PRACTICAL PHILANTHROPY.

Institution for the Training of Jewish Youth at Hanover.

A novelty in practical philanthropy is described by W. C. Fox, formerly consul to Brunswick, Germany, who has just returned to Washington.

"During my visit to Hanover," said Mr. Fox in the course of a recent conversation with a St. Louis Globe-Democrat correspondent, "I examined an institution for the training of Jewish youth. The institution is something entirely new. It has been established by Alexander Moritz Simon, Mr. Simon is the American vice consul at Hanover, where he is also a prominent banker. Those who have knowledge of the situation in Russia and Germany to-day fully understand that one of the chief causes of the anti-Semitic movements in those countries is that the Jews are solely dealers and traders.

SARATOGA CHIPS.

The American Way of Eating Them Versus the German.

Several of the male members of the opera company sat at the same table in the St. Claire hotel. Another gentleman was given a seat at the same table. It seems that at dinner one day he ordered Saratoga chip potatoes and when they were served he began eating them with his fingers. The others looked on in amazement and soon began talking in German about the impropriety of the action. They applied a number of pet names to him, principally hog. One of them thought the thinly sliced potatoes looked good, so he ordered some and when they came proceeded to tackle them with his fork. He made about as good a job of it as he would had he tried to eat his soup with the same implement, but by this time the supposedly ill-bred American had finished, and after watching with amusement the antics of the other, who had to do considerable juggling to land the potato in his mouth, arose and in leaving said in very good German: "Pardon me, gentlemen, but if you will eat these potatoes with your fingers, as the Americans do, you will find it much easier."

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Snipes & Kinerly.

The readers of this paper will be much pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c.
