Gentlemen: On arriving home last week, I found all well and anxiously awaiting. Our little girl, eight and one-half years old, who had wasted away to 38 pounds, is now well, strong and vigorous, and well fleshed up.

Battery Destroyed by the Rebels Has Been Restored--A New Canadian Canal Scheme.

MONTEVIDEO, Feb. 21.--All the vessels of the Brazilian government fleet, except the dynamite cruiser Nitheroy, have joined the insurgent squadron and sailed away from Rio harbor.

Rebels Suffer a Loss.

RIO DE JANEIRO, Feb. 21.--The Armaco batteries, destroyed by the rebels during the battle of February 9th, have been restored. The rebel force is now said to have been reduced to 500 men, and a number of these are more or less severely wounded.

The rebel cruiser Aquidaban left the bay at 4 o'clock this morning to join the rebel warship Republica, having on board, according to report, Admiral Mello. The Aquidaban got under way during the darkness, and at a speed of eight knots steamed through the channel toward the harbor entrance as if there were no such thing as torpedoes and submarine mines in existence.

When nearing the forts at the entrance to the bay the rebel ship was discovered and the garrison called to arms. A hot fire was soon directed upon her, but the Aquidaban steamed steadily ahead and succeeded in passing the forts, although she was struck several times.

The forts kept firing until she was out of range, but it is not believed any serious damage was inflicted upon her. When some distance off shore the Aquidaban met the Republica and both vessels steamed in a southerly direction. It is reported the rebel warships have gone to search for the Nitheroy, and the latter is not very far off.

Everybody Looks to Benham.

RIO JANEIRO, Feb. 21.--The merchant vessels at this port are suffering extremely for want of water, because of the refusal of the insurgents to allow a water-boat to go around the bay and supply such craft with fresh water.

The captain of the British merchantman J. A. Smith made application to the commander of a British man-of-war for assistance necessary to enable him to obtain a supply of water, and was contemptuously refused. The merchant skipper proposed applying to Admiral Benham for aid, whereupon the commander of the war vessel sneeringly answered that he might do as he liked.

The captain of the merchantman then appealed to Benham, who assigned Lieutenant Kilbourne to guard the water-boat under the American flag. Vessels of all nations are seeking protection of the United States flag. British sailors are openly cursing the English officials, who, they declare, are sacrificing commerce to Admiral de Gama.

The evidence of the existing feeling in this respect is given in the fact that at the principal landing yesterday the British flag was trampled in the dust by British sailors, whose officers expressed no word of disapproval of their act, which was accompanied by cheers for "Uncle Sam."

A New Canadian Canal.

TORONTO, Feb. 21.--A canal scheme to connect Georgian bay with Lake Ontario has passed the committee stages. It is now to go to the council for ratification. If successful the promoters promise to spend \$65,000,000 on it. Traffic going by way of the Erie canal will be diverted to Lake Ontario and through the St. Lawrence river to Europe. The route is 839 miles shorter than by the Lake Erie canal. The promoters expect to get all the Western traffic.

A Prominent Lady Arrested

Much attention at a Washington ball by her remarkable appearance of health. The glow of health and the charm of beauty need not depart from so many women, when a certain remedy exists in Dr. Pierce's Favorite Prescription for their functional and organic diseases.

It properly cures nausea, indigestion, bloating, weak back, nervous prostration, debility and sleeplessness. Strength is renewed, energy returns, and beauty again blooms. It is purely vegetable and perfectly harmless. Druggists have it.

Mrs. Emily Thorne, who resides at Toledo, Washington, says she has never been able to procure any medicine for rheumatism that relieves the pain so quickly and effectually as Chamberlain's Pain Balm and that she has also used it for lame back with great success. For sale by Blakeley & Houghton, druggists.

BLAND HAS A QUORUM.

Trying to get a Vote on the Seigniorage Bill.

WASHINGTON, Feb. 21.--Only seven members of the house were unaccounted for when the house assembled, and the indications are the deadlock will be broken before the end of the session.

After reading the journal the sergeant-at-arms reported all but seven of the members, aside from those excused on account of illness, on their way to the capitol, and deputies had been sent for those seven.

Bland finally, at 2 p. m., got a quorum on the motion for the previous question on his seigniorage bill. This victory for Bland was only secured after a tussle with Reed, who insisted the democratic absentees, actual and constructive, should be arrested, saying the republicans had been paraded under arrest yesterday, and he wanted to see the other side in the same fix.

The speaker directed the sergeant-at-arms to arrest members for whom he had warrants, even if found on the floor of the house.

Buried in the Snow.

VERDI, Nev., Feb. 21.--About noon yesterday five woodchoppers were caught in a snowslide in the mountains five miles from here. Nothing was known of it until 1 o'clock today, when a man passing the camp had his attention attracted by groans, and on investigation found a man named Ed Ede pinioned in the snow, where he had lain over 24 hours in a terrific wind and snow storm, his head caught between two timbers and pierced by a protruding nail.

He was conscious when taken out and hopes are entertained of his recovery. The names of the other unfortunates are: Tom Thrasher, M. S. Wheeler, Michael Warner and Leonard Nelson, all of Reno, Nev. They are supposed to be dead. A rescue party is now digging in the snow for their bodies. Two other wood choppers occupied a cabin 400 yards distant and had a narrow escape. They made an investigation. Great indignation is felt at their seemingly inhuman conduct.

Olney's Silver Certificate Decision.

WASHINGTON, Feb. 21.--In the senate, Allen of Nebraska presented a resolution which was adopted, directing the attorney-general to inform the senate whether he had, in his opinion to the secretary of the treasury, held that silver certificates were not legal money; if so, to transmit the opinion with all the correspondence to the senate.

NEWS NOTES.

Stockton's flood is subsiding. Last year's flood cost the city in the vicinity of \$10,000, which had to be expended for street repairs, and it is estimated that the damage wrought by the present overflow will not be far from that figure.

Rawlin's bill, granting land from Fort Douglas military reservation as a site for the university of Utah, and Geary's bill for a public road through Lime Point reservation, California, have been approved by the house committee on military affairs.

Jacob Kapar, employed in a Cincinnati carriage factory, while intoxicated threw a hammer at Frank Geiser, a boy employe. Geiser plunged a pair of shears into Kapar's left breast. The latter died with an oath on his lips. Geiser was arrested.

The hull of the Kearsarge, on Roncador reef, is breaking up, and there is little hope of saving her. One consolation is that none of the guns which did such effective work in the battle with the Alabama, off Cherbourg, were aboard the ship when she was cast on the reel.
