## MRS. LEASE A MASON

### And She Intends to Organize a Lodge for Women.

### CLAIMS TO KNOW ALL ABOUT IT

### If the Men Refuse to Recognize Her She Will Act Independently of Them.

TOPEKA, Feb. 17.—Mary E. Lease claims to be a Mason, and she made the startling statement today that she proposed to organize lodges of Masonry for women throughout the country. Mrs. Lease wears upon her bosom, suspended by a gold chain, a Knight Templar's charm, with the usual keystone of the chapter on the reverse side, and she declares that she is as much entitled to wear it as any man who belongs to the Templars' order. She says her commandery is Hugh de Payne of Fort Scott, Kan., and offers to prove to Masons that she knows all the signs and passes of the order, blue lodge and chapter, and that she obtained them legitimately. She says if Masonry is good for men it is much better for women, for they are more needful of protection than men. She says that once by giving a sign of the order she was saved from personal violence, and from that moment she resolved to give to women the same advantages that she enjoys. She claims to be thoroughly up in Masonic work, and says it is not necessary to obtain the consent or aid of men in initiating women, and that if the men refused to recognize her disciples as Masons, they can and will act independently of them and conduct lodges and grand lodges of their own. Mrs. Lease admits that it is contrary to the Masonic rule for women to become Masons, but she declines to state how she obtained the secrets of the order.

### Does Not Sustain Blount.

WASHINGTON, Feb. 17.—The subcommittee on foreign relations of the senate, which has been investigating Hawaiian matters, met this morning. The object of the meeting was to consider the report Morgan had prepared, but the committee adjourned until Wednesday next without accomplishing anything. The testimony taken by the committee will not be made out until the report is adopted. The report submitted by Morgan was very voluminous, and reviewed the testimony in a thorough and exhaustive manner. The great bulk of testimony is said to be against the conclusions reached by Blount.

### Bill Nye in a Serious Condition.

NIAGARA FALLS, N. Y., Feb. 17.—Bill Nye, the humorist, was billed to appear here tonight, under the auspices of the Forty-second Separate Company. Just previous to his departure from his hotel to the theater, he was suddenly taken with heart failure, and is now in a critical condition at the Imperial hotel, and is under the constant care of a physician. It was stated that Mr. Nye had been threatened with the present attack for some time.

### Escorted out of Town.

The village of Gloversville has suffered more from the tariff agitation than any other manufacturing center in the state. Factories have been closed and wages cut down. Wednesday evening Thos. G. Shearman, the New York free trader, attempted to prove to the unemployed that the Wilson bill was framed in their interests. He was interrupted by questions put by intelligent wage earners as to certain statements he had made. When he was asked to answer the questions directly he gave no attention, but went on with his arguments. When he declared that the present hard times were not due to fear of tariff changes, that the depression would soon be over, and that under the influence of the new tariff bill times would become more prosperous than ever, the audience broke loose, and the speaker was forced to leave the stage, followed by shots like these: "Go down South and talk to the ex-rebels!" "We want American's wages!" Shearman was escorted to the hotel by the police.

Mrs. Emily Thorne, who resides at Toledo, Washington, says she has never been able to procure any medicine for rheumatism that relieves the pain so quickly and effectually as Chamberlain's Pain Balm and that she has also used it for lame back with great success. For sale by Blakeley & Houghton, druggists.

If You Are a Miserable Sufferer With constipation, dyspepsia and biliousness seek relief in Simmons' Liver Regulator. It does not require continual dosing, and costs but a trifle. Use Mexican Silver Stove Polish.

## THE KIEL DISASTER.

### Four More Have Died, Swelling the Dead to Forty-Three.

BERLIN, Feb. 17.—The emperor is sending a large wreath, which will be displayed at the funeral of the victims of the Brandenburger disaster. The Brandenburger has been towed into the harbor, and this morning the chief engineer, who has been missing since the explosion, was found dead, and three more of the injured artificers have died, bringing the total dead to 43. The Reichsanzeiger publishes an official account of the explosion. It says the accident happened through the breaking away of the fastening apparatus for turning off the steam in the starboard engine, and then the steam from all the boilers thus found a free ingress into the engine room which was filled with people. The steam scalded those in the room and penetrated through the door leading to the port engine-room, and thence through the stairways into the upper rooms, continuing its work of destruction. Almost every person busily at work in these rooms must have met with instant death, for the steam was pouring from the boilers at a temperature of 180 degrees Reaumur, or 430 deg. Fahrenheit. Nothing is yet known as to the cause of the breakage.

### The Nitheroy Arrived.

RIO JANEIRO, Feb. 18.—The government dynamite cruiser Nitheroy has arrived here alone, and is anchored outside the harbor.

### \$6,000 For 85 lbs. of Copper.

Mrs. Harriet Morrison, of Jackson, Mich., a wealthy widow of 74 years, accompanied by Chas. Helling, the husband of her adopted daughter, and Dr. Blanchard, the family physician, presented themselves at the United States mint recently with two heavy bars of metal, which they supposed to be gold and worth \$30,000. The men carried the metal, which weighed 85 pounds in a grip and the trio announced "they had gold bullion to sell." The mint attaches made an assay of the metal and discovered that the metal was nothing more than a low grade of copper and zinc and worth but eight cents per pound.

Thirteen years ago Mrs. Morrison advanced \$6000 to a nephew and recently a stranger came to her with the two cupola-shaped bars which, he said, were mined by her nephew, which he wanted to give her as security for an additional loan. Mrs. Morrison paid the intermediary \$6,000 and then the trio named above started east to sell the "gold." The old lady is greatly grieved over the swindle.

### A Prominent Lady Arrested

Much attention at a Washington ball by her remarkable appearance of health. The glow of health and the charm of beauty need not depart from so many women, when a certain remedy exists in Dr. Pierce's Favorite Prescription for their functional and organic diseases. It properly cures nausea, indigestion, bloating, weak back, nervous prostration, debility and sleeplessness. Strength is renewed, energy returns, and beauty again blooms. It is purely vegetable and perfectly harmless. Druggists have it.

## Ellis' Complexion.

The gossip Washington special to the Oregonian contains the following:

Representative Ellis, of Oregon, has the best complexion of any man on the floor of the house. He is the absolute picture of health and his cheeks are as ruddy as those of a school girl. He has been the envy of many Washington belles, who, with all the cure and art they possess, have never been able to make as good a complexion as that possessed by the junior representative from Oregon. Mr. Ellis has a warm friend in congress, Representative Heiner, of Nebraska, whom he knew in Iowa years ago, when they were school-fellows. Heiner is a Hungarian by birth. While he has no such complexion as Mr. Ellis, he is the possessor of a heavy, dark beard similar to that worn by the man from Heppner.

### The Chemawa School.

Superintendent Wasson, of the Chemawa Indian school, has resigned. There seems to be some trouble again there. The Statesman says: "Chemawa has been in existence but a few years and four different superintendents have been in charge of the Indian school since its removal there from Forest Grove. Of this number three have been ousted from their positions before the expiration of their terms. In fact, the institution has been the scene of a petty broil ever since Mr. Coffin stepped down and out.

## NEWS OF THE STATE.

The Salvation Army people of Portland say that they are now furnishing 500 meals each day at their soup kitchen, besides affording relief to about twenty indigent families.

Stockmen in Grant county say the present winter is the best for stock in several years. It is also a good year for candidates, who are beginning to move vigorously, notwithstanding the Wilson bill depression.

Train No. 1 on the Union Pacific was stoned by unknown persons two miles east of Pendleton Saturday evening. Stones struck the side of the vestibule car. One stone, weighing several pounds, went through a dining car window. Fortunately no person was injured.

Some of the placer mine owners are giving more attention to quartz now than formerly in Grant county. Anderson, Miller and Silsbee are finding four gold in their ledge, and there is scarcely an ounce of rock in the four foot ledge but what assays immensely, although the gold does not protrude in big chunks before the ore is crushed. Experienced miners say that the fine gold is an indication of permanency.

A Chinaman named Lee Chung, nicknamed Charley, attempted an outrage Saturday evening on two Pendleton girls, aged 14 and 15. One is the daughter of W. D. Fletcher, manager of the telephone exchange, and the other is the daughter of Silas Hicks, a liveryman. The Chinaman was beaten off by the girls. He was arrested thirty minutes later by Officer Armstrong, and placed in the iron cell of the county jail. He was identified positively by the girls as the guilty man.
