FEBRUARY FARRAGO.

Minor Events of Town and Country Briefly Stated.

There ain't no use in growlin' because the sky is scowlin'. An' the thunder makes a rattle an' a squall. Because there's lots of fun in this world the Lord is rannin'— It's the rain that makes the rainbows for us all.

Tomorrow is Ash Wednesday.

The weather at this point is mild in temperature and calm, and would be called fair.

Thomas J. Shadden, the last of the pioneers of 1842, died at McMinnville Sunday, at the age of 86 years.

Messrs. Sinnott and Fish received three cars of ice today from North Powder river. It is fine, being 10 inches thick and as "clear as ice."

Residents of The Dalles do not need to be urged to set out shade trees. The custom in this city has been universal ever since the founding of the city.

At the Portland republican convention today there were represented some forty clubs throughout the state. Thos. Tongue was chosen temporary chairman.

A strike is daily expected along the entire line of the Northern Pacific. A party who came up today from Portland said it had already occurred, but inquiry develops that it was only rumor.

Reports from Baker City today are that that city is visited with a severe snowstorm accompanied with high southeast wind, which is drifting the snow badly. In reality they are favored with a young blizzard.

Mr. William Glasius, janitor of The Dalles public schools, is seeding a plot of grass around the edge of the fence and central walk of the brick school house. He is spading it up and it looks like he has a big contract on his hands.

The funeral of Mrs. Caroline Bettingen took place from the Catholic church as announced, at 9 o'clock this morning, and was largely attended. Father Gibney and Father Hennricks of Portland were present, the former delivering an eloquent eulogy upon the deceased.

Mr. I. J. Norman was the custodian of a little child about two years old this afternoon. The little one had been wandering around the streets for several hours, and it is but barely old enough to walk. The child accepted the condition very philosophically, neither crying nor exhibiting any especial interest

in the matter. It was afterward found to belong to Mr. J. Fortin. Mr. Fortin supposed it was in his brother's house next door and was much surprised when told that he was wandering around the streets and railroad track.

The average force working at the Union street cut is twelve men—three drillers, three maulers, three with wheelbarrows, one feeder, one loader and the engineer. An average of 60 tons of rock is crushed daily. The capacity is 100 tons daily, but time is lost in wheeling the wagons into place under the crusher.

Street commissioner Maddron has considerable trouble with rotten sewers of late, and has just finished excavating a length of 56 feet on Court street between Fourth and Fifth streets. Here the sewer is about three feet deep and has lasted nine years. Where the old wooden sewer is under ground ten or twelve feet it is still sound, with no indication of decay.

The probability is that the ice harvest in this section will be a total failure this season on account of the mild weather. There has been a suggestion made that our ice men would make money by getting it from Baker county while it is cheap and will not have to be stored in an icehouse there. Certainly a saving would be made by getting it now while there would be but little loss in transit through melting.

Wapinitia Events.

WAPINITIA, Feb. 2, 1894.

Stock are fat and grass green and good on outside range.

People are all well excepting Mr. Corum and Mr. Snodgrass' little boy.

There were many people at the surprise January 10th, it being the forty-first anniversary of Mr. Hampton Kelley's wedding. The guests meeting at the First M. E. church, corner of Manley and Kelley streets, marched to the music of the band boys, who were on horseback and going as fast as they could for the parsonage. The evening was spent in a jolly manner until the hour of midnight, when lunch was served. They were then entertained for a short time by Mr. Kelley, who gave the young people some good advice. The guests then departed, wishing the married couple forty-one years more of happiness. Those who were present were: Mr. and Mrs. T. Batty, Mrs. S. Blackerby, Mrs. Beatty, Misses Sarah, Folly and Lottie Crabtree, Jennie Blackerby, Anna Beatty, Florence and Ada Blackerby, Messrs. L. Bentley, G. A. Brockman, Howard and Roy Blackerby, Andy and Jobe Crabtree, Murt Snodgrass, Samuel Bennett, Tom Lightbody, Joe, Roy and Frank Batty.

DAN MCGINTY.

East End Hose Hall.

The ball given by the East End Hose company last night was a success socially and financially. About 90 couples participated in the dances, the grand march occurring at 9:20 o'clock, led by Mr. and Mrs. Theodore Seufert. Besides those dancing there was a large number of spectators. Dancing was continued until 3 o'clock. The members of the company desire to convey to the public generally their sincere thanks for their liberal patronage which enabled them to make their first annual ball such a grand success, also to the ladies who kindly gave their assistance in making the preparations.

Will Ruin the Business.

RUTLEDGE, Feb. 1, 1894.

Noticing a communication from "E. V. E." in your valuable paper of January 31st, and believing that the future success of the sheepman (if there is any such thing under a democratic administration) exists in curtailing expenses, knowing by experience that under the present prices for wool and mutton and the existing wages and expenses that the sheep business will not pay, and being convinced that in order to further their ends the wool growers must unite, I would suggest that a convention of wool growers be held in Antelope or The Dalles in the near future, and see if the sheepmen have sufficient interest and energy left to perfect a permanent organization for their own benefit.

Yours for success,
J. V. O'LEARY.

Decision Withheld.

DEPARTMENT OF THE INTERIOR,
GENERAL LAND OFFICE,
WASHINGTON, D. C., Jan. 31, '94.

Register and Receiver, The Dalles, Or.:
GENTLEMEN—I am in receipt of your letter of December 6, 1893, transmitting the petition of Edwin L. Rood and others asking to have restored to settlement and entry the west half of township one (1) south, range ten (10) east, the same now being embraced in the "Cascade Range Forest Reserve," created by the president's proclamation of September 28, 1893.

The petition is based on the ground, primarily, that the lands in question are valuable for agriculture and not such as are necessary to promote the objects of the reservation.

Action on this petition, with a view to restoring said lands to settlement and entry, will not be taken at this time, as there are now pending before congress certain bills for the government and protection of forest reservations, which will have some bearing on the subject of this petition.

Very respectfully,
S. W. LAMAREUX,
Commissioner.

Does this Apply to You?

There are many families in this section who do not take THE CHRONICLE, some in fact who do not read any paper regularly. To all such who may chance to see this, we desire to say that one of the first duties a man owes to his family is to provide them with instructive and entertaining reading matter. It is knowledge alone, intelligence gained by the exchange of ideas, by contact of mind with mind, which raises man above the grade of an animal. There is no better, no cheaper, medium of instruction than the modern newspaper, hence the newspaper should find a place at every fireside. It is one of the things which makes life worth living. For the trifling sum of three cents a week we offer all an opportunity to procure two of the best papers of their class in America.

THE CHRONICLE is a family newspaper which makes every effort to give all the general and local news. It will keep you informed of the world's doings, of the projects of government, of the trend of politics, and of what is going on among your neighbors. You cannot keep posted on home affairs without THE CHRONICLE. It is as necessary to your well-being as food and drink.

THE DETROIT FREE PRESS is a family journal overflowing with good things. There is fact and fiction, song and story, sketch and travel, wit and humor without stint, fashion and household departments for the ladies; in short something to please each and every member of the family. It is famous for its funny sketches and literary merit; it publishes stories each week, written expressly for it by the best authors. It is a paper which your wife can read without a blush, and your children can read every line without injury to their morals. Within its special sphere it has no superior in the world.

We offer to supply you with these two most excellent journals for the term of one year for the small sum of two dollars a price easily within the reach of every one. With The Free Press you will get a portfolio containing 20 photos of the strange people that were seen in Midway Plaisance. Send in your subscription.

NEWS OF THE STATE.

Drs. Geary and Parsons of Southern Oregon recently removed an ovarian tumor weighing 41 pounds from an old lady.

According to final figures, Oregon produced 37,000 bales of hops in 1893—and these, too, of the best hops grown in the world. They found the top of the market everywhere.

Settlers in Langell valley, Klamath county, complain that Indians are killing deer in large numbers at the head of the valley, hunting on horseback and using dogs. One day recently, it is said, they killed forty-eight deer in that neighborhood. The deer come down to the juniper hills in the winter and are an easy prey to the dogs and squads of mountain hunters.

A record has been kept from August 16, 1893, to the end of the year, of all the accidental shootings which have occurred in Oregon and Washington. The record shows that within the nineteen weeks twenty-four accidents from guns have taken place. How many have proved fatal is not known, but seven of the unfortunates have died almost instantly after such mishaps. It is worthy of note that fifteen out of the twenty-four so-called accidents were caused by intense excitement and great carelessness in handling guns.—Albany Democrat.

THE

Oldest Agricultural Paper in America

[ESTABLISHED 1812.]

To all cash subscribers of THE CHRONICLE
paying one year in advance.

The American Farmer,

1729 New York Avenue,

WASHINGTON, D. C.

THE AMERICAN FARMER, which is now entering upon its 75th year, is the pioneer farmer's paper in the country.

It is a large eight-page paper, and contains 56 columns of the choicest agricultural and literary matter, plentifully embellished with fine illustrations. It is

NATIONAL IN CHARACTER,

and deals with farming and farmer's interests on broad, practical lines.

EMPLOYS THE BEST WRITERS IN THE COUNTRY,

and everything that appears in its columns is of the highest character. Every department of the farmer's business is discussed in an earnest, practical way, looking to the greatest profit and benefit to the farmer and his family.

It appears on the 1st and 15th of each month, and is furnished at the low price of

50 CENTS A YEAR

in advance. This makes it the cheapest agricultural paper in the country.

FARMER LEGISLATION.

During the coming year there will be an immense number of matters of the most vital interest to farmers dealt with by Congress and the Executive Departments at Washington. It is highly important that the farmers be kept promptly and fully informed as to what is being planned and done affecting them at the National Capital. They should all, therefore, take THE AMERICAN FARMER, which, being on the ground, has better facilities than any other paper for getting this information, and devotes itself to this duty. They will find in it constantly a great amount of valuable information that they can get in no other paper.

THE AMERICAN FARMER and THE CHRONICLE will be sent one year for \$1.75.
