The prince came wooing the maiden fair, But a maiden of low degree, Yet she was the child of a millionaire, And poor as a crow was he; As poor as a crow was he, and since His debts must needs be paid, The reason is clear why the haughty prince Came wooing the low-born maid. —Town Topics.

Vick's Floral Guide for 1894 is by far the prettiest publication of the kind we have seen this year. It is perfectly gorgeous in its brilliant colorings and gilt work, though so tastefully arranged as to make the catalogue delicate and attractive.

Old Times.

Some men are talking of the present hard times, saying the Walla Walla Union, and asking if anyone ever knew anything like it in this county before. One old timer said:

"Yes about twenty-five years ago times were so dull in Walla Walla that old A. Kyger, who kept store on the corner where the Farmers Savings bank now is, with I. T. Reese, proposed that the storekeepers on the four corners, Kyger & Reese, Baker & Boyer, Paine Bros., and Frank Orselli, should hire one clerk, who should stand in the street and when anyone wanted anything in either store he should sell it and the proprietors and the rest should go fishing. Talk of hard times now, why they are business rush compared with those good old days.

THE BRANCH ASYLUM.

Polk County Man Gets an Injunction Against Its Location.

A Salem dispatch says: For the purpose of testing the legality of the legislative act of 1893, as to whether it is constitutional, an injunction is to be brought against the location and erection of the branch insane asylum in Eastern Oregon. This time the injunction is coming from Polk county, the complainant being A. C. Taylor, a prominent and influential farmer of Perrydale. The papers in the case have already been prepared, and service will be had and suit will be commenced before Judge Burnett this week in Salem. W. H. Holmes and H. J. Bigger of this city have been retained as attorneys for Mr. Taylor and those who are associated with him in the case. The action is to be commenced at once, the object being to stop all proceedings before any further expense has been created—before the governor, secretary of state and state treasurer shall have purchased the site selected and taken active steps looking to the erection of the necessary buildings.

NEWS OF THE STATE.

"Piccalilli" was the word before which all Albany, in spelling school assembled went down ignominiously.

Oregon apples would bring \$2 a bushel in London, so a man there writes to the Salem Statesman. He has just received some, which made the trip without injury or deterioration.

An enterprising Albany young woman has adopted the dress of Salem's Rainy Day Club, and when she went out last Saturday she drew the crowd all away from the "Uncle Tom's Cabin" parade, which had unfortunately clashed dates with her.

The Deer creek (Josephine county) settlers are complaining of the deer law which makes it a crime to kill deer for even home use and those animals are becoming very destructive of vegetable gardens out there. Fences will not keep them out and they raid gardens at night and clean out in a short time a patch of "garden sass" that would keep a family all year. By daylight the animals are ten miles away in the hills.

A Relic of Old London.

One of the most interesting relics of old London is St. John's gate, Clerkenwell, which, because it does not happen to lie in one of the main arteries of the big city, is not so well known even to Londoners, as it should be. It is the only remaining portion of the important Priory of St. John, which dates from the fourteenth century. The old gateway has a literary interest attached to it, for in the room above the archway Dr. Johnson worked for Cave, the printer, for a small weekly stipend; and the Gentleman's Magazine, which to this day bears a picture of the archway on its cover, was first printed here. The archway had latterly become much defaced and weather-worn, but it has recently been restored as a memorial to the duke of Clarence, who was first sub-prior of the Order of St. John. The order as now revived embraces the St. John Ambulance association and is busy in other good works.

Hand-Made Beauty.

If you see a woman in the street cars occupied with rubbing the tips of her fingers up and down on her face, don't imagine that she is crazy or attempting to mesmerize anyone. She is not. She has been reading in the woman's corner of some daily paper that to out-wrinkle time and remove wrinkles a woman should occupy some of her leisure massaging her face gently, to rub the wrinkles out.

They Discuss Tariff.

WASHINGTON, Feb. 13.—The senate finance committee devoted nearly all day to work on the tariff bill. They held a brief conference with Voorhees. The whisky tax and bonded period will be considered tomorrow. It looks now as if sugar will be allowed to remain on the free list, and that the income tax will be retained. The subcommittee has definitely decided not to change the wool schedules in the house bill. Wool men have not, however given up the fight, but say they will appeal from the decision of the committee to the senate, and are putting in a good deal of time laying facts and arguments before individual members. Democratic members of the committee now tell the republican members the tariff bill will certainly be in shape for presentation to the full committee next Tuesday.

Just full of improvements—Dr. Pierce's Pleasant Pellets. To begin with, they're the smallest and the easiest to take. They're tiny, sugar-coated anti-bilious granules, scarcely larger than mustard seeds. Every child is ready for them.

Then, after they're taken, instead of disturbing and shocking the system, they act in a mild, easy and natural way. There's no chance for any reaction afterward. Their help lasts. Constipation, Indigestion, Bilious Attacks, Sick or Bilious Headaches, and all derangements of the liver, stomach and bowels, are promptly relieved and permanently cured.

They're put up in glass vials, which keep them always fresh and reliable, unlike the ordinary pills in wooden or pasteboard boxes.

And they're the cheapest pills you can buy, for they're guaranteed to give satisfaction, or your money is returned.

You pay only for the good you get.
