It is estimated that nine hundred jack rabbits have been killed within eight miles of Prineville during the past two months. The time will come when these beautiful little animals will become practically extinct.—Prineville News. Such has not been California's

experience. In rabbit drives around Tulare from 5,000 to 10,000 have been killed in a single day, and there has been no apparent diminution of their number.

Messrs. John Trana and W. W. Lewis of the Cascades called at THE CHRONICLE office yesterday. Mr. Trana is constable at the Cascades and Mr. Lewis is the only witness in the Cummings murder case, of which Hull is the defendant. Lewis believes it to have been an inexcusable murder.

Paul Mohr is reported to have said that he is now ready to build the portage road from Columbus to Crate's Point and has the money to do it with. To people in these parts the statement has the flavor of an aged chestnut. As the the Glacier says, Mohr builds Grand Dalles railroads of the same material that O. D. Taylor builds bridges across the Columbia—paint and wind.—Goldendale Sentinel.

DIED SUDDENLY.

Charles Mercer, an Old Resident, Succumbs to Heart Disease.

Charles Mercer died very suddenly of heart disease this morning in his room over Wieman & Marders' saloon. He was first discovered by Joe Parodi, who before retiring to his room about 1:30 o'clock, looked into Mercer's room and saw him lying across the bed with his feet on the floor. One shoe was on, and one leg of his pantaloons. Parodi stepped in the room and ascertained that he was dead. He then went down stairs and informed those who were in the saloon of the fact, and Dr. Hollister was summoned.

Before the doctor arrived Mr. Burham and Mr. Marders went to the room, pulled off the shoe and pants leg, and laid the deceased straight in bed.

A coroner's inquest was held this morning, before which was given in testimony the above facts. Also that the deceased was troubled with heart disease, Dr. Hollister testifying that he made an examination on January 2d and found that the action of his heart was very irregular. A verdict was accordingly rendered that he died of heart disease.

Mr. Mercer was known by many as "French Charley," and is of French descent. He has delivered ice in The Dalles for several years. He was of generous and kindly disposition and is well thought of by his many acquaintances. He has no relatives in this country so far as known, but has children living who reside elsewhere. A son of 13 years named Tom has been under charge of the Sisters at Vancouver, but about a month ago ran away to sea in a vessel bound for China. Mercer is an old resident of The Dalles, having been here over thirty years, and was 59 years old at the time of his death.

The body was taken in charge by Crandall & Burgett and the funeral will take place from the Catholic church.

A Short Courtship.

Adam acted like a sensible man. He fell asleep alone, and woke with a sweet-heart beside him. He appears to have popped the question almost immediately to Eve, and she, without any flirtations or shyness, gave him a kiss and herself. On this first event however, we have our idea, and when in a poetical mood, have wished we had been Adam. But the deed was done, the chance was Adam's and he made the most of it. We like the notion of getting married in a garden. We like private weddings. Adam's was private. No envious beaux were there, no croaking old maids, no chattering aunts or grandmothers. The birds of heaven were the choir and the glad sky the canopy. Still with all these advantages, we think Adam was a little too young to marry. He was only two or three days old. They both were babies, only larger sized ones than we produce, without a pot or kettle—with nothing but love and Eden.—San Francisco News Letter.
