Both of the children like it. Your S. B. Cough Cure has cured and kept away all hoarseness from me. So give it to every one, with greetings for all. Wishing you prosperity, we are Yours, Mr. & Mrs. J. F. Ford.

If you wish to feel fresh and cheerful, and ready for the Spring's work, cleanse your system with the Headache and Liver Cure, by taking two or three doses each week.

"We always fry ours in Cottolene."

Our Meat, Fish, Oysters, Saratoga Chips, Eggs, Doughnuts, Vegetables, etc. Like most other people, our folks formerly used lard for all such purposes. When it disagreed with any of the family (which it often did,) we said it was "too rich." We finally tried

COTTOLENE

and not one of us had an attack of "richness" since. We further found that, unlike lard, Cottolene had no unpleasant odor when cooking, and lastly Mother's favorite and conservative cooking authority came out and gave it a big recommendation which clinched the matter. So that's why we always fry ours in Cottolene.

CLEVELAND SUSTAINED

The House Passes the McCreary Resolution.

REPUBLICANS VOTED AGAINST IT

A Riot in Russia Participated in by 5,000 Workmen—They Were Finally Defeated.

WASHINGTON, Feb. 7.—The indications at the opening of the house were a democratic quorum would be secured to pass the McCreary resolution condemning Minister Stevens, approving the course of Cleveland, and declaring against annexation or the assumption of a protectorate over Hawaii.

Reed renewed filibustering by making the point of order that an adjournment last night did not vacate the proceedings under the call of the house to enforce attendance, and that the only thing in order was the report of the sergeant-at-arms; or if the chair held all proceedings terminated by adjournment, it also vacated the order revoking the leave of absence.

The speaker overruled the point of order, holding all the proceedings under the call terminated with adjournment, and that the order revoking leaves of absence executed itself.

The roll was then called on the passage of the McCreary resolution. The republicans refrained from voting and the democrats failed to muster a quorum, the vote standing 174 to 3.

Springer made the point of order that, as there were four vacant seats, 177 instead of 179 should constitute a quorum. After some debate the point of order was sustained and the resolution was declared passed.

Those who voted in the negative were: Daniel of New York and Adams of Pennsylvania, both republicans, and Cummings of New York, democrat. After some sharp sparring between Reed and the speaker on points of order, it was by unanimous consent decided to have another roll call, and the speaker withdrew further decision. When it became apparent on the second roll call the democrats would have a quorum, the republicans voted against the resolution. It passed, 177 to 75.

RIOTING IN RUSSIA.

Pitched Battle in Which Many Were Killed.

PERM, Russia, Feb. 7.—A riot occurred at a large iron works at Nizhnee Tagilek, in the Ural mountains, participated in by 5,000 workmen, on account of low wages and a nihilistic propaganda. The local authorities were unable to cope with the disturbance, and a large force of troops was sent to the scene. A pitched battle ensued, in which many rioters were killed and a number of soldiers shot or stoned to death. The troops were finally repulsed and forced to fortify themselves while reinforcements were sent for. When these arrived the attack was renewed, and the rioters were finally driven off after killing many more. It is said that the nihilists are urging a propaganda in many parts of the empire, and the government is compelled to take energetic measures to suppress it.

Not Likely to Be a Strike.

MILWAUKEE, Feb. 7.—Eugene Debs, president of the American Railway Union, a new railway labor organization, stronger on the Union Pacific than on any other system, left last night for Omaha, where a conference of officers of the order will be held in regard to the Union Pacific new wage schedule. Debs says there will probably be a convention at Ogden of delegates from different points on the system. He does not look for a strike on the Union Pacific or Northern Pacific, chiefly because so many men are out of work. He places the number of idle firemen, who belong to the Brotherhood, at 3,000. This would indicate more than 5,000 out of work, including non-Brotherhood firemen.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawaba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Snipes & Kinersly.

Gladstone's Resignation Certain.

Chicago, Feb. 7.—A private cablegram received in Chicago from London today contains an absolute assurance that the rumored resignation of Gladstone as premier of England will soon be an accomplished fact. W. T. Stead, editor of the English Review of Reviews, was seen at the rooms of the Commerce Club, and was asked if he believed that Gladstone would resign in the immediate future. He replied: "I not only believe it, but I am perfectly certain of it. As to the time and season no man knoweth, not even Gladstone himself. He has many things to think of on that point. The position of international politics and of his own party are factors which do not leave him free to act on considerations of his own convenience, but I don't expect to find him in office when I return, which will be before April. On landing in Liverpool I should be greatly surprised if Gladstone were still prime minister."

Tragic End of the Mardi Gras.

NEW ORLEANS, Feb. 7.—In an out-lying district of this city at 6 o'clock last evening the Mardi Gras sport of a party of merry-makers in costume was brought to a tragic ending by the killing of one man and the wounding of four others. At the corner of Independence and Morales streets a masked party in costume encountered several young men and a row ensued. Leone Copping, a young man of 19 years, dressed to personate a monkey, shot and killed Phillip Boe, probably fatally injuring Mike Boe, mortally wounded his brother William Copping, and slightly wounded Valentine Cramer. Leone Copping was arrested and charged with murder.

Improvement at The Dalles.

WASHINGTON, Feb. 7.—Both senators of Oregon and Representative Ellis had a conference today about The Dalles improvement. Representative Hermann says that the house will not agree to anything, except what the engineers recommend, and Senator Dolph says that the senate will not consent to a portage road.

Selections to Be Made This Week.

WASHINGTON, Feb. 7.—It is claimed by the Oregon democrats here that all selections for land offices now filled by republicans will be agreed upon this week, and that the appointments will be made as fast as the vacancies occur.

The London Daily News says the silver and rupee markets are thrown in a state of consternation. The London Times regards the situation as very serious, as it attracts the pained attention of many interests.

Roy T. Lewis, republican, was elected mayor of Duluth Tuesday by a majority of 2,880 in a total vote of about 10,000. The republicans elected sixteen aldermen, which is a clean sweep. The fight was made a party one, with the position of Mayor Baldwin on the tariff question as an issue. The present city administration is democratic.

STORY OF A WOMAN'S CRIME.

Conspired With Her Lover to Murder Her Husband.

DENVER, Feb. 7.—Mrs. Carr, wife of Harry L. Carr, the attorney who was murdered at his home Sunday night by supposed burglars, was arrested this afternoon, charged with complicity in the crime. Bessie Sherwood, Jim Tracey, a gambler, and Ted Dolson, friends of Mrs. Carr, were also taken into custody. The theory upon which the arrests were made is that these people entered into a conspiracy to make away with Carr for the purpose of securing possession of his life insurance, said to amount to \$20,000. Mrs. Carr stoutly maintains her husband was killed by burglars. Carr was one of the most prominent lawyers in the city, but his life has been very rapid and checkered. He came here from Baltimore several years ago, where he left a wife and two children, and obtained a divorce here. His second wife committed suicide in this city a year and a half ago on account of domestic troubles. Six months later he met Miss Jennie Black, who had recently arrived from Buffalo, N. Y., in a Market-street bagnio, and becoming infatuated, married her January 3, 1893. Since her marriage it is well-known Mrs. Carr has been leading a dual life, making the rooms of her friend, Miss Sherwood, a rendezvous, where she met Tracey and Dolson.
