio in his discretion. All civilized nations agree that previous notice of bombardment must be given. The time allowed is usually forty-eight hours. It is believed the foreign commanders at Rio will not allow the bombardment on shorter notice.

The Insurgents Gain a Victory. LIBBON, Feb. 2 .- A Buenos Avres dispatch confirms the capture of the town of Nictheroy, and adds the insurgents now occupy a position from which they command Santa Cruz, the important fort at the entrance of the Bay of Rio Janeiro. The dispatch says the insurgents are blockading Bahis. It is stated in Buenos Ayres that De Gama has eight torpedo-boats steaming about Rio

with orders enough to keep them busy until July, when the next semi-annual furniture sale opens. The January sale just closed was very successful; prices

How do you do when you buy shoes or clothing? Don't you go to the place (if you can find it) where they tell you that you may wear the articles out, and then, if you are not satisfied, they'll refund the money? Why not do the same when you buy medicine?

#### NEWS NOTES.

The Union Pacific receivers will on Monday pay the interest on the Or-England Much Afraid that It Will Be egon Navigation first 6s due January 1, mounting to \$148,260.

Rev. Dr. Talmage, the Brooklyn preacher, has completed arrangements tor a tour of the world during the coming spring and summer.

Mr. and Mrs. William Bush, living near Luverne, Ala., were found dead in bed, their bodies riddled with bullets, and a considerable sum of money which they are known to have possessed miss-

ing. The assassins are not known. Ex-President Harrison is making active preparations for a trip to California to deliver lectures before the Leland Stanford, jr., university. He will start in about two weeks. He will be accompanied by his daughter, Mrs. McKee

and family, and his private secretary. J. W. Watson, a country preacher, while conducting a revival at Yellow Springs, O., last night, was called a fool and a llar by Sandy Peddicord. The pastor marched down the aisle, pulled Peddicord out of Lis pew, and pounded him with his fists until the congregation interfered.

#### MITCHELL NEWS.

Mr. Misner's Experience on a Mitchell Stage Horse--Notes.

Today the thermometer stands fortytwo degrees above zero.

While I write snowflakes of immense dimensions are trying to whiten the ground but the present impressions are they will be futile, for they melt as soon as they have fallen.

The health of E. E. Allen and wife is improving very slowly.

Mrs. James Oaks has been quite sick for the past three weeks, but think she is better at present writing.

Clara Wheeler is slowly convalescing from a severe attack of la grippe.

Volna Shrum's family, of Cherry creek, have been seriously afflicted for more than a week, almost the entire family being down with measles and la grippe at one time. Mrs. A. J. Shrum started to her son's to help care for the family while sick.

Last Monday the stage left here for Antelope with one passenger, Misner, drawal of the insurgents' restrictive saloonkeeper at lower town. All went orders, and that, under the influence of well until Curren creek hill was reached the action taken by the United States when it was necessary to make a halt on naval forces in protecting American account of the mud. The driver and vessels against the insurgents, commerce Mr. Misner were obliged to get astride the horses without saddles and since the stage horses from this place are on the skeleton order we imagine their ride from there to Antelope was not as agreeable as it might have been, especially for Mr. Misner, whose avoirdupois turns the scales somewhere near three hundred. We of Mitchell extend our sympathies, but must smile a little when we imagine Mr. Misner in so sad a predicament and very glad we were at such a great distance from him when he reached Antelope, for we imagine he was in no pleasant frame of mind. E. V. E Mitchell, Or., Jan. 30, 1894.

### VARIETIES OF CURRENCY.

The Circulation of Paper Money in This Country and in Europe.

Almost, if not quite, all civilized countries use paper money to facilitate payments within their own jurisdiction, says the St. Louis Globe-Democrat. The United States use paper money to a greater extent than any other country, and in notes of smaller denomination than any other country of equal importance.

All of our paper bills except the gold certificates are in the denominations of \$1, \$2, \$5, \$10, \$20, \$50, \$100, \$500 and \$1,000; our gold certificates do not appear in denominations less than 82 The Dominion of Canada issues \$1 and \$3 notes, and various banks issue notes varying from \$5 to \$1,000. Mexico issues paper money of 10 pesos and up-ward, and the South American states issue paper of similar denominations. The Bank of England issues all English notes in denominations of \$5 FIG. £20, £50, £100, £200, £300, £500 and £1,000. The banks of Scotland and Ireland issue notes of 81 and upward. The Bank of France issues notes for 50 francs, 100, 200, 500 and 1,000 francs. The Bank of Belgium issues notes of 20 franes and upward. Italian banks issue notes of 1 lire and upward to 1,000 lire. The Bank of Germany puts out notes for 5 marks and upward to 1,000 marks. Austria issues notes of 1 gulden and upward.

Russia is the only European country which issues government notes, its pa-per money being of the denomination of 1 ruble and upward. Sweden, Norway and Denmark issue by their banks notes for 5 krone, 10, 25, 50 and 100 money, nor does China now. Japan provides paper money of 1 yen, 2, 5, 10, 20 and 100 years and 6 20 and 100 yens, and the other countries, as a rule, issue paper money, the lowest denomination of which is usually ten times the value of the coin unit of value.

Corks as Fuel. With every indication that coal is going up it is timely to suggest that a couple of girls in Paris used to keep themselves warm by burning orange peel and empty spools. Corks are also recommended. There is a story told of a well-known English curate who pocketed every cork he came across at a dinner table. When questioned as to this singular habit he blushed and said he gave them to the poor. A sufficient number of corks would keep a coalless man with a good fire all day. Fir cones are also advised, and make a fine, cheery blaze; likewise corncobs.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria.
